MEMORANDUM FOR MR. ROSEN

Re: Walter Yeagley
Applicant SA

Congressman Robert Grant of Indiana phoned me and stated the above personal friend of his, who is staying with him at his home, took the examination for Special Agent Saturday. He is a lawyer, 32 years of age, single, and has had seven years' experience. He was turned down for the service on account of his eyes. He will be elected tonight, according to the Congressman, to the position of President of the South Bend Bar Association.

The Congressman would very much appreciate it if he can be advised as soon as possible at Capitol Extension 1374 whether Yeagley successfully passed the examination.

Respectfully,

In accordance with my promise to Congressman Robert Grant of Indiana, I phoned him today and informed him an investigation would be conducted by the Bureau to determine whether the above applicant's qualifications were okay. I informed him there was a question as to whether his vision was sufficiently good. He inquired as to where the physical examination would be given and I informed him applicant would doubtlessly be requested to report to the Public Health Office in South Bend.

Congressman Grant stated he has known Mr. Yeagley for many years, Yeagley is a personal friend of his, and he wanted the Director to know that if he so desired the Agent could contact the Congressman personally and he wanted to give his personal rather than his official endorsement of this applicant.

Re: J. Walter Yeagley

JAN 17 1942

Dear Mr. Pennington:

Confirming our telephone conversation of this afternoon, I would like to take this opportunity to add my written recommendation to the pending application of Mr. Yeagley for employment with the Bureau.

It has been my pleasure to have known Walter for upwards of fifteen years, and without the least hesitation I can say to you that he comes from one of the finest families that we have in South Bend.

I am enclosing herewith a clipping from the South Bend Tribune, dated December 14, 1941, from which you will note that Walter is due to be elected President of the St. Joseph County Bar Association at its annual meeting next Monday night. This Association is made up of some 120 of the outstanding members of the Bar in the county of which South Bend is the county seat. I can assure you that the high esteem with which his fellow barristers hold him, as evidenced by this honor, is shared generally by the folks of his home community -- South Bend.

In these perilous days, I know that the work of the Federal Bureau of Investigation becomes increasingly important and that you do exercise unusual caution in investigating applicants. I know that in this, as in every case that comes to the attention of the Bureau, the representatives thereof will do that thing that is best for the Bureau and best for our country.

I am confident of the results of the examination that you will make with reference to Mr. Yeagley and it is for that reason, too, that I am pleased to add my testimony to his ability and his Americanism.

Sincerely yours,

Robert A. Grant

YEAGLEY IN LINE FOR BAR OFFICE

Attorneys Nominate
Obenchain and
Kropff.

Walter Yeagley will become the next president of the St. Joseph County Bar association at the annual meeting of the organization on Monday night, Dec. 22, if the association follows precedent by electing the choice of its nominating committee.

The committee also nominated Roland Obenchain for vice-president and George L. Kropff for reelection as secretary-treasurer. Two members of the board of governors will be named this year instead of one due to the absence of Jack Shively, who was summoned into army service as a reserve officer. The two nominated for the positions are Louis Clap-leau and James F. Thornburg. William A. Bertsch is the first member of the board and has two more years to serve.

Although the meeting will be a dinner meeting in the Bronzewood room, the complete program has not been arranged and details will be announced later.

1. GENERAL IMPRESSIONS OF APPLICANT:

I desire to recommend this applicant favorably because he presents a good appearance, is physically well built, is mature, and impresses me as being intelligent. He was a graduate of the Michigan Law School with the class of 1934, and has been practicing in South Bend, Indiana, with his father since that time. He is acquainted with Special Agent Hugo Winterrowd. Bureau working conditions were explained to him in detail, including comments concerning transfers, dangerous assignments, and the necessity for good hard work. I confronted this man with several hypothetical investigative situations and I was impressed. "He is a clear thinker and has an even steady grip on himself. His maturity would allow him to develop rapidly in the service, I feel." He registered for the draft with Local Board #4 of South Bend, Indiana, and was classified as 1-H on November 13, 1941, which is an over-age deferment. The only question about this man might be defective vision. He did not know what his eyes tested without his glasses. I recommend further consideration.

MEMORANDUM FOR MR. GLAVIN

RE: JOHN WALTER YEAGLEY

Applicant - Special Agent

Applicant called at this office on December 15, 1941, and submitted the attached list of references who are residing in Washington, D. C. He stated that he is temporarily situated here and would prefer to stay until he finds a permanent job and thought that perhaps furnishing the Bureau with local references might expedite his application.

He stated that the members of Congress which he has listed are old personal friends, that he hesitated to give them because of the impression it might leave with the Bureau that he was trying to use political pull.

He was advised to submit the list of local references regardless, and that they would be added to his file.

Major JOSEPH A. AVERY of the Judge Advocate General's Office, Munitions Building, stated that he has known the Applicant for a good many years and is well acquainted with him, as well as with his family background. Major AVERY stated that the Applicant's father is a well known practicing lawyer in South Bend, Indiana, of excellent standing in the community, and well known for his civic interests. Major AVERY states that the Applicant's

father is an excellent lawyer, having been retained in various important cases.

Concerning the Applicant, Major AVERY said that he possesses an excellent personality and is a good mixer, having a physical appearance which is also pleasing. Concerning his physical abilities, Major AVERY said that he did not think that the Applicant was particularly athletically inclined although he was well built and seemed physically fit. However, he stated that the Applicant did wear glasses, and his eyes may possibly be below standard. Major AVERY stated that the Applicant has very lately been elected as the president of the St. Joe (Indiana) County Bar Association, which is unusual because of his age.

Concerning the morals, character, and integrity of the Applicant, Major AVERY said that these were all of uniform excellence and continued that he knew of no other young lawyer to whom he would want to give as high a recommendation in this respect as YEAGLEY. Major AVERY pointed out that shortly after war was declared, the Applicant was possessed with the urge to find himself something to do for his country, and as a result, came to Washington with a desire to get a commission in either the Army or the Navy. He was unable to get a commission in the Army due to the fact that the Army is taking no legal talent at this time, and Major AVERY did not know definitely why Applicant was not able to get into the Navy.

THOMAS BATH, Secretary to Congressman ROBERT A. GRANT of Indiana, was interviewed in the House Office Building where he is employed. BATH stated that he had known the Applicant since their school days when they both attended the South Bend schools, where they were very good friends. BATH stated that the Applicant was popular in school, having friends among all types of students and being a good mixer and a friend to everybody, although he was from the "upper crust" of South Bend. BATH seemed especially warm on this point, as he described himself to have come from "the other side of the tracks," and had yet been a warm personal friend of the Applicant.

BATH continued that the Applicant's father is a prominent South Bend lawyer who possesses an excellent reputation. The family is considered very highly in South Bend, and they are well known for their civic-mindedness. He stated that the Applicant, as well as the family, are all noted for their high integrity and

morals; and he continued that the Applicant, although he might take a social drink once in awhile, was certainly not a man who would be found to have excesses in this matter. BATH stated that the Applicant has an excellent personality and is a very good mixer. As an example of this, he pointed to the fact that YEAGLEY has within the past few weeks been elected president of the St. Joe County Bar Association. BATH added that he is very young for such a position, but that he is popular enough with all the groups and well enough thought of by them to have achieved this honor.

As an interesting sidelight, BATH states that the Applicant showed the fact that he has the courage of his convictions because upon his election as president of the Bar Association, he openly stated when accepting the position that he had been elected because the younger members of the Association felt that certain changes were needed and that they proposed to have their chance to make them. BATH also pointed out the fact that the Applicant is politically active in the Republican circles of St. Joe County, although he has promised his father that he would never run for any office so long as the father is living. BATH states, however, that because of the personality and ability of the Applicant, he is already a force in the Republican politics of his county.

Regarding the appearance of Applicant, BATH stated that YEAGLEY is tall, although not particularly rugged. He is interested in most sports and indulges in quite a bit of golf and sailing. BATH stated that the Applicant wears glasses at all times.

Regarding the patriotism of Applicant, the reference said that this was certainly a strong point in his favor, as shortly after the outbreak of the war, YEAGLEY had come to Washington with the definite intent of finding some way in which he could serve his country in this emergency. He was unable to make connections with the Army or Navy, and at the advice of Congressman GRANT and other of his friends, had made an application to the Federal Bureau of Investigation. BATH continued that the Applicant and his whole family are of very patriotic leanings. BATH stated that he felt that this was a very good point in Applicant's favor due to the fact that he is over the immediate draft age of twenty-eight and because of his father's present ill health, it is doubtful whether he would be subject to the draft for quite some time to come. Mr. BATH did not know what organizations outside of the political affiliations the Applicant was connected with, although he may be a member of the Elks and probably was a fraternity man in school. Neither did Mr. BATH know what the Applicant's scholastic

aptitude was in University although he considers YEAGLEY to be intelligent and probably at least in the upper half of his class. In conclusion, Mr. BATH stated that Applicant, unlike so many other people at this time, had come to Washington saying that he was asking for advice as to how to help, rather than asking for help and political pull to get him something soft.

Mr. BATH stated that although Congressman GRANT had not been stated as a reference, he knew that Mr. GRANT would be very anxious to say a word in behalf of the Applicant.

Congressman ROBERT A. GRANT (Indiana) stated that the Applicant comes from a fine family, his father being a prominent South Bend lawyer. Concerning the Applicant personally, Congressman GRANT stated that he can give him the finest recommendation concerning character, morals, integrity, and patriotism. GRANT continued that the Applicant was most anxious to find some way to be of service during the war and that he personally had advised YEAGLEY that he could be of such service by joining the Federal Bureau of Investigation. Mr. GRANT explained that during the two weeks that YEAGLEY was in town, he had resided with Congressman GRANT at 3903 Pennsylvania Avenue, S. E.

It was noted in the reference letter that this address was given for the Applicant, and no neighbors were found who knew YEAGLEY in this vicinity. This is of course explained by the fact that he was visiting with Congressman GRANT.

Mr. HOWARD C. PETERSEN, Special Assistant to the Under Secretary of War, stated that he had known the Applicant during the time the two of them attended the University of Michigan Law School. PETERSEN described Applicant as personable and intelligent. He did not believe the Applicant received any scholastic honors in Michigan, but he considered him probably to be in the upper half of his class and well liked by his fellow lawyers in the Michigan Law School. PETERSEN said that he knows definitely the Applicant comes from a good family, as the Applicant's father is an outstanding lawyer in northern Indiana. December 31, 1941.

Federal Bureau of Investigation,
U. S. Department of Justice,
Washington, D. C.

Gentlemen;-

On December 12, 1941, I filed an application for a position as a Special Agent with your office in Washington but did not at that time have the proper information concerning the place of birth of my two brothers-in-law which facts are submitted herewith:

Ernest Bergan was born in the town of Panuco, State of Vera Cruz, Mexico. His parents Jerome J. and Anna M. Bergan were both citizens of the United States, but at that time resided in Tampico, Mexico. After 1907 they resided in Northampton, Massachusetts where the father died about 1909, but most of the family continued to live there for many years and they still own their house although all of them have since moved, the mother and daughter residing again in Tampico.

Russell Oberlin, my other brother-in-law, was born in St. Louis, Mo. in 1905 and resided in South Bend from 1907 to 1936. His parents still live in this city at 1415 Chalfant St.

Trusting that this information is satisfactory,
I am,

Sincerely yours,

Walter Yeagley

P.S. - Mr. Bergan's citizenship is also evidenced by passport #160619 dated Feb. 9, 1920 and a letter from the Dept. of State dated Oct 29, 1936, file 130.

Dear Mr. Laughlin:

Re: Mr. J. Walter Yeagley, Atty.

South Bend, Indiana

I am writing to confirm our telephone conversation of this morning, in which I informed you that your letter from the Bureau of January 22, directed to Mr. Yeagley and asking him to appear in Room 5256 next Monday morning, January 26, had been delivered to my residence here in Washington.

Mr. Yeagley stopped at our home during his visit here in Washington in December; however, he is now back in South Bend.

Following receipt of this letter, I called Mr. Yeagley by long distance telephone and he expressed a wish that he might have a short additional time to wind up his affairs in his law office, and to pass on to his subordinates some Civil Defense work in which he, as the President of the St. Joseph County Bar Association, is presently engaged. It was very considerate of you to advise Mr. Yeagley that he might delay his time of reporting until Monday, February 2, and that you would write him to that effect.

Thanks for your kindness in this matter.

Sincerely yours,

Robert A. Grant

Dear Mr. Yeagley:

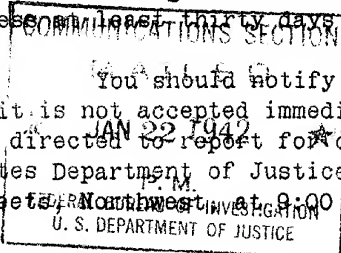

You are hereby offered an appointment as a Special Agent in the Federal Bureau of Investigation, United States Department of Justice, in grade CAF 9, with salary at the rate of \$3200 per annum. You will also be allowed your expenses of travel and operation in accordance with existing regulations, and \$5.00 a day in lieu of subsistence when absent from official headquarters, which are fixed at Washington, D. C., effective upon your entry on duty, to which point you should proceed at your own expense in order to assume your official duties.

This appointment is of a probationary character solely, and it is to be understood that it will be necessary for you to demonstrate fully your fitness for continued employment in the Federal Bureau of Investigation. It is also understood that you are to proceed on orders to any part of the country that the exigencies of the service may require. You should therefore arrange your personal matters before taking oath of office that you will be able to accept assignment to any part of the country where your services may be needed.

It will be necessary for you to undergo a rigid physical examination immediately upon your reporting to Washington for duty. In the event the physical examination reflects that you are not capable of performing strenuous duties, or that your color vision or vision is not normal, or that you have any defect which might interfere with your use of firearms, this appointment will be cancelled. For your further information the Federal Bureau of Investigation reserves the right to refuse acceptance of any resignation of a Special Agent unless at least thirty days notice of intention to resign is given.

You should notify this office at once if this appointment is accepted. If it is not accepted immediately it will be cancelled. Should you accept, you are directed to report for oath of office and assignment to Room 5256 United States Department of Justice Building, Pennsylvania Avenue between 9th and 10th Streets, Northwest, at 9:00 A. The writer's acquaintance with the applicant has been solely of a social nature during the past four or five years. To the best of the writer's knowledge, having been absent from South Bend for one and one-half years, the applicant has enjoyed the reputation of being a clean-cut, honorable, and personable young man from a good American family.

The applicant has been a practicing attorney in South Bend, Indiana, since his graduation from law school. The writer is not cognizant of the applicant's ability as an attorney; however, in his conversation the applicant gives the impression of being an intelligent and sober young man.

It is to be noted at this time that during the second week of December, 1941, the applicant visited the writer in Washington, D. C. desiring to discuss an interview he was to have with a Bureau official in connection with his application for employment as a Special Agent. At that time he stated that he had also contacted ONI concerning employment although he did not advise of the outcome of his interview. The applicant also inquired at that time about the physical requirements of the Bureau showing some concern as to his eyesight although he advised the writer he believed them to be almost normal.

The applicant advised that his Selective Service classification was I-H and that he had not received a physical examination of the Selective Service system. It may be noted that he appears to be enjoying good health.

In view of the limited acquaintance with the applicant, the writer hesitates to recommend him; however, the applicant's pleasing and intelligent personality leaves a good impression.

Respectfully,

E. H. Winterroud

THE FBI PLEDGE FOR LAW ENFORCEMENT OFFICERS

Humbly recognizing the responsibilities entrusted to me, I do vow that I shall always consider the high calling of law enforcement to be an honorable profession, the duties of which are recognized by me as both an art and a science. I recognize fully my responsibilities to defend the right, to protect the weak, to aid the distressed, and to uphold the law in public duty and in private living. I accept the obligation in connection with my assignments to report facts and to testify without bias or display of emotion, and to consider the information, coming to my knowledge by virtue of my position as a sacred trust, to be used solely for official purposes. To the responsibilities entrusted to me of seeking to prevent crime, of finding the facts of law violations and of apprehending fugitives and criminals, I shall give my loyal and faithful attention and shall always be equally alert in striving to acquit the innocent and to convict the guilty. In the performance of my duties and assignments, I shall not engage in unlawful and unethical practices but shall perform the functions of my office without fear, without favor, and without prejudice. At no time shall I disclose to an unauthorized person any fact, testimony, or information in any pending matter coming to my official knowledge which may be calculated to prejudice the minds of existing or prospective judicial bodies either to favor or to disfavor any person or issue. While occupying the status of a law enforcement officer or at any other time subsequent thereto, I shall not seek to benefit personally because of my knowledge of any confidential matter which has come to my attention. I am aware of the serious responsibilities of my office and in the performance of my duties I shall, as a minister, seek to supply comfort, advice and aid to those who may be in need of such benefits; as a soldier, I shall wage vigorous warfare against the enemies of my country, of its laws, and of its principles; and as a physician, I shall seek to eliminate the criminal parasite which preys upon our social order and to strengthen the lawful processes of our body politic. I shall strive to be both a teacher and a pupil in the art and science of law enforcement. As a lawyer, I shall acquire due knowledge of the laws of my domain and seek to preserve and maintain the majesty and dignity of the law; as a scientist, it will be my endeavor to learn all pertinent truth about accusations and complaints which come to my lawful knowledge; as an artist, I shall seek to use my skill for the purpose of making each assignment a masterpiece; as a neighbor, I shall bear an attitude of true friendship and courteous respect to all citizens; and as an officer, I shall always be loyal to my duty, my organization, and my country. I will support and defend the Constitution of the United States against all enemies, foreign and domestic; I will bear true faith and allegiance to the same, and will constantly strive to cooperate with and promote cooperation between all regularly constituted law enforcement agencies and officers in the performance of duties of mutual interest and obligation.

The aim of the Executive order of September 4, 1924, under which this examination is made, is to obtain information as to the physical condition of appointees to the classified civil service with a view to promoting efficiency and minimizing accidents and claims under United States employees' compensation laws.

Notes for Examining Physician

WEIGHT.—Males, without clothing, and also in ordinary clothing without overcoat or hat (weigh twice); females, clothed, but without wrap or hat. If overweight, state whether due to bone and muscle or to fat.

HEIGHT.—Without boots or shoes; observe that no appliances are used to increase.

The examination should include the following observations:

1. **Eyes.**—Ptosis; discharge; corneal scar; pterygium. In recording distant vision consider 20 feet as normal and report all vision as a fraction with 20 feet as numerator and the smallest type read at 20 feet as denominator. If glasses are used, record for each eye the finding with and without glasses. Near vision must be reported. In testing vision without glasses the applicant or appointee should be instructed to remove the glasses at least one-half hour before testing uncorrected vision.

2. **Ears.**—Evidence of middle ear or mastoid disease; condition of drums; discharge. In recording hearing, record 20 feet as normal distance for conversational voice and record deviation from normal as fraction with 20 as denominator and actual distance as numerator.

3. **Nose.**—Ability to blow through each nostril. If free, a speculum examination would not be indicated.

4. **Mouth and throat.**—Missing teeth, pyorrhea; tonsils, hypertrophy or disease.

5. **Gastro-intestinal.**—Ulcers, inflammations, etc.

6. **Thyroid.**—Presence of tumor in neck and tremor, exophthalmos; nervous high-strung disposition, especially in women.

7. **Heart.**—Murmurs. State whether functional or organic. If valvular disease exists, state whether or not it is fully compensated. Arteriosclerosis.

8. **Lungs.**—It is necessary that the auscultatory cough be used. If tuberculosis is present, state whether active or arrested; if arrested, state your opinion as to how long it has been quiescent. Sputum to be examined for tubercle bacilli in all suspected cases.

9. **Hernia.**—Give details as to size, location, etc., and whether well-fitting truss is worn. Inguinal hernia exists when ring is enlarged and on coughing visceral impulse is felt which follows the finger on withdrawal.

10. **Varicocele.**—If varicocele is present, state approximate size—e. g., size of walnut, lemon, etc.

11. **Flat foot** of such a nature as to incapacitate or become aggravated by work or be alleged later to have been caused by accident or occupation. By "flat foot," as used in this form, is meant a *weak* foot with impaired function, the term being equivalent to "fallen or misplaced arch," an abnormal condition. Impairment of function is the point to be noted. An anatomically flat foot, but strong, is not disqualifying.

12 and 13. Scars, deformities, atrophies, and paralyses should be noted, but it is not important that small insignificant scars or blemishes which might be referred to as marks of identification be recorded.

14. This entry should include symptoms and full history of any mental or nervous abnormality.

15. Urinalysis to be made in case of persons over 40, and in all cases where arteriosclerosis, nephritis, or diabetes is suspected.

Record of urinalysis, if made: Sp. gr. 1.015 Albumen neg. Sugar neg. Casts neg.

The Federal Bureau of Investigation is primarily a service agency. We serve our Government and the public. We cannot determine the amount of work which is going to be referred to us. If there is a crime wave of local or national significance at any time the work of the Bureau is increased in comparison. Our identification, laboratory, and crime statistics facilities reflect very definitely the trends in the country. We must have available personnel to properly handle the thousands of fingerprint records being received by us daily. We are at the present time receiving approximately thirty-four thousand sets of prints daily. We must have a scientific staff in the laboratory to examine scientific evidence. We must have an investigative force of sufficient size to handle the work being referred to us. We must have a technical and supervisory staff of sufficient size to render the service to our investigative, identification, laboratory, and statistical staffs so that we may have the benefit of the wealth of information in our various files. The work of the Federal Bureau of Investigation has increased so tremendously that every employee in the Bureau, regardless of his position, is performing a tremendous amount of overtime service. Our Special Agent investigators are performing no less than four hours a day overtime service. In the present emergency we have found it necessary to curtail leave because of inadequate personnel and many of our men have worked over long periods of time without having any time off for vacation.

D. 1.

The additional duties imposed upon the Bureau since the declaration of the national emergency have made it necessary that our staff be more than doubled. From the information furnished under sub-heading B, it will be seen that it is essential to carefully investigate every employee in the Bureau. All of our employees in the performance of their work at one time or the other has opportunity to observe and note the content of confidential investigative reports, the publication of which would be most detrimental to the national safety. We have had considerable difficulty in securing sufficient employees. We find that out of applicants who file application, we are successful in appointing about one out of every one hundred. It, therefore, means that if we lose an employee after he is fully investigated and is being given training or has been experienced, we must again consider on an average, one hundred persons before he can be replaced. In the accelerated program of the Government it is essential that the Federal Bureau of Investigation work at top speed to keep abreast of its duties and investigation of matters pertaining to national defense, its regular activities, and its most important and essential identification activities at this time.

D. 5.

At the present time the Federal Bureau of Investigation is employing additional qualified persons as rapidly as they can be found. The assembled Congress has in the past several months passed several bills which will increase even to a greater extent our present volume of work. The needs of the service as to employees fluctuate with the periods of stress in the country.

D. 6. a.

Special Agents of the Federal Bureau of Investigation are given twelve weeks of training which embraces five hundred and thirty-five hours of study. During that period of time they are trained not only in investigative techniques and procedures but are qualified in the handling of firearms, mechanical devices, and technical devices in use by the Bureau. After entering the field service after training, their skill, of course, increases with their length of service in the field.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Subscribed and sworn to before me this 10th day of February, 19 42

B. 2.

The Federal Bureau of Investigation has been designated as the sole civilian Government investigative agency, having jurisdiction over the investigation of matters pertaining to the national defense, that is, espionage, sabotage, registration of agents of foreign principals and the like. Further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, the National Motor Vehicle Theft Act, and numerous others. The Federal Bureau of Investigation has also been designated by Congress as the agency officially responsible for the tabulation and dissemination of police statistics for the entire country. Under an Act of Congress these statistics are gathered and are distributed to thousands of interested police and affiliated agencies each quarter so that trends of crime, crime records, and crime control can be known to those to whom it is of most interest. Further than this, the Federal Bureau of Investigation has been designated as the agency having jurisdiction over the classification and maintenance of fingerprint records, not only on a national basis, but on an international basis. We have some thirty-one million sets of fingerprints on hand today. We are receiving the fingerprint records of all persons enlisted or being inducted into the Army and enlisted in other military services. Thousands of persons in public utility positions are fingerprinted and the prints are retained in our files. Those working in national defense industries on many occasions are fingerprinted, their prints being included in our files. Our Government employees' prints are included. We are receiving thousands of criminal fingerprints from all police agencies in the country daily and it is essential that we immediately be able to notify the arresting agency of the criminal record of the individual because he may be wanted for more serious crimes in other sections of the country and if he is to be released on a mere vagrancy or other charge, he may be set free to continue his depredations on society. This Bureau, together with many other foreign countries, participates in the international exchange of fingerprints. Hundreds of international crooks are brought to task yearly through the media of this service we have rendered.

Our Criminology Laboratory handles the scientific examination of evidence in cases investigated by the Federal and local law enforcement agencies. A great deal of their work is done in the examination of suspected sabotage cases at the present time. The scientists in that Laboratory have lectured throughout the country on bombs and explosives so that local police agencies may be adequately prepared to handle any such matters which might arise under their jurisdiction.

There are contained in our Files Section the files of hundreds of thousands of individuals whose activities are of the greatest importance to the country today. The work of the Files Section and the records of that section which have to do not only with the investigation of kidnaping, extortion, bank robbery, and like cases but also the investigation of our espionage, sabotage, foreign agent cases, and others, are of course accessible to employees working in that unit. It is most essential that only the most trusted employees be so assigned.

B. 5.

The work of the Federal Bureau of Investigation is of the utmost importance in the national defense. It is essential that thoroughly qualified personnel of the highest integrity and background be secured for every position in the Bureau. Our work is the guarding of the internal security of the country, not only in national defense matters, but in the control of those criminals who previously had terrorized the country in waves of bank robbery, kidnaping, extortion, white slavery, automobile theft, and numerous other crimes. There is no doubt whatsoever in the minds of law enforcement officials that should any group be permitted to have the assurance that their activities were being minimized during the present national emergency, we would have a tremendous country-wide wave of crime in that particular category in a very short period of time. It is, therefore, essential that from a national defense standpoint and from a public security standpoint the Bureau maintain its qualified staff at an absolute maximum in order to continue to have control of the criminal element under its jurisdiction.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

45 DAY EFFICIENCY REPORT

This agent presents a neat and refined appearance, has an even disposition and acts in a mature manner, and seems to be more confident than the average new agent. He handles a good volume of work with limited supervision and correction. He drives an automobile in a satisfactory way, has the manner and bearing which would make it possible for him to testify in a creditable manner, has the poise and temperament suited for assignment to the more dangerous type of case.

He is showing progress in the use of firearms and appears to be interested and anxious to develop as an agent. I believe that he has better than average possibilities.

Local Board Number 4
Selective Service System
I. O. O. F. Building
South Bend, Indiana

Gentlemen:

Reference is made to the Selective Service status of Mr. J. Walter Yeagley who is duly registered at your Board as Order Number 1976. You will recall that under date of February 10, 1942, D.S.S. Form 42-A was furnished to your Board requesting that he be granted occupational deferment, and as a result thereof, he was placed in Class II-B until August 24, 1942.

Mr. Yeagley is still employed by the Federal Bureau of Investigation, and it has been impossible during the deferment period to effect any replacement for him. As you have been previously advised, he has been employed in this Bureau since February 2, 1942, and is a trained Special Agent. I desire to call your attention to Local Board Release Number 75, issued by General Hershey of National Selective Service Headquarters under date of December 29, 1941, advising your Board that the above listed position is one of the critical positions in this Bureau and requesting your cooperation in granting deferment whenever possible to do so. His removal for induction at this time would cause an impairment of the work we are now performing in order to guarantee the internal security of this country. I desire, therefore, to request that Mr. Yeagley be granted additional deferment in Class II-B.

Mr. Tolson _____ I appreciate your previous cooperation in this matter, and

Re: SA J. WALTER YEAGLEY

This is a 45-day special efficiency report submitted on Special Agent J. Walter Yeagley, who reported to the Milwaukee Field Division for assignment on August 30, 1942.

Special Agent Yeagley presents a good personal appearance and has a good personality. He is business-like in his approach, serious-minded, and makes a good impression on those whom he contacts. He appears to be definitely interested in the Bureau's work, enthusiastic and industrious in the handling of his assignments, and capable of independent thought. His investigations have been thorough and his reports well written. He analyzes his cases and exercises good judgment. In my opinion, he is capable of handling any type of an investigation, and is dependable.

Agent Yeagley has qualified in the use of firearms, presents no personnel problem whatsoever, and has voluntarily performed a satisfactory amount of overtime. His status is very satisfactory.

Re: J. WALTER YEAGLEY, SPECIAL AGENT
SPECIAL EFFICIENCY REPORT, 8-29-42

Since my report of June 7, 1942 this agent has continued to show better than average progress. The comments made then are applicable at the present time. During the past several months this agent has been assigned to the alien enemy registration program in this office which he handled in a most capable manner. In his investigative work and in his report writing he showed better than average progress and required but limited supervision and correction. He is a willing worker, handles good volume of work and has a good team spirit.

I consider this agent as having better than average possibilities.

Present grade and salary	CAF-9 \$3200
Last salary change	
Accounting course	Not enrolled.
Marksmanship	Expert.
Qualified in all firearms:	Yes.
Failed to qualify with:	None.

REMARKS

At the conclusion of his training period, Mr. Clegg said he was above average, made a good appearance, needed to develop a possibly more friendly personality, and should develop into an above average agent.

On 4-25-42 he was assigned to Baltimore. On 6-7-42 SAC Soucy rated him as GOOD and said he had an even disposition and was mature, seemed to be more confident than the average new Agent, handled a good volume of work with limited supervision and correction, was showing progress in the use of firearms, appeared anxious to develop, and it was believed he had better than average possibilities.

On 8-29-42 SAC Soucy rated him as GOOD and said he had continued to show better than average progress, his investigative work and report writing had shown better than average progress and had required but limited supervision and correction, he was a willing worker, handled a good volume of work, and had better than average possibilities. On 8-30-42 he was transferred to Milwaukee.

On 10-27-42 SAC O'Connor rated him as GOOD and said he was business-like, serious-minded, made a good impression on those whom he contacted, was capable of independent thought, his investigations were thorough, his reports well written, had exercised good judgment, was capable of handling any type of investigation, was dependable, was qualified in the use of firearms, had voluntarily performed a satisfactory amount of overtime, and his status was very satisfactory.

The Federal Bureau of Investigation has been designated as the sole civilian government investigative agency having jurisdiction over the investigation of matters pertaining to national defense such as espionage, sabotage, registration of agents of foreign principals, sedition, treason, and the like, and further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, National Motor Vehicle Theft Act, and numerous others. This Bureau has also been designated by Congress as the agency officially responsible for the tabulation and dissemination of police statistics for the entire country. Under an act of Congress these statistics are gathered and are distributed to thousands of interested police and affiliated agencies every six months so that trends in crime, crime records, and crime control can be known to those to whom it is of most interest. Further than this, the Federal Bureau of Investigation has been designated as the agency having jurisdiction over the classification and maintenance of fingerprint records not only on a national basis but on an international basis. The greatest depository of fingerprint records in the world is maintained by the Federal Bureau of Investigation in Washington, D. C. We have over sixty million sets of fingerprints on hand today and are receiving fingerprint records at a rate of approximately 115,000 each day. The military and naval authorities have issued orders that all employees of manufacturing plants operating under contracts with the War Department or Navy Department must be fingerprinted and their fingerprints sent to the Federal Bureau of Investigation for search against our existing files. Obviously the purpose of such an order is to ascertain the criminal background, if any, of persons who are occupying positions where they have access to confidential information and to eliminate from such positions those persons whose records indicate that their interests are not those of our government.

We are also receiving fingerprint records of all persons enlisting or being inducted into the army and other military and naval services. All employees of the Federal government are fingerprinted and their fingerprints searched through our files for prior criminal records, again for the purpose of guarding against the employment of persons in the Federal government whose backgrounds indicate that they might not function to the best interests of our government. We are receiving thousands of criminal fingerprints from all police agencies throughout the country and it is essential that these fingerprints be handled promptly and the contributing agency advised of any prior record so that justice may be intelligently administered. By means of this procedure the Federal Bureau of Investigation is able to identify thousands of fugitives from justice each year who otherwise might not be identified by local police agencies who do not have the benefit of prior criminal records as reflected on fingerprint cards which were made at the time of some previous arrest. Many such persons are wanted for a previous criminal act by some other law enforcement agency and are presently attempting to disguise their true identity through assuming a fictitious name. This ruse on their part is penetrated through the science of fingerprinting and the Federal Bureau of Investigation is enabled to advise the interested local law enforcement agency of the true identity of the individual and he can be held for appropriate prosecutive action, whereas if not identified, he quite possibly would have been released to continue his depredations against society.

Our criminological laboratory handles the scientific examination of evidence in cases investigated by the Federal and local law enforcement agencies. A very high percentage of the work presently being performed by the Technical Laboratory is in connection with the national war effort. Evidence collected in suspected sabotage cases is examined by the scientists in our laboratory who are qualified to handle examinations of almost any technical nature. The personnel in the Technical

Laboratory have been trained through education and experience to handle such subjects as analytical chemistry, qualitative and quantitative analysis, ballistics tests, microanalysis examinations, spectrographic examinations, cryptograph and cryptanalysis work, and many other highly technical examinations.

The Files Section of the Federal Bureau of Investigation contains files on hundreds of thousands of individuals whose activities are of the greatest importance to the country today. It is highly important that we maintain in the Files Section a nucleus of experienced personnel so that the information contained therein can be made readily available to the supervisory personnel of this Bureau and also be made available to other governmental agencies such as the State Department, Military Intelligence Division, Office of Naval Intelligence, and the Immigration and Naturalization service. It is most essential that only the most trusted employees be assigned to this work because of the highly confidential material that is contained in our files.

All of the functions of the Federal Bureau of Investigation are so closely inter-related that it is essential that qualified and experienced personnel be available not only to perform their own work but to train new employees. The Congress of the United States has passed several bills within the past year approving an increase in the personnel. When it is considered that the work of this Bureau is highly confidential it can be appreciated that the selection of personnel must be made with great care. It has been our experience that only one employee is obtained from every one hundred persons who have applied. It is necessary that each employee be investigated thoroughly so that there will be no possibility of having a person in our service who is not loyal to the United States. We have found that it is extremely difficult to secure qualified persons for almost any of the positions that are available. At the present time we have approximately 1,500 employees less than the number that has been authorized by Congress. Every effort is being made to obtain these additional employees as they are badly needed in order for us to properly carry on the work that has been assigned to us. We are endeavoring to obtain these additional persons without interfering in any way with the administration of the Selective Training and Service Act. In all positions where possible we are utilizing the services of female employees. With the exception of Special Agents' and Laboratory Scientists' positions, no appointment of male employees who may be eligible for military service are being made. It is absolutely necessary, however, that our experienced personnel be maintained so that the new personnel can be adequately supervised and trained.

All employees of the Federal Bureau of Investigation have been working at top speed to keep abreast of our duties. The regular work week has been extended to 48 hours, and it has been our experience in the past that an additional amount of overtime will be voluntarily performed by the employees of this Bureau in an effort to properly and expeditiously handle the tremendous volume of important work being referred to us in connection with the war effort. Obviously very little consideration can be given to replacing an experienced employee until such time as we are able to build up our present staff to the number authorized and needed.

Special Agents of the Federal Bureau of Investigation are given twelve weeks of training which embraces 535 hours of study. During that period of time they are trained not only in investigative techniques and procedures, but are qualified in the handling of firearms, mechanical devices, and technical devices in use by the Bureau. After entering the Field service which follows their training period, their skill, of course, increases with their length of service in the Field. It would

obviously, therefore, be impossible to adequately replace an experienced Special Agent until the replacement had been in the service an equal length of time.

The science of the classification of fingerprints is one of the most exacting in the world today. Employees in law enforcement organizations handling fingerprint activities are of a profession which demands the utmost skill and honesty in the practice of that profession. In the Federal Bureau of Investigation we train Fingerprint Technicians through classroom and practical study for a period of approximately six months. At the end of that time those employees are qualified to examine sets of fingerprints and to identify like sets. This science cannot be taught overnight and the loss of a fingerprint man at any stage of his training or employment is a severe blow to the Federal Bureau of Investigation at this time when we are receiving thousands of sets of prints from all of the coordinated activities of the Government and from local law enforcement agencies.

The Laboratory Scientists of the Federal Bureau of Investigation, all graduate scientists, are thoroughly schooled in the science of criminology and today are performing duties pertaining to the successful war effort one hundred percent of their time. Their training in this field, embracing all sciences of laboratory examination which includes cryptography, chemistry, ballistics, geology, serology, and many others, has been invaluable in the solving of espionage, sabotage, and other subversive activities. It is essential that these scientists many times perform their scientific work in the field under such conditions that they could not be replaced with employees not possessing their physical attributes.

Bureau employees in positions aforementioned and for whom deferments are requested possess technical and scientific skills which renders them irreplaceable to the Federal Bureau of Investigation at this time.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

RE: J. WALTER TEAGLEY
Special Agent
SELECTIVE SERVICE STATUS

Dear Sir:

In accordance with existing Bureau instruction, Special Agent JOHN J. O'BRIEN of this office visited the above mentioned Special Agent's local board, which is located in the I. O. O. F. B Building, South Bend, Indiana.

Miss VELMA MINOR, Chief Clerk of Local Board #4, was advised at this time of the work of the Bureau, the technical skill involved in the completion of this work, and the impossibility of easily replacing a Special Agent were he to be reclassified and drafted. Miss MINOR readily admitted that these facts just mentioned were true, and for that reason said that the policy of the board had been in the past to grant deferments to men, whose efforts contributed so much to the war effort.

Miss MINOR was of the opinion that there was no reason to expect this policy of the local board to change, and in closing informed Agent O'BRIEN that she had every reason to believe that the above captioned Special Agent would be granted additional deferment in Class II-B.

Very truly yours,

COMMENTS BY SAC O'CONNOR:

This Agent presents a good, business-like appearance and impresses well as a Bureau representative. He conducts thorough investigations, uses good judgment, and submits his reports in good form. His work has required a minimum amount of supervision. His investigations for the greater part are toward denaturalization proceedings. He is conscientious and industrious in the handling of these assignments, and should develop into a better than average Agent, with additional experience. I know of no special talents. Rating - Good.

Re: PERMITS TO LEAVE THE COUNTRY

Dear Sir:

You are requested to secure permits to leave the country, executed in blank, for the following-named Special Agents from their respective local Selective Service boards with which each of these Special Agents is registered:

John W. Yeagley, Order #1976, Local Board #4, South Bend, Indiana;
George C. Kowalczyk, Order #588, Local Board #2, Fort Wayne, Indiana.

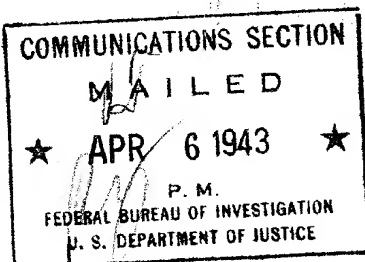

For your information, the Bureau desires to place these Agents on confidential assignment outside of the continental United States. Your attention is called to the fact that it is necessary that these permits be issued in blank; that is, the destination or country to be visited and the name of the employer should not be shown on the permit. You can also advise the local boards that it will be possible to get in touch with these employees through the Bureau. If a letter is requested by a local board for their files, you should inform them that you will request that a letter be sent and we will send it. However, many local boards do not request that a letter be in their files, and we do not send such a letter unless it is specifically requested by a local board.

Re: J. WALTER YEAGLEY

EOD 2-2-42

This is an annual efficiency rating submitted on Special Agent J. Walter Yeagley, who has been assigned to the Milwaukee Field Division since August 30, 1942.

Special Agent Yeagley presents a good personal appearance and has a good personality. He is businesslike in his approach; is serious minded; and makes a good impression. He is genuinely interested in the work, industrious, and is capable of independent thought. He analyzes his investigations and exercises good judgment. He is capable of handling practically any type of investigation and is considered dependable. Agent Yeagley presents no personnel problem whatsoever, being strictly amenable to discipline and very cooperative.

Agent Yeagley is rated above average in dictation; operates Bureau automobiles satisfactorily; and is qualified to testify in Federal Court. He has qualified in the use of firearms and I believe he is suitable for dangerous assignments. He has had limited experience in physical surveillances and operated well. He can type after a fashion and cannot take shorthand.

Reports submitted by this Agent are well organized and well written, reflecting a thorough understanding of the Bureau's manuals and thorough investigative attention. They have required a minimum amount of supervision. Agent Yeagley's contacts with law enforcement officials and businessmen in this area have been above average. His organization and initiation of investigations has likewise been above average.

Special Agent Yeagley has handled the following types of national defense investigations: Internal Security and Selective Service.

I believe that this Agent is capable of handling work of a supervisory nature. He has not been assigned to any technical surveillance.

Agent Yeagley has performed an average of 3 hours and 12 minutes per day overtime. The office average was 3 hours and 35 minutes.

Special Agent Yeagley is married and his wife is expecting a child, nevertheless, he is very much interested in a SIS assignment and in my opinion is qualified for the same.

I believe he is entitled to a rating of very good.

Re: Special Agent J. Walter Yeagley
Selective Service Status
Bureau letter dated February 19, 1943

Dear Sir:

In accordance with the above captioned matter, Special Agent JOHN J. O'BRIEN of the Indianapolis Field Division was instructed to contact Selective Service Board #4, South Bend, Indiana.

Sr. MARCUS GILLMAN, member of Board #4, advised that the Board was in receipt of D.S.S. Form 42-A (Revised), which had been executed by the Director under date of February 17, 1943. He stated that the Board had no hesitancy about granting the above mentioned Special Agent the requested occupational deferment and would undoubtedly do this. They had, however, forwarded this Form 42-A to state Selective Service Headquarters in an effort to ascertain if this form required additional approval, other than that of the Director, himself. Dr. GILLMAN made it quite clear that the Board's reason for this was merely to make certain state Selective Service Headquarters would not criticize them for accepting this form, and granting deferment on the basis of it.

At the conclusion of the interview, he advised that the Director was being advised of this before mentioned action the Board had taken.

SPECIAL AGENTS

This position has been designated as a key position by the Review Committee of the War Manpower Commission.

The Federal Bureau of Investigation has been designated as the sole civilian government investigative agency having jurisdiction over the investigation of matters pertaining to national defense such as espionage, sabotage, registration of agents of foreign principals, sedition, treason, and the like, and further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, National Motor Vehicle Theft Act, and numerous others. The investigative work in connection with the above violations is performed by the Special Agent personnel of this Bureau, who are recruited from applicants between the ages of twenty-three and forty. They must be graduates of a law school or an accounting school with the necessary accounting experience, or graduates of a university with extensive investigative experience, or with linguistic qualifications, or have basic educational training and possess satisfactory prior law enforcement experience which will enable them to satisfactorily perform the duties imposed upon them. For certain of the scientific investigative work, Special Agents are secured who primarily are qualified in the sciences, such as ballistics, chemical analysis, spectography, cryptography, mineralogy, metallography, toxicology, and other like sciences. Applicants for appointment to the position of Special Agent must meet the physical standards and requirements for this position, which are exceedingly high. They must have vision of no less than 20/40 in one eye, 20/50 uncorrected, both eyes to be corrected to 20/20. They must have no color deficiency whatever.

Special Agents of the Federal Bureau of Investigation undergo a rigorous training program. All newly appointed Special Agents in the Federal Bureau of Investigation attend training classes for a period of sixteen weeks; the hours of training are from 9:00 a.m. to 9:00 p.m. daily, which course of study is equivalent to two full years of college study. During this period of training, they are thoroughly instructed in the basic rules and regulations and jurisdictions of the Federal Bureau of Investigation. They must satisfactorily pass numerous written examinations during their period of training. If a trainee fails to pass any of these examinations, he is dropped from the school.

The duties of a Special Agent of the Federal Bureau of Investigation are most arduous. They must be available at a moment's notice to go to any part of the United States or to any assignment outside the United States. The hours of duty for these employees are such that they must be in excellent physical health. The average work week for a Special Agent of the Federal Bureau of Investigation is no less than seventy hours. The work of a Special Agent, regardless of his particular qualification, is such that he cannot lead a sedentary or well regulated life. Due to the small number of Special Agents of the Federal Bureau of Investigation presently handling the work under the jurisdiction of the Federal Bureau of Investigation within and without the continental United States, it is necessary that the entire staff be highly mobile.

Special Agents are required to be able to conduct investigations in more than 100 types of cases, including espionage, sabotage, subversive activities, frauds against the government, kidnaping, extortion, bank robbery, White Slave

Traffic Act, etc. They are trained in and required to maintain constant skill in the use of highly technical equipment, technical processes, such as those necessary for the development of latent fingerprints, concealed or obliterated numbers upon firearms, to understand the use of code messages, to conduct physical surveillances of subjects of espionage and similar cases, sometimes for periods of many months, and when necessary, to assume a necessary character to enable them to fit in an undercover capacity into the activities and operations of groups such as foreign agents, who are engaged in thwarting the war effort.

The arduousness and importance of the work of Special Agents of the Federal Bureau of Investigation was readily recognized by the military and naval leaders. The Chief of the Bureau of Navigation, for the Secretary of the Navy, requested Special Agent employees of the Federal Bureau of Investigation to submit their resignations from reserve commissions held by them in the naval services because it had been determined that those Special Agents could better serve their country in their present assignments than if they were to be called into active naval service. The Secretary of War, in 1942, addressed personal communications to 168 Special Agents of the Federal Bureau of Investigation who at that time held reserve commissions in the Army. The Secretary of War at that time advised the Special Agents that their employment in the FBI is of such vital importance to the national defense as to necessitate their remaining at their posts of duty despite the fact that they held reserve commissions in the United States Army, and the request was made that these Agents, through the proper channels, submit their resignations from their commissions.

General Lewis B. Hershey of the Selective Service System pointed out in his Directive to all Local Boards of December 29, 1941, that Special Agent positions of the FBI were most important and essential to the national health, safety, and interests, and that the national defense functions of the FBI should not be impaired by the removal of trained personnel from critical positions in the Bureau.

The position of Special Agent has always been considered the most critical of all positions in the FBI, since, with the tremendous bulk of work placed upon us due to the war emergency, it is essential that a trained qualified staff be available for the handling of this work. If the Federal Bureau of Investigation cannot continue to retain its personnel in this critical position, aid and comfort would most certainly be given to the enemy and others whose interests are inimical to the best interests of the country today. Up to the present time the full complement of Special Agent personnel has not been secured and every effort is being made to secure the necessary additional Special Agent personnel.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Subscribed and sworn to before me this 2nd day of August 1943

Any person entitled to do so may take an appeal to the board of appeal within 10 days after the above date of mailing of Notice of Classification to registrant in either of the following ways:

- (1) By filing with the local board a written notice of appeal. Such notice need not be in any particular form but must state the name of the registrant and the name and identity of the person appealing so as to show the right of appeal.
- (2) By signing the "Appeal to Board of Appeal" on the Selective Service Questionnaire (Form 40).

When an appeal is taken from the classification or reclassification of a registrant and when such appeal is upon the ground that the registrant should have been deferred by reason of his occupation, the appeal shall be transferred to the board of appeal having jurisdiction over the area in which the registrant is employed, provided all of the following conditions are met (but not otherwise):

Appeal to the President from classification by the board of appeal may be taken at any time within 10 days after the date of mailing of notice to registrant, provided the registrant was classified by the board of appeal in either Class I-A, Class I-A-O, or Class IV-E and that at least one member of the board of appeal dissented from such classification. Otherwise, the decision of the board of appeal is final except when an appeal is taken to the President either by the State Director of Selective Service or the Director of Selective Service on the ground that he deems it to be in the national interest or necessary to avoid an injustice.

RE: PERMIT TO LEAVE THE COUNTRY
CONFIDENTIAL

Dear Sir:

You are requested to secure a renewal of a permit to leave the country, executed in blank, for Special Agent John Walter Yeagley, Order Number 1976, Local Board Number 4, South Bend.

For your information, the Bureau desires to continue this employee on a confidential assignment outside of the continental limits of the United States. Your attention is called to the fact that it is necessary that this permit be issued in blank as to items one, two, and three. You should advise the Local Board that it will be possible to get in touch with the above-mentioned employee through the Bureau. If the Board desires a letter confirming this request for their files, you should inform them that you will request that a letter be sent and we will send it. However, many boards do not request that a letter be in their files, and we do not send such a letter unless it is specifically requested by them.

This matter should be handled expeditiously.

Very truly yours,

John Edgar Hoover

Mr. Yeagley is a Special Agent and as such holds a key position as designated by the Review Committee of the War Manpower Commission within the meaning of Executive Order 9309. The performance of his duties is essential and critical to the execution of the work assigned by law and Executive Directive to the Federal Bureau of Investigation.

To the Federal Bureau of Investigation is assigned the responsibility of investigating all acts of espionage, sabotage and all actions tending to undermine the internal security of the nation. We must also investigate and enforce all those federal statutes assigned to the investigative jurisdiction of this Bureau such as: bank robbery, kidnaping, interference with the interstate transportation of goods, National Stolen Property Act, White Slave Traffic Act, etc., the enforcement of which is necessary to the preservation of the national health, safety and interest.

To carry on this work it is necessary to maintain a corps of trained investigators. Mr. Yeagley is such a trained investigator. In the attached Form 42 S further information relative to Mr. Yeagley is set forth.

SPECIAL AGENTS

This position has been designated as a key position by the Review Committee of the War Manpower Commission.

The Federal Bureau of Investigation has been designated as the sole civilian government investigative agency having jurisdiction over the investigation of matters pertaining to national defense such as espionage, sabotage, registration of agents of foreign principals, sedition, treason, and the like, and further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, National Motor Vehicle Theft Act, and numerous others. The investigative work in connection with the above violations is performed by the Special Agent personnel of this Bureau, who are recruited from applicants between the ages of twenty-three and forty. They must be graduates of a law school or an accounting school with the necessary accounting experience, or graduates of a university with extensive investigative experience, or with linguistic qualifications, or have basic educational training and possess satisfactory prior law enforcement experience which will enable them to satisfactorily perform the duties imposed upon them. For certain of the scientific investigative work, Special Agents are secured who primarily are qualified in the sciences, such as ballistics, chemical analysis, spectography, cryptography, mineralogy, metallography, toxicology, and other like sciences. Applicants for appointment to the position of Special Agent must meet the physical standards and requirements for this position, which are exceedingly high. They must have vision of no less than 20/40 in one eye, 20/50 uncorrected, both eyes to be corrected to 20/20. They must have no color deficiency whatever.

Special Agents of the Federal Bureau of Investigation undergo a rigorous training program. All newly appointed Special Agents in the Federal Bureau of Investigation attend training classes for a period of sixteen weeks; the hours of training are from 9:00 a.m. to 9:00 p.m. daily, which course of study is equivalent to two full years of college study. During this period of training, they are thoroughly instructed in the basic rules and regulations and jurisdictions of the Federal Bureau of Investigation. They must satisfactorily pass numerous written examinations during their period of training. If a trainee fails to pass any of these examinations, he is dropped from the school.

The duties of a Special Agent of the Federal Bureau of Investigation are most arduous. They must be available at a moment's notice to go to any part of the United States or to any assignment outside the United States. The hours of duty for these employees are such that they must be in excellent physical health. The average work week for a Special Agent of the Federal Bureau of Investigation is no less than seventy hours. The work of a Special Agent, regardless of his particular qualification, is such that he cannot lead a sedentary or well regulated life. Due to the small number of Special Agents of the Federal Bureau of Investigation presently handling the work under the jurisdiction of the Federal Bureau of Investigation within and without the continental United States, it is necessary that the entire staff be highly mobile.

Special Agents are required to be able to conduct investigations in more than 100 types of cases, including espionage, sabotage, subversive activities, frauds against the government, kidnaping, extortion, bank robbery, White Slave

Traffic Act, etc. They are trained in and required to maintain constant skill in the use of highly technical equipment, technical processes, such as those necessary for the development of latent fingerprints, concealed or obliterated numbers upon firearms, to understand the use of code messages, to conduct physical surveillances of subjects of espionage and similar cases, sometimes for periods of many months, and when necessary, to assume a necessary character to enable them to fit in an undercover capacity into the activities and operations of groups such as foreign agents, who are engaged in thwarting the war effort.

The arduousness and importance of the work of Special Agents of the Federal Bureau of Investigation was readily recognized by the military and naval leaders. The Chief of the Bureau of Navigation, for the Secretary of the Navy, requested Special Agent employees of the Federal Bureau of Investigation to submit their resignations from reserve commissions held by them in the naval services because it had been determined that those Special Agents could better serve their country in their present assignments than if they were to be called into active naval service. The Secretary of War, in 1942, addressed personal communications to 168 Special Agents of the Federal Bureau of Investigation who at that time held reserve commissions in the Army. The Secretary of War at that time advised the Special Agents that their employment in the FBI is of such vital importance to the national defense as to necessitate their remaining at their posts of duty despite the fact that they held reserve commissions in the United States Army, and the request was made that these Agents, through the proper channels, submit their resignations from their commissions.

General Lewis B. Hershey of the Selective Service System pointed out in his Directive to all Local Boards of December 29, 1941, that Special Agent positions of the FBI were most important and essential to the national health, safety, and interests, and that the national defense functions of the FBI should not be impaired by the removal of trained personnel from critical positions in the Bureau.

The position of Special Agent has always been considered the most critical of all positions in the FBI, since, with the tremendous bulk of work placed upon us due to the war emergency, it is essential that a trained qualified staff be available for the handling of this work. If the Federal Bureau of Investigation cannot continue to retain its personnel in this critical position, aid and comfort would most certainly be given to the enemy and others whose interests are inimical to the best interests of the country today.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Subscribed and sworn to before me this 16th day of February 19 44

Dear Sir:

RE: J. WALTER YEAGLEY, SPECIAL AGENT
Chile - Administrative.

Reference is made to Bureau letter under date of January 21, 1944,
requesting that a special efficiency report be submitted on this agent.

Special Agent J. WALTER YEAGLEY arrived in Chile August 24, 1943,
to take an assignment as an undercover representative [redacted] b6
[redacted] at Valparaiso, Chile, and he has been stationed in b7C
that city since his arrival. YEAGLEY's cover has not furnished him with
the opportunity of developing anything beyond economic information. For
securing information or developing contacts and informants in other lines
of Bureau activity, he must disclose his identity. He has, however, worked
certain informants already established which were turned over to him by
open representatives in Valparaiso.

This was YEAGLEY's first SIS assignment and, consequently, he has had
to spend considerable time in perfecting his use of Spanish. He has pro-
gressed to the point where he now is able to use Spanish-speaking informants.
His knowledge of Spanish is also sufficient that he has been able to help
on technical surveillances being conducted by this office.

Agent YEAGLEY has shown a proper amount of interest in his work and he
appears to have adapted himself to the conditions existing in a foreign
assignment. For this reason he is being recommended for a continuance in
SIS work. However, it is suggested that within a short while he be withdrawn
from Valparaiso, Chile, as it is believed that he has exhausted the possi-
bilities of his cover, and that he would be more valuable working in an open
capacity.

YEAGLEY maintains customary Bureau standards as regards both his
personal appearance and his personal conduct.

Very truly yours, 27

BACKGROUND

By letter dated May 6, 1944, Mr. Berle of the State Department submitted a letter of commendation on a report concerning Communist activities in Chile which was prepared and submitted by the above agent in Chile.

DETAILS

Mr. Berle stated in the above letter that the report by this agent was considered an excellent style of presentation of the subject matter and was a good example of the style in which the State Department liked to receive information.

A review of the report commented upon reveals that the agent has followed the outline submitted by the Bureau in requesting information on Communist activities, and what appears to be most outstanding concerning the report is the thoroughness which he appears to have devoted to the obtaining and reporting of the information in his district in Chile.

RECOMMENDATION

It is believed that a letter of commendation to Agent Yeagley is warranted in this matter, and there is attached hereto for your approval such a letter.

Respectfully,

This Agent entered on duty 2/2/42, was assigned to Baltimore and Milwaukee and is now on a confidential assignment. On 12/1/42 he was reallocated to Grade CAF-10, \$3500 per annum and is now being considered for reallocation to Grade CAF-11, \$3800 per annum. His services have been above average.

On 3/31/44 Mr. Speakes rated him as VERY GOOD and said he was an undercover representative at Valparaiso, Chile, during recent months he had devoted himself principally to the investigation of Communist activities and it was felt that he was doing a very good job, he had maintained his cover extremely well in an area where such was very difficult, he made a good impression upon persons with whom he came in contact, it was felt that due to his maturity he could be relied upon to accept responsibility and to work without the need of close supervision, his work in connection with Communist activities had demonstrated that he was able to organize and initiate investigations in an intelligent manner, he wrote excellent reports, and it was thought that he was fitted for a position involving administrative ability. This Agent is at present doing work which could properly be classified as "Excellent", however, it was felt that in view of a somewhat slow start made by him, a rating of "Very Good" for his annual report more accurately reflects his over all classification.

RECOMMENDATION: It is recommended that he be reallocated to Grade CAF-11, \$3800 per annum on the confidential rolls.

8-21-91

On May 17, 1943 and thereafter Special Agent J. Walter Yeagley was referred to the Radio Communications Section and the Laboratory by the SIS Section for instructions in Special Cipher Systems X and YZ and in the preparation and use of secret ink. (X)

For record purposes, it is being noted that Agent Yeagley will use APPLETON'S NEW SPANISH DICTIONARY, 1943 EDITION. (X)

THE KEY PHRASE:

I D R A T H E R B E R I G H T T H A N B E P R E S I D E N T
9 4 1 | 8 1 | 2 0 8 5 | 1 8 2 5 1 8 | 9 7 8 2 0 | 2 0 8 1 1 | 4 2 5 1 6 |
1 8 5 1 9 | 9 4 5 1 4 | 2 0

--- 9 4 1 8 2 0 5 7 6 3 --- are the key numerals to be used in encoding YZ messages to Agent Yeagley. (X)

Agent Yeagley was instructed to use the following group of five digits to indicate the use of the Spanish section of the dictionary, 9 8 9 8 9; and the following five digit group to indicate the return to the English section of the dictionary, 7 6 7 6 7. (X)

As the Spanish section of the dictionary has three columns on some pages, the following system for encoding words has been set up. On pages where two columns appear, words in the first column are to be encoded by the page number and the line count; words in the second column are to be encoded by the page number and the line count plus 50. On pages where three columns appear, words in the first column are to be encoded by the page number and the line count; words in the second column are to be encoded by the page number plus 100 and the line count; words in the third column are to be encoded by the page number plus 200 and the line count. (X)

In connection with system YZ, Agent Yeagley was instructed to write his secret message in all but the first and last paragraphs of the disguised cover text. It was also arranged that the presence of YZ code in a plain text cover is to be signalled by the use of the date written entirely in numbers as 6-23-43. When the number of paragraphs in a letter does not exceed two, then secret ink writing is indicated. (X)

Agent Yeagley was instructed in the Embassy code and the manner of using cipher pads. (C)

At variance with system YZ, the numbers at the top of the key square will be represented by words of six or more letters, and the numbers at the bottom of the square will be represented by words of five or less letters. (C)

Agent Yeagley was instructed to use a serial number as the penultimate group and a check number as the final group in X messages. (C)

Agent Yeagley was instructed in the use of talcum powder (containing ZN) as a secret ink, writing on the blank side of a cover letter in plain text unless the communication is of an exceptionally confidential nature, in which case he will use X Code. He satisfactorily demonstrated his ability to use this method and was furnished a can of talcum powder. (C)

Re: JOHN WALTER YEAGLEY,
Special Agent
Annual Efficiency Report, 1944

Dear Sir:

b7E

Special Agent John Walter Yeagley arrived in Chile in August 1943 with an assignment as an undercover representative [redacted] at Valparaiso, Chile, and he has been stationed in that city since his arrival. Special Agent Yeagley's cover has not been particularly beneficial to him, as it has not given him any real opportunity to develop other than economic information. He has, however, been in close touch with the Bureau representatives in the American Consulate in Valparaiso, and has taken over a squad of informants previously operated by that office. During recent months he has devoted himself principally to the investigation of Communist activities, and in this regard it is felt that he is doing a very good job. Valparaiso, being a seaport, has long been featured by considerable Communist activity, and only since Yeagley's arrival has it begun to be adequately reported. Other than this line of work, Yeagley has been very limited; since due to the smallness of the English speaking community, he has to be very circumspect in his contacts in order that he not disclose his identity.

Special Agent Yeagley is at present doing work which could properly be classified as "Excellent"; however, it is felt that in view of a somewhat slow start made by him, a rating of "Very Good" for his annual report more accurately reflects his over all classification. This was his first assignment, and naturally he had to spend considerable time in perfecting his use of Spanish. He now handles Spanish speaking informants with reasonable facility.

This Agent takes real interest in his work, and appears to have adapted himself extremely well to living conditions in Valparaiso. It is felt that in view of his very fine progress during recent months, the Bureau will desire to consider the possibility of reassigning him to an office or point where he can be of more utility, since possibilities for work by an undercover Agent in Valparaiso are definitely limited. It may be noted that this Agent has maintained his cover extremely well in an area where such is very difficult.

Special Agent Yeagley is somewhat older than the average SIS Agent, and this without doubt operates in his favor since he has a mature appearance

and makes a good impression upon persons with whom he comes in contact. It is believed that in an open capacity he would work in harmony and a spirit of close cooperation with representatives of other governmental agencies, and it is felt that due to his maturity he could be relied upon to accept responsibility and to work without the need of close supervision. His work in connection with Communist activities in Valparaiso has demonstrated that he is able to organize and initiate investigations in an intelligent manner.

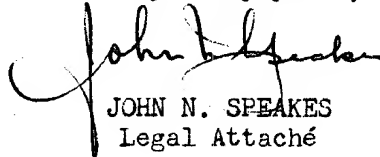

The writer believes that Special Agent Yeagley is fully qualified to discharge the normal duties of a Bureau Agent, such as operating on a physical surveillance, testifying in court proceedings, and contacting law enforcement officials and businessmen. He is able to operate a car and use a typewriter but has no knowledge of shorthand. It is believed that he has normal ability to dictate, and he is known to write an excellent report both as to construction and as to thoroughness.

This Agent maintains customary Bureau standards as to dress and his deportment is regarded as excellent. He is somewhat quiet by nature, but is able to make a good impression on social occasions. It is believed that with the experience which he now has he will take on added resourcefulness and aggressiveness in his SIS work.

This Agent has handled the type of SIS work which has been heretofore described, and in addition has worked for a brief time on a technical surveillance requiring a knowledge of the Spanish language.

He has had no real opportunity during his present assignment to demonstrate the possession of executive or administrative ability, but due to his maturity and the manner in which he has handled his informants in Valparaiso, it is thought that he is fitted for a position involving administrative ability.

Very truly yours,

JOHN N. SPEAKES

BACKGROUND

Special Agent Yeagley has been on assignment in an undercover capacity in Chile since August 24, 1943 as a representative of [redacted]

DETAILS

Our Legal Attache has advised us that the cover of this agent is getting thin and that his effectiveness in obtaining information has materially decreased as a result of this. Our Legal Attache further advises that there are at the present time two agents assigned to the Consulate in Valparaiso (Special Agent Yearley works in the Valparaiso district most of the time) and he feels that these open agents in the Consulate can adequately cover the Valparaiso district.

During the recent inspection of the Santiago Office, Inspector Gurnea commented on this agent as not exhibiting punch or enthusiasm, but that he is intelligent and has a good grasp of Bureau duties. Special Agent Yeagley advised Inspector Gurnea that he was very desirous of returning to the United States.

RECOMMENDATION

It is recommended that in light of the Legal Attache's opinion as to thinness of Special Agent Yeagley's cover and his apparent desire to be returned to the United States, that Special Agent Yeagley be recalled for assignment to the domestic field.

There is attached hereto a suggested radiogram to the Legal Attache in Santiago.

Legal Attaché Speakes

This employee has been in an undercover capacity [redacted] since his arrival in Chile. He has at all times resided and worked in Valparaiso. Yeagley's cover has not been very beneficial but notwithstanding such limitations he has taken over various informants originally developed by other Bureau representatives and he converted several of them into very good informants on political matters and Communist activities. He is serious and mature by nature and it is felt that he has done a very good job, particularly as to Communist matters. Valparaiso is a very difficult city for a Bureau undercover Agent due to the smallness of the American colony and the fact that nearly every American is well acquainted with every other American's business and personal affairs. Considering this Yeagley has done an excellent job in maintaining his cover. He has adapted himself well to living conditions and his personal conduct is considered to be of the highest order. He makes a favorable personal appearance and is recommended for continuation in SIS work. b7E

Inspector Garnea

This Agent is tall, blond and wears glasses. He does not exhibit punch or enthusiasm. He is intelligent, however, and has a good grasp of Bureau duties. He is married and desires very much to be joined by his wife. I don't believe that this employee has executive or supervisory ability. Special Agent Heber Clegg rated him as fair in ability to speak Spanish.

MEMORANDUM FOR THE DIRECTOR.

Re: JOHN WALTER YEAGLEY
Special Efficiency Report

Special Agent JOHN WALTER YEAGLEY has, since the date of his last annual efficiency report, continued to reside and work in Valparaiso with the undercover assignment of that of a representative of [redacted] This agent has maintained close touch with the Bureau's representatives in the American Consulate in Valparaiso and he has been largely utilized to obtain Communist information.

b7E

Though his cover has not been particularly beneficial as to furnishing him with sufficient reason for conducting investigations, he has, nevertheless, utilized it to the utmost advantage possible, and considering the smallness of the community and the thinness of the cover, he has done very well as an undercover agent. He has made many friends in the Valparaiso area. He is mature, possesses good personal habits, and it is believed that he merits an adjectival rating of "Excellent".

It is to be noted that his report on Communism dated March 29, 1944, resulted in his receiving a personal letter of commendation from the Director.

Special Agent YEAGLEY has, during the past year, handled many Spanish speaking informants and it is believed that he has attained an adequate knowledge of Spanish to enable him to conduct general investigations in Latin American countries.

BACKGROUND:

Special Agents J. Walter Yaegley, Cassius E. Rathbun and Linscott Tyler who have been working undercover in Latin America are to return to the domestic field.

SPECIAL EFFICIENCY REPORT
(60-DAY)

December 27, 1944

This Special Efficiency Report is being submitted inasmuch as Agent YEAGLEY reported for duty in this field division on October 27, 1944.

This Agent is tall, dresses in conservative good taste and presents a very satisfactory personal appearance. He has a mature, even, friendly type of personality and possesses considerably more than an average amount of initiative and resourcefulness. He is adequate in force and aggressiveness and his judgment is sound.

He is a very good dictator and operates an automobile satisfactorily. He has had no opportunity to testify since being assigned here, but I have no doubt of his ability to give a good account of himself on the witness stand. His over-all firearms scores are very good and he is believed temperamentally suited for dangerous assignments. His paper work is well above average and reveals thorough, intelligent investigative work. Agent YEAGLEY possesses the ability to meet law enforcement officers and others on a very favorable basis. He is capable of initiating and following through on investigations on his own responsibility and his work requires less than an average amount of supervision.

He has handled a variety of cases in virtually all classifications and has displayed marked ability on one involved espionage case. He has not been assigned exclusively to a technical surveillance and has performed well on a physical surveillance. He is capable of performing any type of assignment which may be given him from a physical standpoint.

Agent YEAGLEY recently returned from a confidential assignment outside the country and I have been very much impressed by the manner in which he has taken hold of his work. He has supervised his own cases well and is believed to possess supervisory ability that can be developed. His possibilities for further development are excellent.

Status: VERY GOOD.

This Agent reported for duty in this field division on October 27, 1944, having returned from a confidential assignment. He is tall, dresses in conservative, good taste and presents a very satisfactory personal appearance. Although my observation of him has been rather limited, I frankly have been very much impressed in the manner that he has taken hold of his work, despite being out of the country on a specialized type of work. He has shown a considerable amount of force and aggressiveness, intelligence and good judgment. I feel at this point that he has excellent possibilities for further development. He appears to be the dependable sort of individual who can be relied upon to perform satisfactorily on his own initiative. Status: VERY GOOD.

ANNUAL EFFICIENCY REPORT

Albany, New York
March 8, 1945

Agent YEAGLEY is tall, mature, dresses well and makes a very satisfactory personal appearance. His personality is quiet, even and friendly. He has far above the average amount of initiative and resourcefulness and possesses about the right amount of force and aggressiveness. He is intelligent and his judgment is sound.

Agent YEAGLEY is regarded as Very Good in dictation ability and he operates an automobile satisfactorily. He received a grade of Very Good during a moot court session in this office, it being observed that he analyzed questions well and would make a competent witness. His firearms scores are very good and he is believed temperamentally and emotionally suited for all types of dangerous assignments.

His paper work is excellent, reflecting thorough, intelligent investigation. Agent YEAGLEY possesses the ability to meet law enforcement officials and others on a very favorable basis. He initiates investigations on his own responsibility, organizes his work well and follows through with a minimum of supervision. He is capable from a physical standpoint of performing any type of duty assigned him.

This agent has handled assignments in the security field, including sabotage, espionage and security cases, as well as doing work in the criminal field. He is a loyal, high type of employee that can be depended upon at all times.

SAC MORGAN:

Agent YEAGLEY is tall, dresses in conservative good taste, making a very satisfactory personal appearance. His personality is mature, even, friendly. He is possessed of a high degree of initiative and resourcefulness and is adequate in force and aggressiveness. His judgment is sound. This Agent is very intelligent and beyond question would make a very good witness. He has impressed me with the thoroughness of his approach to investigative problems and he is capable of following through on his own responsibility. His paper work is excellent and his general demeanor is all that could be desired. He is loyal and dependable and an asset to the office.

STATUS: EXCELLENT.

INSPECTOR VINCENT:

This Agent is large, dresses neatly, and is very businesslike to the extent that he is reserved in his manner. He does not appear to have enthusiasm although the results obtained in his work indicate that he does have this quality. He has a better than average mind, is steady, and undoubtedly would use good judgment. He attends to his duties with very little supervision and is considering again volunteering for SIS work since some of the assignments now permit Agents to take their wives with them. He is handling Communist and general investigations in a very satisfactory manner.

J. Walter Yeagley (m)

You will recall that Special Agent Joseph E. Presley, who was assigned as a Supervisor to the SIS Division, has been assigned to the Stettinius security detail, and it is therefore necessary that he be replaced as a Supervisor.

Special Agent John Walter Yeagley, who is presently assigned to the Albany Office, entered on duty at the Bureau on February 2, 1942, and is presently in Grade CAF-11 at \$4300. Special Agent Yeagley was assigned on SIS in an undercover capacity in Valparaiso, Chile, from September, 1943, to October, 1944, when he was recalled due to the failure of his cover. Yeagley had an excellent record on SIS. He prepared a report on Communism in Chile while in Valparaiso which was highly praised by Mr. Berle of the State Department, and a letter of commendation was directed to him by the Director.

In February, 1945, Inspector Vincent commented that Yeagley was handling Communist investigations in the Albany Office. SAC Crowl rated him "Excellent" on his last efficiency report on May 31, 1945, and stated that he possessed latent supervisory ability. SAC Crowl also commented that his paper work was excellent.

It is believed that Yeagley can competently replace Presley, who was assigned to the Communist Desk in SIS.

RECOMMENDATION

It is recommended that Special Agent John Walter Yeagley be transferred from the Albany Office to the Bureau as a replacement for Supervisor Presley in the SIS Division.

SPECIAL EFFICIENCY REPORT

Albany, New York
August 4, 1945

This Special Efficiency Report is being submitted in view of the transfer of Special Agent YEAGLEY to the Bureau.

The writer has been in the Albany Office such a short period of time that it is not possible for me to make any changes in Special Agent YEAGLEY's previous efficiency reports.

He makes a good, mature appearance, appears to be above average in intelligence and has a pleasing personality. He is mature and should, from all appearances, continue to develop in the Bureau's service.

Yeagley is presently assigned to assist in the supervision of Communist matters, etc., in Latin America. He handles his duties satisfactorily and can be considered as above average in intelligence, enthusiasm and industriousness. He is qualified for SIS Field assignment and desires such assignment should future occasion present itself. Yeagley is believed to be a Very Good Agent in Grade 12.

INSPECTOR GURNEA: Yeagley dresses very neatly and generally presents a good appearance. He does not appear to have the force and aggressiveness one would expect in a Bureau Agent. He is intelligent, however, and is thoroughly conversant with his work and he states he desires to remain in Washington if and when SIS is discontinued. I consider Yeagley as being above average but not outstanding.

OFFICE MEMORANDUM

UNITED STATES GOVERNMENT

TO : THE DIRECTOR
FROM : The Executive Conference
SUBJECT:

DATE: April 30, 1947

J. W. YEAGLEY

At a meeting of the Executive Conference on April 30, 1947, attended by Messrs. Tolson, Tamm, Tracy, Harbo, Hendon, Rosen, Clegg and Ladd, a discussion was had with reference to the extent to which the the Research Desk on Communist matters should operate.

The Conference was advised of the large number of pamphlets, periodicals and other work which could be considered in connection with this project. It was advised that the Communist Research Desk could, in addition in checking such pamphlets, as the "Daily Worker" review all publications of the International Publishers and of the New Century Publishers, that such a desk could study the propaganda work of the Party and the Party functions, as well as numerous other matters.

The Conference was unanimously in favor of the following recommendation made by Mr. Tamm: That the Research Desk be established with one man assigned to review the principal daily printed publications, such as the "Daily Worker", the leading weekly and/or monthly Communist printed periodicals and through this medium endeavor to build up a Research Desk on a selective basis which could prepare and forward to the field offices once a month a summary or digest of trends based on the study of these national publications, that thereafter in the event need was seen for extending this work, the recommendation with reference to therewith should be submitted and considered separately.

In the event you approve of the recommendation of the Conference, it is suggested that one of the Special Agents listed below be considered for this work:

J. W. YEAGLEY, Seat of Government: Special Agent Yeagley has been a supervisor in SIS handling Communist matters in Latin America and since February, with your authorization, has been assisting in the preparation of the Brief of the Communist Party. Mr. Yeagley is well qualified from the standpoint of current knowledge of Communist Party policy, both in the United States and abroad, to discharge the responsibilities on this desk.

J.F. WACKS, New York City: Special Agent Wacks was one of the two Agents who prepared the New York summary report on the Brief of the Communist Party and has been assisting at the Seat of Government with the preparation of the Brief on the Party. He is thoroughly conversant with the investigative problems concerning the Party and its members in the Field and can be considered an expert on the educational program of the Party at the present time. It is felt that he is well qualified to discharge the responsibilities of this desk.

FRED ZINCK, New York City: Special Agent Zinck has been engaged in investigations of Communist activities for the past six years and is well acquainted with the current investigative problems in the Field, both with regard to the organization and the key figures in the Party. It is felt that he is well qualified to discharge the responsibilities of this desk.

Memorandum for the Director

[redacted] Savannah: Special Agent [redacted] was a key man on Communist investigations in the Chicago Division and is well acquainted with the investigative problems in the Field, not only for the Party itself but for its front groups and its infiltration into labor organizations. He was only recently transferred to Savannah, where the Communist problem is negligible. It is felt that he is well qualified to discharge the responsibilities of this desk. b6 b7C

OTHO A. EZELL, San Francisco: Special Agent Ezell has been engaged in investigation of Communist and Russian activities in San Francisco for the past six years and is presently the Field Supervisor of Russian and Communist activities in the San Francisco Division. It is felt that he is well qualified to discharge the responsibilities of this desk.

Respectfully,
For the Conference

Clyde Tolson

E.A. Tamm

cc-Mr. Clegg
Mr. Hendon

ADDENDUM. 5-3-47. Mr. E.A. Tamm does not concur with the personnel suggested for the Research Desk but suggests the name of Special Agent W.C. Sullivan, presently assigned to the Security Division, or of Mr. Paul Burke, formerly on SIS assignment but recently stationed in Puerto Rico. He believes that each of these men has a research and literary qualification that is essential to the proper performance of work on the Research Desk and that in addition, they have a sufficiently broad background of Communist activities to enable them to quickly grasp the necessary essential technical information to do a good job on this desk. UNITED STATES GOVERNMENT

FROM : D.M. Ladd

April 18, 1947

SUBJECT: CENTRAL RESEARCH DESK
INTERNAL SECURITY SECTION
SECURITY DIVISION

(J.W. YEAGLEY)

Reference is made to SAC Letter 44, Series 1947, dated April 14, 1947, re Redirection of Communist Investigations.

You will recall that the Field was advised on page 2 of this letter "...a Central Research Desk is being established at the Seat of Government for the purpose of conducting continuous intensive research relative to Communist literature." The Field was further advised on page 7, "...Through the establishment of a Central Research Desk at the Seat of Government, the Field will ultimately be relieved of responsibility for the reading and processing of many different publications. It is believed that this Research Desk will be of the utmost assistance to the Field inasmuch as the material in captioned form can from time to time be supplied Field Offices to assist in the evaluation of information received. Field Offices should, of course, not discontinue to any degree their processing of literature until the Research Desk has been fully established and the Field Advised."

FUNCTIONS OF THE DESK:

It is contemplated that the Central Research Desk will conduct continuous intensive research relative to Communist literature, i.e. newspapers, magazines, pamphlets and books not only of the Communist Party of the U.S.A. but of the other Marxist and Marxist-Leninist groups, the publications of which are distributed in the United States or to which articles are contributed by American Communists. It is also contemplated that the Central Research Desk will review those foreign Communist publications from which articles are reprinted in whole or in part by the Party organs in the United States.

At the present time it will be absolutely necessary for the Central Research Desk to review, digest, analyze and disseminate to the Field pertinent data from an ideological standpoint, from the standpoint of implementation of Party line on current domestic and international issues, from the standpoint of evidence of the illegal nature of the Communist Party or of the other Marxist and Marxist-Leninist groups, as well as from the standpoint of suggested investigative leads, the following publications:

Socialist Appeal
Workers International News

Also, the following domestic publications which regularly contain articles pertinent to the analysis of Communist publications:

New Republic
Nation
PM
New Leader
New York Times

Of course, additional publications may be added to this list as circumstances warrant, but it is my considered opinion that two supervisors will be absolutely necessary at the barest minimum to handle the foregoing listed publications.

Memo to the Director

April 18, 1947

In addition to the foregoing magazines and newspapers, the Central Research Desk will be responsible for handling in the same manner all of the publications of International Publishers and of New Century Publishers. These two publishing houses turn out literally hundreds of books and pamphlets. It will be necessary for Bureau supervisors to make an analysis of all current publications of International Publishers and of New Century Publishers to determine first the nature of the publication not only from a Marxist-Leninist ideological angle, but also from the standpoint of the manner in which it implements the Party line on current domestic and international questions. The supervisor must also review the publication carefully for evidence of the illegal nature of the Party.

In line with the above-suggested treatment of Communist publications, it is not only desirable but necessary that an analysis be made immediately on a nation-wide basis of the publication propaganda machine of the Communist Party of the U.S.A. at the present time. This analysis should include: 1) Sources of material; 2) Writers; 3) Publishers; 4) Sources of Paper Stock; 5) Printers; 6) Distributors; and 7) Other outlets.

This analysis should be conducted with a view to determining the weakest links in the publication chain so that an analysis may be made of the most productive and effective methods of attack either by counterpropaganda directed at the individual, the organization or the published material, or by prosecutive or licensing activity by Federal, State or Local Governments.

Along the same line and closely connected with the publication field is the matter of party funds. A desirable and necessary research project for the Central Research Desk should be an analysis of Party funds for the purpose of identifying the principal sources on a nation-wide basis, including the principal sources which are: 1) Sale of literature; 2) Donations from individuals; 3) Receipts from organizations; 4) Business financed by the Party; and 5) Subsidies from other sources.

This analysis should be undertaken for the purpose of determining the most vulnerable of these sources and possible ways of cutting off funds to the Party.

In addition to the foregoing research projects, there are three projects which are necessary and which are closely tied in to the reviews and analysis necessarily performed by the Central Research Desk: 1) Analysis of the Communist Party's treatment of the national and colonial question on a world-wide basis since VE-day, showing the identities of Communist Party leaders affected in foreign and colonial countries, their spokesmen in the United States, and the pattern of Communist Party activity in the United States in support of such colonial policies; 2) Preparation of a complete analysis on a nation-wide basis to show the participation of key figures of the Party since July 1945, in the formation of policy and the direction of activities of (a)-front groups, (b)-foreign language groups, (c)-labor organizations, for the purpose of determining the most dangerous Party people in

Memo to the Director

April 18, 1947

this regard; and 3) An analysis of the Hawaiian and Alaskan problem as affected by Communist Party control of shipping to these territories and the ability of the Party to capitalize economically and politically on any crisis affecting shipping.

It is believed that two additional supervisors are necessary at an absolute minimum to conduct the necessary review of the publications of International Publishers, New Century Publishers and the suggested analyses. Additional analyses will, of course, be necessary and referred to the Central Research Desk from time to time and the foregoing analyses should, of course, be kept up to date at all times.

At the outset then, there will be a bare minimum of four supervisors needed to commence the work of the Desk. In addition, there will be required the services of two clerks, two stenographers and one typist, in addition to the personnel already assigned to the Internal Security Section. Naturally, there will be some translation required from time to time of the foreign language items which will pass across the Desk.

SUGGESTED PERSONNEL:

Recommended Agent Supervisors

The following Special Agents are recommended for consideration in connection with the four supervisory assignments necessary to this Desk:

J.W. Yeagley, Seat of Government: Special Agent Yeagley has been a supervisor in SIS handling Communist matters in Latin America and since February, with your authorization, has been assisting in the preparation of the Brief on the Communist Party. Mr. Yeagley is well qualified from the standpoint of current knowledge of Communist Party policy, both in the United States and abroad, to discharge the responsibilities on this Desk.

J.F. He is thoroughly conversant with the investigative problems concerning the Party and its members in the Field and can be considered an expert on the educational program of the Party at the present time. It is felt that he is well qualified to discharge the responsibilities of this Desk.

Fred Zinck, New York City: Special Agent Zinck has been engaged in investigations of Communist activities for the past six years and is well acquainted with the current investigative problems in the Field, both with regard to the organization and the key figures in the Party. It is felt that he is well qualified to discharge the responsibilities of this Desk.

He was only recently transferred to Savannah, where the Communist problem is negligible. It is felt that he is well qualified to discharge the responsibilities of this desk. b6 b7C

Otho A. Ezell, San Francisco: Special Agent Ezell has been engaged in investigation of Communist and Russian activities in San Francisco for the past six years and is presently the Field supervisor of Russian and Communist activities in the San Francisco Division. MEMORANDUM FOR MR. E. A. TAMM

FROM: MR. D. M. LADD

RE: THE CONSTITUTION OF THE CPUSA
INTERNAL SECURITY - C

J. W. Yeagley

The purpose of this memorandum is to answer your inquiry concerning the accuracy of a statement contained in the first paragraph of the attached newspaper article appearing on page 5 of the "Daily Worker", February 8, 1948, which article discussed the arrest of Claudia Jones for deportation. The statement in question is:

"It is well known that the accused is a member of the Communist Party, but the more literate sections of the American citizenry could have set Mr. Watkins (of INS) and the FBI straight on the force and violence issue.

"The Communist Constitution expressly forbids such beliefs to its members."

Pertinent Provisions of the Constitution of the CPUSA

The aforementioned statement probably is referring to the following three separate provisions of the Constitution of the CPUSA:

(1) "Adherence to or participation in the activities of any clique, group, circle, faction or party which attempts or acts to subvert, undermine, weaken or overthrow any or all institutions of American democracy. . . . shall be punished by immediate expulsion."

(Article IX, Section 2)

(2) "The purposes of this organization are . . . the establishment of socialism by the free choice of the majority of the American people."

(Article II, Section 1)

(3) "The Communist Party upholds the achievements of American democracy and defends the United States Constitution and its Bill of Rights against its reactionary enemies who would destroy democracy and popular liberties."

(Preamble, paragraph 2)

Other provisions of that constitution which apparently are contrary to the above and which express the true revolutionary character of the Communist Party will be dealt with subsequently herein. It should first be noted that the provisions quoted above are no more than the voluntary, self-serving declarations of the Party. The Communist Party is not a legal entity nor is it a corporation whose articles would be binding and restrictive upon its actions. The Constitution of such an organization is only as binding upon its members as they themselves desire to make it. The determining factor of legality is their actual actions and teachings and not their own interpretation of their actions and teachings. It is this that the courts must look to. Most certainly, criminals could not claim immunity for illegal actions merely because they had previously associated themselves together under a constitution which professed innocent aims and purposes.

According to Benjamin Gitlow, this statement is put in the Communist Constitution "in order to becloud the real purposes of the organization". It is an example of the use of "Aesopian language", so frequently resorted to by the Communists. It was first resorted to by Lenin in his pamphlet, "Imperialism, The High Stage of Capitalism". In writing a preface to this pamphlet at a later date, Lenin stated:

"This pamphlet was written with an eye to the Tsarist censorship. Hence I was not only forced to confine myself strictly to an exclusively theoretical, mainly economic, analysis of facts but to formulate the few necessary observations on politics with extreme caution, by hints, in that Aesopian language--in that cursed Aesopian language to which Tsarism compelled all revolutionaries to have recourse whenever they took up their pens to write a legal work."

A footnote to this by the editor, which was the Communist-controlled International Publishers, Inc., stated: "Aesopian, after the Greek fable writer, AESOP, was the term applied to the elusive and roundabout style adopted in 'legal' publications by revolutionaries in order to evade the censorship."

Interpretations of the Aforementioned Three Constitutional Provisions

(1) Benjamin Gitlow has said that this section "is a clever bit of Communist subterfuge." He also observed that it is extremely important to note that the words, "American Government" are not used in this constitution but that they frequently refer to "American Democracy".

When Communists use the word, "democracy", they mean proletarian democracy--or Communism. Stalin himself stated:

"Democracy under capitalism is capitalist democracy, the democracy of the exploiting minority based on the restriction of the rights of the exploited majority and directed against this majority. Only under the dictatorship of the proletariat are real liberties for the exploited and real participation in the administration of the country by the proletarians and peasants possible. Under the dictatorship of the proletariat, democracy is proletarian democracy, the democracy of the exploited majority, based upon the restriction of the rights of the exploiting minority and directed against this minority." ("Foundations of Leninism", page 54)

Lenin stated: "Democracy means the rule of the people, whereas the armed people cannot rule over themselves." ("Selected Works by Lenin", page 74)

(2) Concerning this provision, Louis Budenz stated that this was inserted solely for the purposes of "legality" and that actually the Communists have no intention of waiting for the day that the majority will choose to change the government of the United States, but that the Communists will establish socialism whenever the time is appropriate. (100-3-74-401, page 4)

Benjamin Gitlow analyzed this section in a similar manner.

(Ibid., page 14)

Although no reference is readily available, it has been noted from extensive reading of Communist works and writings that when they use the word, "people", or words, "American people", they are actually referring to the proletariat and they exclude the bourgeoisie entirely when using such terms.

("Foundations of Leninism", page 54)

(3) It is felt that the Communists here are using again their own definition of "democracy" and "popular liberties" rather than the definition generally accepted in this country. Louis Budenz has said that the use of the term, "reactionary enemies" in the preamble refers to those persons who are opposed to the Soviet Union or Party policy. (100-3-74-401, page 2)

Benjamin Gitlow made similar observations.

(Ibid., page 12)

There is no express provision against force and violence in the Party's constitution.

- - - - -

In the event you are interested in further amplification and an interpretation of the Constitution of the CPUSA on the force and violence question, the following is submitted.

Other Provisions of the Communist Constitution

"Preamble

"The Communist Party of the United States is the political party of the American working class, basing itself upon the principles of scientific socialism, Marxism-Leninism.

* * *

"The Communist Party, therefore, educates the working class, in the course of its day to day struggles, for its historic mission, the establishment of socialism."

(Preamble, Constitution CPUSA, pages 3, 4, and 5)

To determine, therefore, the true purposes of the Communist Party, we need only to learn the meaning of "Marxism-Leninism" and the significance of the Party's "historic mission".

Marxism-Leninism

Joseph Stalin said in his introduction to his book, "Foundations of Leninism", which book has been used as required reading in practically all Communist classes in this country, as referred to frequently in the brief:

"Lenin was a Marxist and Marxism is, of course, the basis of his world outlook. . . . Leninism is Marxism of the era of imperialism and of the proletarian revolution. To be more exact, Leninism is the theory and tactics of the proletarian revolution, in general, the theory and tactics of the dictatorship of the proletariat in particular."

(Pages 9 and 10, "Foundations of Leninism")

What then does he mean by the proletarian revolution:

"The proletarian revolution is impossible without the forcible destruction of the bourgeois state machine and the substitution for it of a new one." (Stalin quoting Lenin in "Foundations of Leninism", page 56)

"It is clear that the liberation of the oppressed class is impossible not only without a violent revolution but also without the destruction of the apparatus of state power which was created by the ruling class." ("Lenin on State and Revolution in Selected Works", Volume VII, page 10)

Concerning Stalin's definition of Leninism above quoted, we must determine what he means by "the dictatorship of the proletariat". He has said:

"The dictatorship of the proletariat is the rule--unrestricted by law and based on force--of the proletariat over the bourgeois, a rule enjoying the sympathy and support of the laboring and exploited masses."

(Stalin - "Foundations of Leninism", page 53)

One of the Communist books which perhaps has been stressed more than any other in this country as required reading by the Communist Party members, particularly those attending Communist schools, is "The History of the Communist Party of the Soviet Union", which has been used extensively in the brief on the question of force and violence and from which the following quotations have been taken:

"The history of the Party further teaches us that a party of the working class cannot perform the role of leader of its class, cannot perform the role of organizer and leader of the proletarian revolution unless it has mastered the advanced theory of the working class movement, the Marxist-Leninist theory."

* * *

" The Marxis-Leninist theory is the science of the development of society, the science of the working class movement, the science of the proletarian revolution, the science of the building of the Communist society. . . .

"The Marxist-Leninist theory is not a dogma but a guide to action."
(Pages 355, 356)

Further, concerning what Stalin has in mind when he uses the words, "proletarian revolution", when defining Leninism, he has said:

"In other words, the law of violent proletarian revolution, the law of the smashing of the bourgeois state machine as a preliminary condition for such a revolution is an inevitable law of the revolutionary movement in the imperialist countries of the world."
("Foundations of Leninism", page 56)

Concerning the preamble of the Constitution of the Communist Party, USA and "Marxism-Leninism", Louis Budenz has stated that Marxism-Leninism means the interpretation of Marx and Lenin as taught by Joseph Stalin, and that the above-quoted sentence in the preamble is a re-dedication to revolutionary tactics to the end of overthrowing the United States Government by violence.
(100-3-74-401, page 1)

Benjamin Gitlow on this same point has stated that this part of the preamble means that the Communist Party in this country is based on the principles of Marxism or scientific socialism as modified by Leninism, which means to him the destruction of the capitalist system in every country through violent revolutionary action inspired and led by a revolutionary party of the working class.
(Ibid., page 9)

"Historic Mission"

Concerning the meaning of the words, "historic mission" of the Communist Party in this country, as used in the Party's Constitution, Louis Budenz has stated that this means the overthrow of the capitalist class by violent revolution and adherence to Stalin and the Soviet Union. He said that when one pledges to support the Constitution of the Communist Party, he pledges to support Marxism-Leninism and work toward the fulfillment of the "historic mission" as above described.
(100-3-74-401, page 3, 4, and 6)

Benjamin Gitlow has said that the historic mission of the Party is to carry out and fulfill the program of Marxism-Leninism as set forth above, and that the Party in this country will accomplish its historic mission by carrying out a violent revolution for the overthrow of the United States Government. (Ibid., page 13)

ACTION:

None. This is submitted for your information. All of the works quoted above are exhibits in the brief and the testimony of both Budenz and Gitlow is used throughout the brief.

OFFICE MEMORANDUM

UNITED STATES GOVERNMENT

To: Mr. Ladd

February 7, 1948

From: J. P. Coyne

Subject: SUPERVISORS LISH WHITSON
E. H. WINTERROWD
J. W. YEAGLEY

On November 29, 1947, I submitted a memorandum to you wherein I made specific recommendations as to the future assignments of the captioned Supervisors who have been working on the Communist Party Brief. A copy of this memorandum is attached. Repeated efforts to locate the original of the memorandum have resulted negatively and, accordingly, the suggestions outlined therein are being called to your attention again at this time.

Unless advised to the contrary I shall immediately assign Supervisor Whitson to the Number One Espionage Desk which is being vacated by virtue of the transfer of R. G. Fletcher to San Francisco. I shall assign Mr. Winterrowd to the Communist Party Desk and in addition to his other duties on that desk he will be responsible for the continued handling -- both implementation and supplementation -- of the Communist Party Brief. I shall assign Mr. Yeagley to the Central Research Desk, which desk is greatly in need of additional manpower if we are to properly execute our responsibilities with respect to the working responsibilities of that desk. (It is my understanding that the Inspector is in thorough agreement with this view.)

As regards the foregoing, I desire to make the general observation that I feel it will militate against the interests of the Bureau if the aforementioned Supervisors are used on work other than Communist because through their supervisory experience here at the Bureau over the years on Communist matters and through the medium of their extensive research project on the Brief they have developed a knowledge of the subject of Communism which far exceeds that of any men in the Bureau's service on the same subject, which knowledge can a fortiori best be put to use by assigning them in the manner indicated hereinbefore.

SUPERVISORS LISH WHITSON

E. H. WINTERROWD

J. W. YEAGLEY

You will recall that the captioned Supervisors were removed temporarily from their assignments on Communist desks in order to assist in the preparation of the Communist Party Brief. Since we can now foresee the time of the completion of the Brief, I desire to make the following observations and recommendations relative to the future assignments of these Supervisors. (You will recall that we have hopes of submitting the Brief in completed form by December 31, 1947.)

Prior to their assignment to the Communist Party Brief, these Agents developed an extensive and detailed knowledge of the subject of Communism, which knowledge, of course, has been tremendously enhanced by the enormous amount of research which they have been doing on the subject during the past months. The knowledge which these Agents have built up can best be utilized to the advantage of the Bureau by continuing their assignments here at the Seat of Government on Communist work. Their capabilities as Supervisors are, of course, already very well known and in addition they have a very vital interest in their work in the Communist field.

In the light of the foregoing and in the primary interest of the Bureau from the standpoint of the value which will be derived therefrom, it is my thoroughly considered recommendation that if at all possible these Agents should continue supervising Communist work in the Internal Security Section. I, accordingly, recommend that the Bureau give consideration to assigning Mr. Whitson to Russian espionage, Mr. Winterrowd to the Communist Party, and Mr. Yeagley to the Central Research Desk.

Mr. Whitson has worked solely for the past seven years on Communist and Soviet espionage work and he is, therefore, particularly adapted to the assignment suggested for him. The field of Soviet espionage is a particularly involved one; our work in this field is extremely delinquent; and it is of paramount importance that if possible we assign the best men available to Soviet espionage work. I think, accordingly, that Mr. Whitson should be re-assigned to Soviet espionage upon the completion of the Brief.

JPC:TD:EW

Memorandum to Mr. Ladd

Mr. Winterrowd supervised the investigation of the Communist Party for several years prior to his assignment on the Brief and, with the possible exception of Mr. Witson, he unquestionably has a better knowledge of the Communist Party than any man in the service of the Bureau.

Mr. Yeagley, in addition to his work on Communism in the Internal Security Section, had extensive supervisory experience on Communist work in the SIS Section. He, like Mr. Whitson and Mr. Winterrowd, has developed a very excellent knowledge of Communism and he has demonstrated his capabilities as a Supervisor in this field. I, accordingly, think that if possible Mr. Yeagley should be assigned to one of our Communist desks.

If the foregoing recommendations are concurred in, it will be possible of course to release other men from the Internal Security Section upon the completion of and approval of the Brief. In this connection, however, it should be specifically noted that even after the completion and approval of the Brief there will more than likely be a considerable amount of work to be handled on a continuing basis with respect thereto.

If the Brief is sent to the Department it can be assumed that the Department will make innumerable requests relative to it. In the meantime we will be developing additional information regarding the Brief which will necessitate changes therein. Likewise, it will be necessary that the Brief be kept up to date and supplemented with new information regarding the Communist movement. Conceivably, the handling of the Brief could consume the major portion of the time of one Supervisor. Therefore, it is my recommendation that the responsibility for the handling of the Communist Party Brief in the future be placed in Mr. Winterrowd who for several years has handled the Communist Party and who has been recommended hereinabove for reassignment to the desk handling the Communist Party.

In conclusion, I desire to make the general observation that I feel it will militate against the interests of the Bureau if the aforementioned Supervisors are used on work other than Communists, because through their supervisory experience here at the Bureau over the years and through the medium of their extensive research project they have developed a knowledge of this subject which far exceeds that of any men in the Bureau's service on the same subject, which knowledge can a fortiori best be put to use by assigning them in the manner indicated hereinbefore.

MEMORANDUM FOR MR. TOLSON

Yesterday I saw Special Agent J. W. Yeagley of the Security Section who stated he had decided to submit his resignation. He stated it was necessary for him to acquire a larger income by reason of family conditions and he was therefore planning to seek employment elsewhere where his salary would be larger. I told Mr. Yeagley I would be sorry to lose his services and if there was anything I could do to assist him to feel free to refer any inquiries to the Bureau.

Very truly yours,

Honorable J. Edgar Hoover
Director
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Hoover:

This is in confirmation of our conversation yesterday, at which time I informed you of my decision to resign from the Bureau for personal reasons. Although no effective date was established at that time and since I have no definite plans for the future, it is my suggestion that the resignation be made effective as of the close of business Friday, June 11, 1948, providing that meets with the convenience of the Bureau.

I want you to know that I am indeed thankful for the privilege of talking with you before submitting my resignation, for I desired to extend to you my sincere congratulations for the very magnificent job you have done here and to let you know how much I value the opportunity I have had of serving under you in the FBI and the fine experience and fellowship it has given me. I think you understand the deep sense of gratification that I experienced when you expressed your appreciation for my past work and indicated that there would be a place for me in the Bureau at my present grade and salary should I ask permission to return.

Your very generous offer to be of assistance to me should the need arise is most reassuring for I am fully aware of the significance and importance that would be accorded a favorable word from you. In this connection, I may proceed with the ERP matter at a later date, and, in any event, I should like to keep you advised of any change in my future status.

As I mentioned yesterday, it is with the greatest reluctance and regret that I take this step severing my connection with the Bureau for I know my heart will always be in its work and, of course, my best wishes will be with you and those who carry on. I only hope that I may have the privilege of being of service to you or the Bureau at some time in the future.

With expressions of my deepest appreciation, I am

Yours most respectfully,

J. Walter Yeagley

Special Agent Supervisor J. E. Yeagley of the Internal Security Section, who called on you several days ago to advise you that he contemplated resigning from the Bureau, dropped by my office this morning, advising that this is his last day of work. He stated that you might be interested in knowing that he has made application with the ECA for the position of Security Officer, which is the position recently turned down by Pat Coyne. He stated he had been interviewed by them and it was probable that they would make some inquiry at the Bureau. He further indicated that he has been asked by a Senator and a Representative of Congress to hold off accepting any position immediately since a new committee might be set up in Congress and they be desirous of securing his services as counsel. He did not indicate what type committee it might be.

JOHN WALTER YEAGLEY

Mr. Yeagley has been assigned as a Supervisor in the Security Investigative Division since August 5, 1945. He has been assigned to the Internal Security Section since June 4, 1947, during which time he has worked on Communist matters. Prior to his assignment in the Internal Security Section he had supervisory experience on Communist work in the SIS Section.

For a period of months, Mr. Yeagley was assigned exclusively to the preparation of the Communist Party Brief in conjunction with Supervisors Lish Whitson and E. H. Winterrowd. He has developed a very excellent knowledge of Communism and has demonstrated his capabilities as a Supervisor in this field.

Mr. Yeagley has also more recently been assigned to the Research Desk in the Internal Security Section and the caliber of his work on this desk has been eminently satisfactory.

Mr. Yeagley presents an excellent appearance, is an intelligent, enthusiastic, industrious and loyal Bureau employee.

During his tenure as a Supervisor in the Internal Security Section he has exhibited considerable initiative and has used excellent judgment in handling the many problems which arose in connection with his duties. He is well grounded in Bureau policy and has demonstrated on many occasions his ability to apply this policy to his every day work.

This man is very definitely an above average Supervisor and I consider him to be outstanding in every respect.

OFFICE MEMORANDUM

UNITED STATES GOVERNMENT

TO : MR. TOLSON

FROM : J. P. MOHR

SUBJECT: COMMUNIST SUPERVISOR
RESEARCH DESK

DATE: 5/12/47

Reference is made to the attached Executives Conference memorandum which unanimously approved the establishment of a Research Desk in the Security Division to review the principal daily printed publications such as the Daily Worker and other periodicals and through this medium endeavor to build up a Research Desk on a selective basis which could prepare and forward to the field offices once a month a summary or digest on trends based on the study of those national publications. It was recommended that if the Director approved this recommendation, one of the following Special Agents be considered for assignment to the Research Desk: J. W. Yeagley, Seat of Government; J. F. Wacks, New York City; Fred Zinck, New York City; O. Eugene Coleman, Savannah and Otho A. Ewell, San Francisco.

Mr. E. A. Tamm did not concur with respect to the personnel suggested but recommended W. C. Sullivan of the Security Division or Paul W. Burke, formerly on SIS assignment but recently stationed in Puerto Rico.

I have carefully reviewed the files on the men suggested by Mr. Ladd and find with respect to them as follows:

Special Agent Supervisor JOHN W. YEAGLEY is 38 years old, married and has no children. He has served in the Baltimore, Milwaukee and Albany Offices and in Valparaiso, Chile on SIS assignment. He was assigned to the Security Division as a Supervisor on August 5, 1945. He is in Grade 12, \$5905.20 per annum. He has A. B. and LL. B. Degrees from the University of Michigan. He has been a Supervisor in the SIS Section and assisted in the preparation of the Communist Party brief. It is noted that during the inspection of the SIS Division in July 1946 Mr. Barnes said he did not appear to have the force and aggressiveness one would expect of a Bureau Agent, that he was considered above average as a Supervisor but not outstanding.

Special Agent JOHN F. WACKS is presently assigned to the New York Division. He was here in Washington in April 1947 to assist in the preparation of the Communist Party brief but he was called to his home in Binghamton, New York on April 15 because of the serious illness of his mother. His mother appears to be still critically ill and there is serious doubt that she will survive her present illness. It is felt that in view of Agent Wacks' personal situation he should remain assigned for the time being to the New York Division.

OFFICE MEMORANDUM

UNITED STATES GOVERNMENT

TO : THE DIRECTOR

DATE: July 20, 1948

FROM : D. M. LADD

SUBJECT:

In accordance with your instructions, I saw J. Walter Yeagley, former Special Agent of the Bureau, who is presently with ECA.

He inquired concerning the discontinuance of name checks, and was fearful that it might have been due to some personal failing on his part. He inquired as to whether this was so.

I advised him that it was not; that it was the Bureau's policy to discontinue such name checks; and that the Bureau was going to do that which was required of it by law; namely, conduct the investigations.

He referred to the forms that had been previously submitted on which the word "clearance" had been printed. He stated that he was arranging to have that eliminated from all forms used by the Economic Cooperation Administration in the future inasmuch as he recognized that it was ECA's job to clear and such could not be passed on to some other Agency. He stated further that he was going through the files on all forms which had been returned by the Bureau in the past and would strike out the word "clearance" on all of the forms which the Bureau had previously returned to ECA so that there could be no question with reference to the Bureau's having cleared anyone in the future.

He inquired as to the following two former Bureau employees, who he is considering employing. It was requested that I advise him whether their records were satisfactory.

Secret Documents**

J. Walter Yeagley, a former FBI agent, yesterday became director of security for the Economic Cooperation Administration.

His task will be to protect confidential documents reaching the foreign aid agency and overseas.

Yeagley, 39, is a graduate of the University of Michigan and practiced law in South Bend, Ind., for eight years. He was once president of the St. Joseph County (Indiana) Bar Association.

After filed work for the FBI in Wisconsin, Maryland and New York, he became an administrative aide to FBI Director J. Edgar Hoover.

ECA has announced that it will use security classifications on documents, ranging from top-secret to restricted, "as sparingly as possible." The major reason for such precautions, it said, is the necessity of handling confidential papers from other agencies, and governments.

Dear Mr. Hoover:

I should like to congratulate you and the Bureau on the excellent manner in which the Coplon - Gubitchev case was apparently handled.

Judging from the newspaper accounts, the surveilling agents in New York must have handled themselves magnificently, for I can imagine the many difficulties and almost impossible situations that must have confronted them during the rather prolonged chase. All in all, it was a job very well done.

Dear Mr. Hoover:

It is indeed a pleasure to take this opportunity to congratulate you and the Bureau on the successful prosecution and conviction of the eleven top officials of the Communist Party of the USA on a charge of conspiracy under the Smith Act.

I followed the daily developments of the trial with more than ordinary interest since I had been privileged to participate in the preparation of the original brief of evidence submitted by the Bureau to the Department of Justice as the basis for the prosecution. The nature of the evidence presented, and the jury's verdict thereon, will most certainly have a very salutary effect on every thinking American, and the importance of having this legal precedent established in the form of a conviction under the Smith Act cannot be overestimated in my opinion.

To me it was a great achievement and victory for the FBI in its capacity as guardian of the nation's internal security and the investigation and resulting conviction is another tribute to the intelligent, alert and effective methods that have always marked your leadership of the Bureau's work.

Yours most sincerely,

J. Walter Yeagley

OFFICE MEMORANDUM

UNITED STATES GOVERNMENT

TO : THE DIRECTOR

DATE: August 5, 1949

FROM : D. M. LADD

Gordon Dean, one of the Commissioners of the Atomic Energy Commission, called you on the morning of August 5 and in your absence was transferred to me. He stated that he was endeavoring to secure the names of persons who might be suitable for appointments as Security Officer at the Atomic Energy Commission. He stated that he had run across the name of Yeagley but that he did not know his first name or anything else about him. I advised him that he was probably referring to Walt Yeagley, formerly with the Bureau but presently Security Officer with the ECA. Mr. Dean inquired as to whether his record was good with the Bureau and I advised him that it had been.

He then stated that he would like to get the names of anybody else that the Bureau had in mind and he asked about Jim McInerney in the Criminal Division. I advised him that I knew of McInerney but was not familiar with his record in view of the fact that he had been out of the Bureau quite a few years.

Mr. Dean again requested that if the Bureau could furnish any names to him it would be greatly appreciated.

MEMO FOR MR. TOLSON

The Director inquired as to whether we had recommended former SAC Arthur H. Crowl and Stephen Thorne Lawrence. The files do not reflect any contacts prior to their appointment by RCA and it appears that Lawrence had his job with RCA at the time he resigned in 1947. Crowl resigned in 1945. In addition to these two, former SA Duffy worked with RCA as did former Special Agent [redacted]. Mr. Mohr advised it is desired that Crowl not be recommended in the future.

In connection with the request of Niles Trammell for two men in NBC, Mr. Mohr and I suggest that the following former Agents be given to Trammell:

Burton F. Wiand
Paul, William Haviland

Roger F. Gleason

John Walter Yeagley.

If the Director approves, a biographical sketch will be furnished with a letter.

Respectfully,

L. B. Nichols

Mr. J. Edgar Hoover, Director
Federal Bureau of Investigation
U. S. Department of Justice
Washington 25, D. C.

Dear Mr. Hoover:

I have just finished reading an article in Look Magazine entitled "Is John Jones a Communist" by Leo Rosten, which related an actual and detailed account of how your Bureau conducts a loyalty investigation.

In view of the unfounded and scurrilous attacks on the excellent work being done by the Bureau in the recent past, I believe this article furnished the much needed enlightenment to millions of Americans on the difficulties encountered by the Bureau in obtaining the facts in all cases. The forthrightness of this article shows a concise and vivid picture of the thoroughness with which the Bureau undertakes its responsibilities.

Naturally I feel very close to the Bureau and it is most gratifying for me to hear so many favorable reactions based on that article which I wanted to pass on to you. I sincerely hope you will again find it possible to furnish data to writers in a position to shed the proper light on the great and necessary work being done by you and your Bureau.

Yours very truly,

Your communication mirrors some of my own thoughts and you may be sure that we of the FBI are grateful for Mr. Rosten's clear and analytical picture of the Bureau's responsibility in the Federal Employee Loyalty Program. I wish to point out that many people are misled and not fully aware of the FBI's true role as a fact-finding agency and the explanation set forth in Look Magazine did much to place in proper focus the work we are doing.

MEMORANDUM FOR MR. TOLSON

On October 16, 1952, I saw former Special Agent Walter Yeagley of the Reconstruction Finance Corporation. Mr. Yeagley discussed with me generally the matter referred to in the attached memorandum of October 15, addressed to me by Mr. Holloman.

I told Mr. Yeagley I thought that he certainly had indicated for the record in the Reconstruction Finance Corporation his views about the assignment of Agents to a Congressional Committee and I felt he had been proper in so indicating in the event there should arise in the future any criticism as to this practice.

MEMORANDUM FOR THE DIRECTOR

0
Former Agent Walt Yeagley, of the Reconstruction Finance Corporation, called me this afternoon. He stated that something had come up at RFC, which has him greatly concerned and, in view of the interest that you have taken in him in the past and especially in connection with his attaining his present position with RFC during the time that Mr. Symington was Administrator, he wanted you to know the story.

Yeagley advised that shortly before October 1, 1952, Mr. Harry McDonald, Administrator of RFC, received a call from Senator Hennings, the new Chairman of the Subcommittee on Privileges and Elections, who had assumed the Chairmanship of this Committee when Senator Gillette resigned from this Chairmanship. Senator Hennings at that time advised Mr. McDonald that he was in dire need of two veteran investigators and asked whether or not it would be possible for RFC to lend Mr. Harvey Fosner, a veteran investigator with RFC, and Mr. Bill Miller, former FBI Agent and presently a top investigator for RFC, to the Subcommittee on a reimbursable basis for a period of time. At the time of this call from Senator Hennings, McDonald acceded to his request and approved the loan of these two investigators. Shortly thereafter, Yeagley learned of this matter, at which time he "hit the ceiling," and immediately recognized the political implications and the fact that this setup could seriously embarrass RFC, the Administrator, and Yeagley, especially in view of the fact that this Subcommittee apparently has its number one job to investigate Senator McCarthy. Yeagley stated that they also probably would investigate Mr. Symington, who is running for the Senate from Missouri. Yeagley, therefore, went to the Administrator, Mr. McDonald, and told him the possible implications and convinced Mr. McDonald he had made a mistake in agreeing to lend these two investigators to the Subcommittee, and McDonald thereafter recontacted Senator Hennings and withdrew his approval for this loan.

14-40994-3
However, in the meantime, apparently Senator Hennings had talked to Senator Hayden, who, Yeagley states, is scheduled to be the new Chairman of the Appropriations Committee, and that Senator Hayden had interested himself in this matter. After McDonald had convinced Senator Hennings that it

*(Senator Hayden is a member of the Rules and Administration Committee, of which committee this sub-committee is a part.)

AG NOV 16 1952

Memorandum for the Director

would not be advisable to lend the Subcommittee these two investigators. Senator Hayden, however, talked to President Truman while the President was on his trip through the West and at that time President Truman informed Senator Hayden he would approve the loan of these two investigators from RFC to the Subcommittee. However, Yearley stated that he felt so strongly on the matter that he advised McDonald to resist these attempts and as a result, on October 13, Mr. McDonald was called to the White House, at which time he saw Mr. Feeney, Mr. Dawson, and Mr. Matthew Connelly. Allegedly McDonald was able to convince these three individuals of the mistake that would be made in the loan of these two investigators and, as a result, Connelly allegedly talked to the President concerning the matter for the stated purpose of having the President revoke his previous commitment to Senator Hayden. However, the President stated he had made this commitment and that it would stand.

As the matter now stands, the investigators are to report to the Subcommittee on Monday, October 20, 1952, and Yearley states that he is uncertain at this time what to do and that he has thought strongly of resigning in protest against this action.

Yearley stated that as a matter of background, Paul Cotter, who formerly had Yearley's position at RFC, was now the Chief Counsel for the Senate Subcommittee on Privileges and Elections, and Yearley therefore feels that Cotter is using his background with RFC to make the requests of the two top investigators in RFC. Yearley also advised that when he went to RFC his secretary had formerly been secretary to Cotter, but that he, Yearley, had eased the secretary out and that she now was Cotter's secretary with the Subcommittee.

Yearley stated that he feels that if these investigators of RFC are permitted to be on loan with the Subcommittee to conduct investigations into Election Frauds and particularly to conduct investigation of Senator McCarthy, that it will not only precipitate a possible political mess, but would also be very embarrassing to RFC. Yearley stated he frankly did not know what to do.

Memorandum for the Director

Yeasley stated he would like to talk to you within the next few days, if your schedule would permit, and he indicated that the purpose would be to talk about the matter that he outlined to me above. I told Yeasley that very frankly I did not think you would want to be committed on a problem of this kind. He readily agreed and stated he did not want to ask you any questions that would be embarrassing or to put you in any position that would not be entirely proper, but that he would like to talk to you, even though it is merely to tell you about the problem he now has.

Frankly, from my conversation with Yeasley, it appeared he was somewhat despondent regarding this situation and was frantic over what he should do. He obviously was seeking advice and wanted to get your reaction to the problem and any advice that you might be able to give. I feel sure that after I talked to Yeasley that he now understands the position you would be in in connection with a matter of this kind.

It is noted, however, that Yeasley still would like to talk to you sometime at your convenience.

Respectfully,

F. C. Holloman

Walter Yeagley, former Agent, called me on January 23rd and referred to his previous conversation with you regarding his desire to obtain a position as an Under-Secretary of the State Department. He said he had been interviewed by Thruston Morton, a new appointee in State (Assistant Secretary for Congressional Relations). Morton told Yeagley that Don Lowry, newly appointed Under Secretary for Administration had not been able to talk to anyone and Morton was handling the interview for Lowry. Morton has talked to 3 others regarding various positions and intimated some of the 3 were ex-Agents.

Yeagley was greatly encouraged over getting something worthwhile and will see Morton again next week.

Yeagley asked that you be advised and if any inquiries were made of you he would appreciate what you could do for him.

Respectfully submitted,

MEMORANDUM FOR MR. TOLSON

Today I saw former Special Agent Walter Yeagley, who is in the General Counsel's office at RFC. Mr. Yeagley wanted to advise me of the status of his efforts to obtain the position of Deputy Undersecretary of the State Department in Charge of Security. He outlined the number of persons whom he had contacted and the fact that a contact of his in the State Department is arranging for him, Mr. Yeagley, to have luncheon with Mr. Lowrie, the new Undersecretary of State, possibly this week. Mr. Yeagley is quite anxious to obtain this appointment as Deputy Undersecretary of State because he thinks that he could make a real contribution to the improvement of the security of the State Department.

Former Special Agent Walter Yeagley, now with RFC, called again concerning his interest in obtaining the position of Deputy Under Secretary of State. He stated that he had a conference with Donold Lourie of the State Department who in the discussion indicated that the job they contemplated for Yeagley involved a reduction in responsibility and authority from the previous under secretaryship. No definite action was taken and Yeagley indicated a desire to discuss the matter further with you. I advised him of your heavy schedule and that I would advise you of his desire to discuss the matter with you.

In view of the time which you have given to Yeagley and your present heavy schedule, it is suggested that he be advised that you are unable to schedule an appointment with him at this time.

MEMORANDUM FOR THE DIRECTOR

Yesterday, former Special Agent Walt Yeagley, who is now with RFC, called in regard to his recent efforts to secure a position in the State Department. He stated that on February 17, 1953, he had talked to Donald Lourie at the State Department, at which time Lourie had generally offered him a position which would be over Boykin. Boykin now has under him security, consular affairs, and various other responsibilities, and Yeagley advised Lourie that he thought that security at State should be paramount and that someone should be placed in charge of one division which would include personnel, security and the inspection service, in order that security would be pointed up. He stated that with the present administrative set-up in the State Department, he did not think that security would be given the attention it should. He therefore told Lourie that if a reorganization could be effected, which would emphasize security, that he would immediately accept the position. Upon the completion of his discussion with Lourie, the matter was still in an indefinite state and Lourie stated he would be in touch with him later. Lourie indicated to Yeagley at that time he thought Yeagley's recommendations concerning the reorganization were excellent and that they made sense.

Yeagley called me this morning and told me Lourie had called him last night and said the position at the State Department had been decided upon and that the job had been offered to and accepted by an individual who was quite prominent in certain circles. Yeagley stated that Lourie did not indicate who the individual was, but from the rumors he has heard and from what Lourie told him, he feels that the position has been given to former Special Agent Scott McLeod. Yeagley advised that he thought the action on the part of the State Department, in giving the job to McLeod, was to appease the critics of the State Department on the Hill, as McLeod is now the Administrative Assistant to Senator Bridges and, according to Yeagley, is well-thought of by Senator McCarthy.

Yeagley wanted you to know how much he appreciated your efforts on his behalf and stated he was going to drop you a line and thank you for all you had done for him and he only regretted he had not been able to secure the position under the terms which he thought would be to the benefit of the State Department and to the country.

Respectfully,

F. C. Holloman

Dear Mr. Hoover:

I want you to know that I deeply appreciate your support in my quest for the job of Deputy Under Secretary of State for Administration. When I met Mr. Lourie he said that you had given me a nice recommendation, and I am sure that is the reason that he wanted to talk to me.

As it developed, they are not going to fill the Humelsine job, however, we discussed other possibilities. I believe Mr. Holloman has relayed to you the story of Mr. Lourie's subsequent offer to me of the job of Executive Director over the Chief of the Bureau of Security and Consular Affairs, and my reply that it would be necessary, in my opinion, to include Departmental and Foreign Personnel, and the Inspection Corps in order to have the authority to get the job done. He said he thought that could be arranged, and would call me back regarding the exact responsibilities and salary. However, I did not hear from him again for several days when he called last night to advise me that they had been on the Hill almost constantly, that the name of a man who was well known in certain circles had entered the picture, that they had to make a quick decision, and that they decided to hire the other person. I declined his invitation for further discussions today, regarding a second job. He said that they had not as yet decided what responsibilities would be given to the new man, but hoped to be able to make an announcement today.

I am sorry that the matter did not work out as I had hoped, but have absolutely no regrets at not getting a job where my hands would be tied.

It is most reassuring to know that I had received your recommendation. Many thanks again.

Yours most respectfully,

J. Walter Yeagley

Dear Mr. Hoover:

Yesterday I received a telephone call from Senator McCarthy, and I want to thank you for recommending me to him. Later in the day I talked the matter over with him in his office, but I did not feel that I could accept his offer. It didn't strike me as being the kind of a job that would lead me anywhere in particular, yet, it also would have meant a reduction in pay.

Nonetheless, I appreciate having had the opportunity to explore the matter with the Senator. Many thanks again for having thought of me in this connection.

MEMORANDUM FOR MR. TOLSON

MR. NICHOLS

Senator Joseph McCarthy called me today concerning our previous conversation about the possibility of his obtaining the name of somebody who might be good in a supervisory job on the Senator's Committee, and the Senator wondered if I had given the matter any thought. I told him I had and that I thought he might want to consider J. Walter Yeagley, a former Bureau Agent who is presently in the office of the General Counsel of the Reconstruction Finance Corporation. I stated Mr. Yeagley was 43 years old, married, had an A. B. and an LL. B from the University of Michigan, entered the Bureau in February, 1942, and resigned in June, 1948, and lives at 5040 36th Street, North, Arlington, Virginia. I stated I thought Mr. Yeagley had ability along that line, that his record while with the Bureau was very good, that he was an excellent lawyer, and had been considered for the security job in the State Department. The Senator stated the job would pay \$11,600 and asked if Yeagley was the kind of man our men would have confidence in, and I stated he was, that we had worked closely with him since he had been in RFC, but I did not know whether he would be interested. Senator McCarthy said he thought he would call Mr. Yeagley and see if they couldn't get together and I told him that if Yeagley wasn't interested I would see if we could furnish him another name.

I received your letter of March 10, 1953, and it was kind of you to advise me of the results of your interview with Senator McCarthy.

I want you to know it was a pleasure for me to recommend you to him but, of course, the decision as to whether you would accept the position was one that you would have to make yourself.

You have my best wishes for continued success.

During the course of my conversation with Senator Joseph McCarthy on another matter he mentioned that he did not believe Walter Yeagley was going to take the position which had been offered him. Miss Gandy ✓

Former Special Agent Walter Yeagley dropped by last night and stated that he had been in conference with Mr. Olney of the Department concerning the position as Olney's assistant. Yeagley stated the Attorney General saw him late yesterday afternoon and he accepted the job as Olney's assistant.

Yeagley stated that when he had talked to Mr. Olney on Monday, as to the job, there was nothing definite and Olney seemed to be indefinite as to whether or not he would offer the job to Yeagley. However, yesterday they agreed and Olney took Yeagley to the Attorney General who advised Yeagley that the job was his.

Yeagley stated that the position would be assistant to Olney and that Olney had told him that at first he wanted Yeagley to work on administrative matters and to reorganize the Criminal Division. After this has been done, Olney told Yeagley that he would expect Yeagley to run the Criminal Division in order to give Olney more time to work on specials and on projects. Olney mentioned the waterfront cases as the type of case that he planned to give more attention to and would when Yeagley took hold. Olney indicated to Yeagley that he, Yeagley, would be in charge of the Criminal Division when Olney was away.

Yeagley indicated that they had offered him the same salary that he is now making which, I believe, is Grade GS-16. They discussed when he would report for work and he suggested April 27. The Attorney General and Olney stated that this was not soon enough as they wanted him to report earlier. This date, however, was left indefinite.

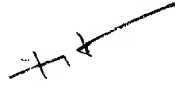

Yeagley stated that Olney did mention that the FBI would have to conduct an investigation of him; that although you had recommended to him that they did not want to make any exceptions to the general rule that everyone must be investigated before they began work. Yeagley indicated that Olney might mention this matter to you today at the Attorney General's Luncheon; he might also ask how long it will take to conduct an investigation of Yeagley.

29 MAY 11 1953

Yeagley stated that he hoped that by being in the Criminal Division he would be able to assist the Bureau and stated he would like for us to give him leads from time to time on things that need to be corrected. He stated that he would see to it that our interests are protected at all times and wanted us to advise him so that everything we wanted could be accomplished.

Yeagley stated he would like very much to talk to you today, if possible. I told him your schedule was very crowded but that you would be advised.

Respectfully,

Attached is a memorandum dated March 27, 1953, reflecting that Washington Field was instructed by airtel of the same date to institute an immediate investigation regarding possible violation of the Grand Against the Government and Theft of Government Property Statutes on the part of [REDACTED] Federal Security Agency employee.

By way of background [REDACTED] is the individual who was mentioned at the conference had by a Bureau representative with Mrs. Hobbs, Administrator, Federal Security Agency and Jack B. Woodward her Administrative Assistant on March 19, 1953. Information was furnished by Woodward to the effect that a civil service investigation disclosed that [REDACTED] who has been employed by the Federal Bureau Agency in an administrative capacity since 1942, associated with several employees that were homosexuals. As a result he was able to contact these employees to perform certain personal services at his home and to utilize their services in building a summer camp on Chesapeake Bay. It was also reported that [REDACTED] while acting in a procurement capacity with the Federal Security Agency awarded a contract to a Baltimore, Maryland, concern for the removal of waste paper without obtaining the necessary bids. As a result it is alleged that [REDACTED] received financial kickback from this firm. This matter is presently being investigated by the Washington Field Office.

It was also alleged that [REDACTED] is currently Government employee for work at his camp on Chesapeake Bay and that he is presently in the illegal possession of this property. Washington Field is also investigating this matter.

Mrs. Hobbs was advised by Mr. B. A. [REDACTED] in the [REDACTED] of [REDACTED] 1953, that the Bureau does not intend to prosecute [REDACTED].

In view of the number of homosexuals allegedly working in FSA Mrs. Hobby asked the Bureau representative in the conference on March 19, 1953, if the Bureau could detail a man to help her with her problem. She was advised that this was impossible but that the Director would be pleased to recommend some former Bureau Agents to her whom she might wish to consider as an over-all security man.

In letter dated March 20, 1953, the following names of former Special Agents were submitted to Mrs. Hobby:

1. J. Walter Yengley
2. Robert A. Guerin

MEMORANDUM FOR THE DIRECTOR

FEDERAL SECURITY AGENCY

Former Special Agent Walter Yeagley, RFC, whom you recommended to Mrs. Hobby for a position in the FSA, called. He stated that he had talked to Mrs. Hobby on Saturday morning; however, because of the fact that they could not set up a position that would pay comparable to his present salary and the fact that the position he was offered would be such that he might later find himself under the control of others had made him decide not to accept the position.

Mr. Yeagley stated that Mrs. Hobby needs help very badly. That apparently FSA was loaded with a great number of Donald Davidson appointees that Oscar Ewing employed and that as a matter of fact she had only brought in only one appointee since she took office, that is, Beardwood. The position that they offered him was that of head of Compliance, Investigations and Security and at first only offered him a GS-14; however, later they increased this offer to a top of Grade GS-15. Yeagley stated that FSA advisers had told Mrs. Hobby they could not pay more and that she had accepted their word and apparently does not know how to go about setting up positions that should be established. He stated that in view of the fact that FSA will require a considerable reorganization and such drastic changes would have to be made, he does not think that he should enter into such a position without salary or title as he could expect to be the recipient of attacks by the old timers in the Department and he feels that his job should carry at least the title of Assistant Administrator so that he could withstand such attacks.

From what he could learn, things were in a pretty bad condition at FSA and that Mrs. Hobby needed somebody there right away in order to reorganize the entire operation. He stated that he was embarrassed because you had recommended him and that he had not accepted the appointment but he did feel that unless they gave him some of a position he would not be able to do the drastic reorganization that was necessary and still withstand the attacks that he would necessarily have to undergo.

Yeagley stated that Mrs. Hobby thinks a great deal of Rufus Miles, Assistant Administrator for Program, who is in GS-18. Of course, she is depending almost entirely on Beardwood who she brought in. Don Smith.

we know about these things.

who is an old Donald Dawson appointee, is Director of Personnel. Yeagley thought this position was very weak.

After Yeagley refused the pending position at FSA, they then tried to persuade him to come to FSA for two or three months on loan from RFC in order to reorganize it entirely. However, he stated that it was not possible for him to leave RFC on loan.

From what Yeagley told me, it appears that things are in pretty bad shape at FSA and that Yeagley would like to go to FSA as it would be a challenge to him but he feels he should not make a permanent move when his future would be somewhat in doubt because the position set up would be weak.

Yeagley wanted you to know these facts and to express to you his appreciation for recommending him. He stated that he would write you a letter today regarding this matter.

With reference to Mr. Rosen's memorandum of March 27, 1953, and the Director's notation that someone should see Cole and explain the reason for our investigation of [redacted], I desire to advise that while in the House Office Building yesterday, I dropped by to see Congressman Cole. He was not in. I called him this morning. I mentioned the necessity for the investigation. The Congressman said he thoroughly understood; that he had first got the opinion we were starting a new investigation of [redacted] which he could not see the necessity of, but that once the Agent explained to him he was merely bringing up-to-date our investigation, he thoroughly concurred with the purposes of the investigation.

I told the Congressman that with reference to his new duties as Chairman of the Joint Committee, if we could be of any assistance to let us know as we had taken a great deal of pride in the cordial relationship that had existed between the Joint Committee and the FBI since its inception. He stated Senator Hickenlooper had already told him to get in touch with us; that he wants to get a new staff director as quickly as possible and that the Senator had told him he had previously spoken to me about this. I told the Congressman we had given considerable thought to this matter and we had some names we would give him.

The Director has heretofore approved giving the names of J. Walter Yeagley, Leonard E. Edwards, Burton F. Wiand, Robert Guerin and E. C. Kennelly. Edwards has recently taken a job with the Appropriations Committee and will enter on duty on April 15th. Kennelly is now counsel for one of the subcommittees of the House Committee on Government Operations. I do not think either Edwards or Kennelly would be ideally suited for the staff director's job; however, I think Guerin, Wiand or Yeagley would be.

FORMER BUREAU AGENTS ASSIGNED TO THE
CRIMINAL DIVISION, DEPARTMENT OF JUSTICE

COPY

John W. [unclear]
Attached hereto, in response to Mr. Mohr's request, is a memorandum bringing up to date summaries of all known former Agents assigned to the Criminal Division of the Department of Justice. You will recall that the first memorandum on this subject was prepared February 3, 1953, on the Director's instructions and a photostatic copy of it is also attached for reference purposes.

In the current memorandum, Mr. Mohr, desired that each Agent be placed in one of three categories, namely, Poor, Good or Very Good. Accordingly, a sentence to that effect is placed at the conclusion of each summary in this memorandum.

As a yardstick in determining which rating should be assigned to the Agents, the criteria to be considered were such things as whether the Agent resigned or was involuntarily separated, whether the Agent resigned at a time when his services were urgently needed, whether the Agent's expressed reason for resigning appeared to be genuine as borne out by subsequent information, whether the Agent's performance record was entirely satisfactory and whether there has come to the Bureau's attention any information reflecting on the attitude of the Agent since leaving the service.

Reference is made to the memorandum from Mr. Edwards to Mr. Glavin dated 2-3-53 in which information is set forth concerning various former Special Agents believed at that time to be connected with the Department of Justice in the Criminal Division. In accordance with the request by Mr. Tolson, this information is being brought up to date at this time in view of certain recent additions of former Special Agents of this Bureau. It should be noted that it has not been possible to make any extensive contact with the Department itself in connection with this listing; however, a discreet check was made with the Department switchboard, simply making inquiry concerning whether certain of the individuals listed below were currently listed as attorneys in the Criminal Division of the Department of Justice. This inquiry was conducted on May 11 and 12. It revealed that all the individuals listed below currently are listed on the Department's telephone exchange with a current extension and as being in the Criminal Division, with the exception of Thomas J. Donegan and Emmett since their files indicate they are connected with the Department of Justice in the New York City office.

It should further be noted that at the time the previously-referred to memorandum dated 2-3-53 was prepared, a former Special Agent named Joseph Romaine Cannon was listed as being in the Criminal Division; however, the current check revealed that he now is listed as being in the Tax Division. Accordingly, no information concerning Cannon is being set forth at this time.

Set forth below are brief thumbnail sketches of the Bureau service of former Special Agents whose files reflect that they may be presently assigned to the Criminal Division of the Department of Justice.

CHARLES E. BODSON

Mr. Bodson served as a Special Agent of the Bureau from April 27, 1930, until July 13, 1931, when his voluntary resignation was accepted. At the time of his separation he was in Grade CAF 8 at \$3000 per annum. He subsequently applied for reinstatement in October, 1931, but his application was not given favorable consideration. It should be noted that the Director made the following notation on a letter dated 10-4-31 which Mr. Bodson sent to Mr. Tolson requesting that he be reinstated: "My recollection is that this man was not above the average. I do not think we want him. 10-5-31 JEH." Additional information in the file reflects that following his Bureau service he was employed in the Division of Accounts in the Department of Justice. The Bureau likewise received inquiry concerning him from the Department of Labor. At the time of his resignation he stated that he was submitting it because he felt that in other fields there may be a transfer of the effective training and supervision which he had received in his short stay in the Bureau. In view of the above comments, it is not felt that his over-all rating should be described as other than poor.

It should be noted that there is no information in Bodson's file later than a memorandum dated 5-29-34 with the exception of a copy of the above-mentioned memorandum from Mr. Edwards to Mr. Glavin dated 2-3-53 concerning various former Special Agents believed at that time to be connected with the Criminal Division of the Department of Justice.

[REDACTED]

Mr. [REDACTED] entered on duty as a Special Agent on May 12, 1941, and resigned effective at the close of business December 29, 1950, stating that he desired to return to some type of legal work where he could utilize to a greater extent his knowledge and experience as an attorney. At the time of his resignation he was in Grade GS 12 at \$7000 per annum. In his separation performance rating, former SAC Hottel rated him Very Good and said he was mature, resourceful and had been found adequate with respect to initiative, forcefulness and aggressiveness. He was one of those Agents assigned to the Washington Field Office who performed a minimum amount of voluntary overtime during October, 1950, during which month his daily average was 3 minutes. In explanation of this, he pointed out that a baby had been born to him and Mrs. [REDACTED] on September 3, 1950, which made it necessary for him to spend as much time at home as possible.

b6
b7c

His file reflects that after leaving the Bureau's service, he entered on duty in the Department of Justice as a trial attorney in Grade GS.13 on January 8, 1951. The Director vigorously protested the action of the Department in considering the employment of this former Agent without first consulting the Bureau.

Information in his file reflects that he was a member of the committee which arranged a testimonial dinner in honor of James M. McInerney at the National Press Club, Washington, D. C., on Thursday evening, March 26, 1953.

In view of the fact that Mr. [] resigned at a time when b6 his services were urgently needed in the Bureau, and in view of b7C the above information, it is not felt that his record can be described on an over-all basis as other than poor.

THOMAS J. DONEGAN

Mr. Donegan entered on duty as a Special Agent on October 16, 1933, and voluntarily resigned effective March 1, 1946. He stated that his resignation was caused by a need to correct his financial condition and he planned to do so by practicing law and stated that he further planned to occupy space with George Grace of the firm of Grace and Grace in New York City. At the time of his resignation he occupied the position of Assistant SAC of the New York Office in Grade CAF 14 with salary of \$7700 per year. His services while an Agent of this Bureau were consistently above average and he held a number of highly responsible supervisory positions for a number of years. Since leaving the Bureau he has expressed a most co-operative attitude and has been in frequent contact with both the Director and most of the other officials. Information in his file reflects that a press release was given by the Department of Justice on 2-10-53 to the effect that Mr. Donegan was being appointed as a Special Assistant to the Attorney General for the purpose of presenting to a Grand Jury, any and all evidence of perjury, espionage, and other crimes growing out of the previous Grand Jury investigation of United States citizens employed by the United Nations. It should be noted that Mr. Donegan has previously performed as Special Assistant to the Attorney General on other occasions. He participated in the presentation of evidence to Federal juries which indicted Alger Hiss, William W. Remington and Judith Coplan.

By memorandum from Mr. Tamm to the Director dated 2-17-47 information is set forth reflecting that then Attorney General Clark had contacted Mr. Tamm relative to the possible appointment of Donegan to serve as a Special Assistant in the Department in the Criminal Division, and Donegan's qualifications were discussed. This would clearly indicate that the Director made the following comment on this memorandum, "All I can say is Donegan would make a good office assistant..." This matter of appointing Donegan at that time dealt with the possibility of seeking an indictment in the Gregory case.

In view of the above information, it is felt that Donegan's over-all record can be classified a well above average.

[redacted]

Mr. [redacted] served as a Special Agent from April 22, 1946, until October 24, 1952. He voluntarily resigned effective the latter date due to personal and family reasons. At the time of his resignation he was in Grade GS 12 at \$7440 per annum. On his separation report SAC Hood rated him Satisfactory and commented he was mature and conducted himself at all times in a manner becoming a Special Agent. During October, 1950, Mr. [redacted] while assigned to the Washington Field Office, averaged only 8 minutes per day voluntary overtime and in explanation explained that he had performed a good deal of paper work at home rather than in the office and had not regarded this as official overtime. His file reflects that on December 29, 1952, he entered on duty as a trial attorney in the Department of Justice at \$7040 per annum in Grade GS 12. It should be noted that at the time SA [redacted] resigned there was no active recruiting program then going on to secure additional Special Agent personnel. He advised that he was resigning in order to secure some type of legal position. He furnished this information at the time he was afforded his exit interview following the date that he submitted his letter of resignation. He also stated in the course of this interview that he desired to continue to maintain his home in Washington. He was rated as Good in 1947, Very Good in 1948, Excellent in 1949, Very Good in 1950, Satisfactory in 1951 and 1952. No information in his file reflects that the Bureau was consulted prior to the time [redacted] entered on duty in the Criminal Division of the Department of Justice. b6 b7C

In view of the above comments, it is not felt that former SA [redacted]'s record can be classified as anything other than average.

[redacted]

Mr. [redacted] entered on duty as a Special Agent on January 21, 1941, and voluntarily resigned effective March 10, 1951, stating he had found it necessary to seek a position which would afford him additional remuneration to provide properly for his family. His Bureau record was generally satisfactory but not outstanding. At the time of his resignation he was in Grade GS12 at \$7200 per annum. SAC Stein rated him Satisfactory on his separation report and commented he had done excellent work on the Security Squad in the Washington Field Office. His file reflects that after resigning from the Bureau, he was employed as assistant Security Officer at the Defense Production Administration and in the Internal Security Section of the Criminal Division of the Department of Justice as an attorney. It should be noted that [redacted] resigned at a time when his services were critically needed by the Bureau. At the time he resigned, in his letter of resignation dated 2-22-51 he stated he b6 b7C

found this action necessary in order to secure a position which would afford him additional remuneration to provide properly for his family. Information contained in his file reflects that Senator Pat McCarran, in the course of the hearings held concerning the present Attorney General, charged that an attorney in the Department had submitted 2 briefs on Lattimore - one against the prosecution of Owen Lattimore. This attorney was eventually determined to be [redacted]. In the course of information developed concerning this allegation, [redacted] had allegedly stated he "needled" the Bureau into writing a memorandum concerning the case, but he allegedly told Sourwine that Mr. [redacted] denied saying that he had needled the Bureau into evaluating the Lattimore testimony.

b6
b7c

His file reflects that he reported to duty in the Criminal Division of the Department of Justice on March 17, 1952, where he was employed as an attorney in the Internal Security Section of the Criminal Division in Grade GS 13. A memorandum was prepared for the Special Inquiry Section on 1-28-52 for transmittal to the Department of Justice relative to the service record of [redacted]. At that time his services were described as entirely satisfactory. There is no indication that any further check was made by the Department with this Bureau prior to the time [redacted] assumed duties in the Department of Justice.

In view of the above information, and particularly in view of the time at which [redacted] submitted his resignation when his services were urgently needed by this Bureau, it is felt that his over-all record should be classified as poor.

EMMETT FRANCIS McNAMARA

Mr. McNamara served as a Special Agent from 6-7-37 until 7-17-51. He submitted his voluntary resignation effective at the close of business on that date, giving as his reason the desire to practice law. He was in Grade GS13 with a salary of \$7800 per annum at the time of his resignation. He received Excellent performance ratings in 1947, 1948, 1949, and 1950, and was afforded a rating of Satisfactory the date he resigned. His file reflects that he was given the position of Trial Attorney (General) in Grade GS 13 with a salary of \$8360 in the Criminal Division of the Department of Justice effective 7-3-52. It was ascertained recently through the New York Office that he is still connected with the Office of the United States Attorney in New York City, at which place he has performed duties with the Department. An announcement card postmarked December 8, 1951, reflects that Mr. McNamara was engaged in the private practice of law in Bay Shore, New York, at that time. Subsequent to his departure from the Bureau he ran on the Democratic ticket for the position of Supervisor of Islip Town, New York; however, he was defeated in this campaign.

Mr. McNamara's file reflects that a memorandum was prepared for the Special Inquiry Section on 5-17-52 for transmittal to the Department of Justice relative to his service record. This memorandum reflected that his services were satisfactory. No other information is contained in the file reflecting that a check had been made by the Department with the Bureau prior to the time he entered on duty with the Department of Justice.

In view of the fact that Mr. McNamara accepted the position of Trial Attorney with the Department of Justice less than a year following his resignation, and inasmuch as shortly after his resignation he attempted to secure the position of Supervisor of Islip Town in the course of a political campaign, it is not felt that he furnished the true reason for his resignation, that of his desire to practice law, at the time he resigned. It should also be noted that Mr. McNamara resigned from this Bureau at a time when his services were urgently needed in view of the Korean emergency. In view of the above information, it is felt that he should be described as poor.

[redacted]

Mr. [redacted] served as a Special Agent from August 12, 1940, until January 5, 1951. He voluntarily resigned, stating he desired to seek employment in the business or legal field. At the time he resigned he was in Grade GS 13 at \$7600 per year. He was one of those Agents assigned to the Washington Field Office who performed a minimum amount of voluntary overtime during October, 1950, when he averaged 23 minutes overtime per day. On his separation performance rating, former SAC Hottel rated him Good and commented he had been forceful and aggressive and had demonstrated initiative and resourcefulness. His file reflects that he entered on duty as a trial attorney in the Department of Justice on January 22, 1951. The Director vigorously protested the action of the Department in considering the employment of this former Agent without first consulting with the Bureau. No information is contained in [redacted] file indicating the date of his resignation. In view of the fact, however, that he resigned at a time when his services were critically needed by the Bureau in view of the Korean emergency, it is felt that his over-all record should be classified as poor.

CLARENCE EDWARD NICHOLSON, JR.

Mr. Nicholson entered on duty as a clerical employee on September 3, 1940, and was appointed to the position of Special Agent on February 1, 1943. He submitted his resignation under date of December 15, 1950, stating that he desired to practice law in the District of Columbia and his resignation was accepted effective at the close of business December 29, 1950. At the time of his separation he was in Grade GS 12 at \$6800 per annum. He had a very good record in the Bureau and in his separation performance rating former SAC Hottel rated him Very Good and stated

his work had been performed in a satisfactory manner. Prior to his separation, Mr. Nicholson saw the Director on September 28, 1950, and advised it had always been his ambition to practice law and he had recently been in touch with the Criminal Division of the Department to see whether there would be an opening to which he might be appointed which would be a stepping stone to the ultimate practice of law on the outside. The Director advised him that no exception could be made in his case with reference to granting clearance in this connection and that it would be necessary to adhere strictly to the policy of granting no releases at that time. His file reflects that on January 8, 1951, following his resignation, he entered on duty as a trial attorney in the Department of Justice at \$7600 per annum in Grade GS 13. No information is contained in the file of Mr. Nicholson subsequent to his resignation from the Bureau reflecting any derogatory remarks made by him relative to the Bureau. It is reflected that he served as a member of the committee arranging for a testimonial dinner in honor of James M. McInerney, former Assistant Attorney General, which was held on the evening of March 26, 1953.

Information set forth in a memorandum from Mr. Nichols to Mr. Tolson dated 1-16-51 reflects that Mr. Nichols personally contacted Mr. Peyton Ford, then Deputy Attorney General, in connection with various former Special Agents, including Nicholson, who were being considered by the Department of Justice. He advised Mr. Ford that the Director had personally told Nicholson some months previous that the Bureau would not grant him a transfer and he felt that the Department was out to disrupt the morale of the Bureau by hiring such individuals. The file contains no indication that the Department specifically contacted the Bureau concerning Nicholson prior to the time he was employed.

In view of the fact that Mr. Nicholson resigned from this Bureau at a time when his services were urgently needed, and since he immediately resumed employment with the Department of Justice, it is felt that his over-all record should be classified as poor.

CHARLES HENRY OLSEN

Mr. Olsen served as a Special Agent from April 28, 1947, until December 22, 1950. He submitted his voluntary resignation to attend law school. At the time of his separation he was in Grade GS 11 at \$5600 per annum. He was assigned to the Washington Field Office at the time he resigned. During an inspection of the Washington Field Office in December, 1950, Inspector Harbo reported that another Agent had stated Olsen felt he had been forced out of the Bureau but that Olsen had said it was more accurate to state he was forced to make a choice between going to law school or staying in the Bureau and that the change in the schedule of reallocations was a financial blow to him because he was set back 18 months in getting an increase. Former SAC Hottel recommended

against favorable consideration of any application for reinstatement and Mr. Harbo concurred in this recommendation. While in the Bureau Olsen was rated as Very Good in 1948, 1949, 1950, and at the time of his resignation. In connection with his resignation he stated that he could not perform overtime along with his regular work and still attend law school. It was because of his desire to complete his law school education that he stated he was leaving. No information is contained in his file relative to any comments or activities on his part that would reflect in a derogatory fashion towards the Bureau.

Mr. Olsen's file reflects that he received an appointment as a trial attorney, Grade GS 12, in the Criminal Division of the Department of Justice effective 12-15-52. It further reflects that a memorandum was prepared for the Special Inquiry Section for transmittal to the Department of Justice on 7-10-52. This is the only indication that any contact was made by the Department with the Bureau prior to the time he was employed in the Criminal Division. This memorandum relative to his service record contained the statement that his services were satisfactory.

In view of the fact that he left this Bureau at a time when his services were critically needed, it is felt that his record must be classified as poor.

ORAN HOWARD WATERMAN

Mr. Waterman served as a Special Agent from February 16, 1942, until September 21, 1945. He submitted his voluntary resignation effective the latter date in order to accept other employment. At the time of his resignation he was in Grade CAF 11 at \$4300 per annum. His file reflects that subsequent to his resignation, inquiries regarding his service record were received from the Office of Special Investigations of the U. S. Air Force, from the Civil Service Commission, and from the Central Intelligence Agency. His service record was also made available to the Department of Justice in March, 1951, in connection with his being considered for the position of attorney in the Criminal Division. This service record memorandum described his services as entirely satisfactory.

A recent instance arose in which it was felt that Waterman, now an attorney in the Criminal Division of the Department of Justice, was guilty of deception in his dealings with the Bureau. This matter arose in connection with the [redacted] Kurt L. Ponger, Espionage case. By memorandum dated April 22, 1953, from Mr. Belmont to Mr. Ladd relative to this matter, information was set out reflecting that the crux of this whole matter of alleged deception was that the preliminary interviews by Government attorneys of [redacted] and Ponger, including the alleged consultation by CIA, had been reported to Mr. Belmont as being for the purpose of evaluating the attitude of Ponger and [redacted] and the information which they

b6
b7c

might furnish. It had been stated that as soon as a decision had been reached and the subjects were willing to talk, the FBI would handle the interviews, and in the Ponger case the decision was made as soon as Ponger pleaded guilty. However, as the facts developed it appeared that the decision was made as soon as Ponger pleaded guilty and yet an interview was conducted thereafter by Government attorneys and CIA and was going on, even at the time Mr. Belmont was notified by Waterman of the guilty plea. At that time Waterman suggested that the FBI hold off interviewing Ponger until 1:30 P. M. due to Ponger's emotional and excited state.

In view of this action by Waterman in requesting that the Bureau hold off on the interview of Ponger, even though he was then being interviewed by CIA, it is felt that his attitude toward the Bureau at this time could be classified as most unco-operative. In view of the above information, it is felt that his over-all record should be described at this time as poor.

BENNETT WILLIS, JR.

Mr. Willis entered on duty as a Special Agent on August 10, 1942, and submitted his voluntary resignation effective at the close of business January 18, 1949, to accept a position as Personnel Director with the publishing firm of William H. Wise and Company, Inc., New York City. At the time of his separation he was in Grade CAF12 at \$6474.60 per annum. His services were generally satisfactory as a Special Agent. Subsequent to his resignation confidential information was received that Mr. Willis had taken an active position in the United World Federalists and had apparently made frequent speeches in connection with his work in that organization. Information was also received that although he was officially Personnel Director for the Wise publishing company, he was employed part time by an organization which published "Counterattack." His service record was furnished to the Department of Justice in January, 1951, at which time he was being considered for the position of attorney in the Criminal Division and his service record was also furnished to the State Department in April, 1951, in connection with an investigation being conducted of Mr. Willis under the Voice of America program. The Department was advised by information in the above-resignation from the Bureau, the Bureau had received a number of inquiries concerning Willis. These inquiries were described as reflecting the fact that he had taken an active position in the United World Federalists and had apparently made frequent speeches in connection with his work in that organization.

In view of the fact that Mr. Willis did not continue his association with the William H. Wise and Company, Inc., and is now completely away from the publishing business, it is not felt that the information furnished to the Bureau at the time he left has proved to be correct.

In view of the above information, and particularly in view of his connection with the United World Federalists and with Counter-attack, which information came to the Bureau's attention subsequent to his resignation, it is felt that his over-all record should now be described as poor.

JOHN WALTER YEAGLEY

Mr. Yeagley entered on duty as a Special Agent on 2-2-42 and resigned on 6-11-48 at which time he was in Grade CAF 12 with salary of \$6144.60 per year. He recently assumed a position as an attorney in the Criminal Division of the Department of Justice. At the time he resigned he stated he was doing so because it was necessary for him to acquire a larger income. Following his departure from the Bureau he held the position of Chief of Security at Economic Co-operation Administration. Subsequent to that time he held a position in the office of the General Counsel of the Reconstruction Finance Corporation. Since leaving the Bureau he has been in frequent contact with the Bureau through personal calls and correspondence, and has expressed a very co-operative attitude.

By letter dated 3-30-53 from the Director to Honorable Warren Olney, III, Assistant Attorney General, biographical sketches of four former Special Agents of the Bureau, all described as having excellent qualifications for the position previously described by Mr. Olney, were transmitted to him. One of the biographical sketches related to J. Walter Yeagley. Mr. Olney was advised that the Director did not know whether any of them would be interested or available in the position but suggested that the Department was in contact with the Bureau prior to the time any action was taken toward the appointment of Yeagley.

It is felt that the reason given by him for leaving the Bureau has been borne out and in view of his co-operative attitude as expressed by him since leaving the Bureau, it is felt that his over-all record can be classified as Very Good.

FOR IMMEDIATE RELEASE
FRIDAY, APRIL 24, 1953

DEPARTMENT OF JUSTICE

Attorney General Herbert Brownell, Jr. announced today the appointment of J. Walter Yeagley, native of Indiana, as First Assistant to Assistant Attorney General Warren Olney, III, head of the Criminal Division of the Department of Justice.

Yeagley, who presently resides in Chesterbrook Woods, Fairfax County, Virginia, was born on April 20, 1909, at Angola, Indiana.

He was educated in the public schools of South Bend, Indiana, and attended the University of Michigan from which he received his AB Degree in 1931 and L.L. B. Degree in 1934. He is a member of the Indiana State and American Bar Associations.

From 1934 until 1942, he practiced law in South Bend, with his father. He then entered the Federal Bureau of Investigation as a Special Agent, serving until 1948. He participated in the preparation of evidence which resulted in the first indictment of Communist leaders on charges of conspiring to teach and advocate the overthrow of the United States Government by force and violence.

In 1948, Mr. Yeagley went to the Economic Cooperation Administration as Director of its Security Division. In 1951 he became Associate General Counsel of the Reconstruction Finance Corporation, a position which he held until his appointment in the Department of Justice.

FOR IMMEDIATE RELEASE
FRIDAY, APRIL 24, 1953

DEPARTMENT OF JUSTICE

Attorney General Herbert Brownell, Jr. today announced that a District of Columbia Federal grand jury has indicted Joe Adonis on two charges of perjury in connection with his testimony before the Senate Crime Committee in 1950.

Adonis, whose real name is Joseph Doto, presently is confined to the New Jersey State Penitentiary, Trenton, as a result of a State conviction on charges of conspiracy to operate a gambling house. He also faces a three-month sentence in a Federal prison for contempt of Congress in connection with the Senate Crime investigation and is under indictment for perjury before a Bergen County, New Jersey grand jury investigating waterfront racketeering and gambling.

The first count of the indictment charges that in his testimony December 12, 1950, he falsely stated that he was born in Passaic, New Jersey. The second count charges that he falsely stated he was a citizen of the United States.

The indictment, resulting from evidence presented by Assistant United States Attorney William Hitz, under direction of United States Attorney Leo A. Rover, carries maximum penalties of ten years' imprisonment and \$10,000 fine or both. It was brought under the Code of the District of Columbia.

Adonis has claimed that he was born in Passaic and was, therefore, a native-born citizen of the United States. However, the Government has previously charged in

a deportation warrant served on Adonis in February, that he actually was born in Italy in 1903 and entered this country in 1909 with his alien mother and three brothers. Proceedings in this matter are stayed pending completion of his prison sentences already imposed.

MEMORANDUM FOR THE DIRECTOR

Mr. Walter Yeagley, former Special Agent in the Bureau and now employed at the Reconstruction Finance Corporation, whom you will recall you saw on December 3, 1952, called me today. He referred to his conversation with you concerning his desire to secure a position as Deputy Under Secretary of State. He stated he wanted to merely keep you advised of the status of this matter and to report that although he has had a lot of contacts working on his behalf, no political pressure has been exerted. He has had no favorable responses to date.

I thanked Mr. Yeagley for calling and told him I was sure you would appreciate his advising you regarding this matter.

On 3/16/54 former Special Agent Walter Yeagley, who is now on the staff of the Attorney General in the Department, advised me that the captioned applicant is the daughter of his secretary and that although she had initially applied for regular full-time employment, he has since learned that she has been offered a partial scholarship which may mean her going to school in September but she would be interested in summer employment. He wanted to advise the Bureau of his unqualified recommendation of this young lady and he states he believes she would be a conscientious and loyal employee, measuring up to the high standards of the Bureau.

After checking, I ascertained that Miss 's application is being processed for possible summer employment and I told Mr. Yeagley we appreciated his recommendation and that we would give every possible attention to this applicant consistent with our vacancies and her qualifications.

While talking to Yeagley on another matter on the morning of August 16, 1954, he advised that he was leaving his position as First Assistant to Olney in the Criminal Division and will become First Assistant to Assistant Attorney General Thompson of the new Internal Security Division in the Department. Yeagley said he thought he would be taking over his new duties sometime during the first week in September. *Price*

Yeagley said he had given the matter careful consideration and had consulted with both Olney and Rogers as to whether he should make the move. This was after Thompson told him that he, Thompson, had authority to obtain Yeagley as his Assistant. It appears that Olney was non-committal, according to Yeagley. While Rogers did not come out openly and make a commitment he, Yeagley, got the impression that Rogers would like to have him in the Internal Security Division.

Yeagley stated that he was most interested in the field of security work and preferred it over and above straight criminal work. For this reason, he has made up his mind to make the move.

Yeagley was asked as to the identity of his successor who would be the First Assistant to Olney. He said that possibly Alan Lindsay would be moved in to that position. He stated further, however, that he did not know whether Olney would ask for David Luce, who is presently in the Tax Division. Luce, by way of identification, formerly was with Olney in the Criminal Division and then was placed in the Tax Division in connection with criminal prosecutive work.

Yeagley advised that Olney is on annual leave until approximately August 30th and he, Yeagley, will probably wait until one week thereafter to assume his new duties. *26-1764-140*

A request dated 9-20-54 has been received from the Special Inquiry Section, Investigative Division, for the service record of former SA Yeagley based on a request from the Atomic Energy Commission. Yeagley from 1953 to date has been First Assistant, Criminal Division, Department of Justice and AEC's interest is from a security clearance standpoint since he was to be transferred 8-30-54 as First Assistant, Internal Security Division.

Yeagley entered on duty in the Bureau 2-2-42 as a Special Agent and served in the Baltimore, Milwaukee and Albany Offices, also was assigned to confidential SIS duties and latterly served in a supervisory capacity at the SOG until he submitted his voluntary resignation effective at the close of business 6-11-48 when in Grade CAF 12 at \$6144.60.

By letter dated 5-15-48 Yeagley resigned for personal reasons. He had advised the Director 5-18-48 that he desired to acquire a larger income because of family conditions and the Director informed him he would be sorry to lose his services and that if he could assist Yeagley the latter should feel free to refer any inquiry to the Bureau. He was commended 6-2-44 for his fine preparation of a report on Communist activities in Chile. He was recommended 3-1-48 for long range development as SAC. All of his performance ratings were satisfactory and no administrative action was taken against him during his period of Bureau service. After leaving the Bureau he engaged in security work with the Economic Cooperation Administration 1948 - 51 and became Associate General Counsel of the Reconstruction Finance Corporation from 1951 - 53. Since leaving the Bureau he has been in frequent contact through personal calls and correspondence. His attitude and actions since he has been employed in the Department certainly cannot be described as helpful or as serving the best interests of the Bureau when consideration is given to the recommendations and assistance he has received from the Director and Bureau in the past.

In spite of the above facts it is deemed appropriate to comment in the attached Service Record Summary that Yeagley's services were

satisfactory and that nothing derogatory was known concerning his character or integrity during his period of Bureau service.

At the conclusion of his training period Mr. Clegg said he was above average, made a good substantial appearance, reflected a good background, needed to develop a possibly more friendly personality, and he should develop into an above average Agent.

RECORD IN GRADE CAF-9, \$3200: On 4-25-42 he was assigned to Baltimore. SAC Soucy said he had an even disposition, acted in a mature manner, seemed to be more confident than the average new Agent, handled a good volume of work with limited supervision and correction, in his report writing and investigative work he had shown better than average progress and was a willing worker, had good team spirit and was considered as having better than average possibilities.

On 8-30-42 he was transferred to Milwaukee. On 10-27-42 SAC O'Connor rated him as GOOD and said he presented a good personal appearance and had a good personality, was businesslike in his approach, serious-minded, made a good impression on contacts, appeared to be definitely interested in the Bureau's work, enthusiastic and industrious, capable of independent thought, his investigations had been thorough and his reports well written, he analyzed his cases and exercised good judgment, he was capable of handling any type of investigation, was dependable, had qualified in the use of firearms, and his status was very satisfactory. Mr. Santoiana recommended that he be used on the SIS assignment presently contemplated for him and he might be assigned to any given area, and he should make a good candidate for a more specialized type of SIS assignment at some future date.

On 6-28-43 he departed Washington en route to and was transferred to Valparaiso, Chile on 9-11-43.

On 2-11-44 Mr. Carson rated him VERY GOOD and attached thereto the comments of Acting Legal Attache Dacy who said he had progressed to the point where he was able to use Spanish-speaking informants, he had been able to help on technical surveillances, had shown a proper amount of interest in his work, appeared to adapt himself to the conditions existing in a foreign assignment, and he maintained customary Bureau standards as regarded his personal appearance and his personal conduct.

On 3-31-44 Legal Attache Speakes rated him as VERY GOOD and said his cover had not been particularly beneficial as it had not given him any real opportunity to develop other than economic information, he had devoted himself principally to the investigation of Communist activities and it was felt that he was doing a very good job, he was at present doing work which could properly be classed as Excellent, however, it was felt that in view of a somewhat slow start made by him a rating of Very Good more accurately reflected his over-all classification, he took real interest in his work, appeared to have adapted himself extremely well to living conditions, he maintained his cover extremely well in an area where such was very difficult, he made a good impression on contacts, he was able to organize and initiate investigations in an intelligent manner, and it was thought that he was fitted for a position involving administrative ability.

During an inspection of the Santiago office in June, 1944, Inspector Gurnea said he did not exhibit punch or enthusiasm, was intelligent, however, and had a good grasp of Bureau duties, he was married and desired very much to be joined by his wife, and it was not felt that he had executive or supervisory ability. By memorandum dated 9-9-44 Mr. Carson recommended that he be recalled for assignment to the domestic field inasmuch as his cover was getting thin and his effectiveness in obtaining information had materially decreased as a result thereof and due to the fact this Agent was desirous of returning to the United States.

On 9-22-44 Legal Attache Speakes rated him EXCELLENT and said that though his cover had not been particularly beneficial as to furnishing him with sufficient reason for conducting investigations he had nevertheless utilized it to the utmost advantage possible and considering that he had done very well as an undercover Agent, he had made many friends, was mature, possessed good personal habits, he had handled many Spanish speaking informants and it was believed that he had attained an adequate knowledge of Spanish to enable him to conduct general investigations in Latin American countries.

During an inspection of the Albany office in February, 1945, Inspector Vincent said he was very businesslike to the extent that he was reserved in his manner, he did not appear to have enthusiasm although the results obtained in his work indicated that he did have this quality,

he had a better than average mind, was steady and undoubtedly would use good judgment, he attended to his duties with very little supervision and was considering again volunteering for SIS work since some of the assignments now permitted Agents to take their wives with them, and he was handling Communist and general investigations in a very satisfactory manner.

Mr. J. S. Rogers interviewed him during In-Service Training in June and July 1945 and said he made a very good, neat personal appearance, he was mature, seemed to have considerable poise and generally created a favorable impression.

On 8/3/45 SAC Starke rated him EXCELLENT and said the comments contained in the efficiency report of 5/21/45 were still applicable at this time and that he made a good, mature appearance, appeared to be above average in intelligence and had a pleasing personality, and should continue to develop in the Bureau's service.

On 3-31-46, Mr. Carson rated him VERY GOOD and said he presented a good appearance, had a good personality, handled himself well in conversation and interview, had a likeable manner and seemed to be able to make friends quite easily. He was quiet and reserved as to manner, performed his duties in a satisfactory manner and was showing commendable improvement and development with respect to administrative and supervisory duties. He handled his dictation in a satisfactory manner, was intelligent, enthusiastic and very hard working and handled his assignments in a commendable fashion. He impressed one with his sincere and conscientious devotion to duty and his future progress and development in the Bureau's service should be rapid and favorable. Due to a basic increase in pay, effective 7-1-46, his salary was increased to \$5905.20 per annum.

During an inspection of the SIS Division at the Seat of Government in July, 1946, Inspector Gurnea said he did not appear to have the force and aggressiveness one would expect in a Bureau Agent, he was intelligent, however, and was thoroughly conversant with his work. He was considered as being above average but not outstanding.

On his 1947 annual efficiency report he was rated EXCELLENT, by Inspector Carson who advised this Agent had been assigned as a Supervisor in the SIS Division at the SOG throughout the past year, he had been assigned during this time to the supervision of Communism and related matters in Latin America. He presented a good appearance, had a good personality and made a satisfactory impression upon those with whom he came into contact, he had handled his duties as supervisor in an entirely satisfactory manner, displayed intelligence, energy, alertness and initiative in the performance of his duties and was believed to be above average in this respect. This Agent analyzed the cases and investigative matters coming under his supervision and had proven effective and successful in the supervision thereof, he was very cooperative and was believed to be completely loyal to the Bureau.

By memorandum dated 4-24-47, it was requested that this Agent be removed from the SIS rolls and returned to the regular rolls of the Bureau effective 5-4-47.

On 4-18-47 he was recommended for consideration in connection with a supervisory assignment on the Central Research Desk in the Internal Security Section but at the Executive Conference on 4-30-47 Mr. E. A. Tamm did not concur.

He was promoted under the provisions of the Uniform Promotion Act to \$6144.60 per annum in Grade CAF-12, effective 8-24-47.

On 11-29-47 it was recommended that SA Yeagley be assigned to one of the Communist Desks and on 2-7-48 in a memorandum to Mr. Ladd, Mr. Coyne advised that unless advised to the contrary this Agent would be assigned to the Central Research Desk, which desk was greatly in need of additional manpower to properly execute the responsibilities with respect to the working responsibilities of that desk and it was understood that the Inspector was in thorough agreement with this view.

On 2/12/48, he prepared a brief regarding the Constitution of the Communist Party in which he made an analysis of the pertinent provisions. Director's notation: "A very excellent analysis and worthwhile reading."

During an inspection of the Security Division in February, 1948, the Inspector (J. A. Carlson) advised he had worked extensively in the preparation of the Communist Party brief, was unquestionably thoroughly familiar with his subject, had a keen interest in the field of Communism, possessed a very pleasing personality and his services as a supervisor were undoubtedly highly satisfactory.

By memorandum dated 3/1/48, Mr. Ladd recommended him for consideration on a long range basis for development as a Special Agent in Charge.

On 3/31/48, Mr. Ladd rated him EXCELLENT and advised that for a period of months he had been assigned exclusively to the preparation of the Communist Party Brief in conjunction with supervisors Lish Whitson and E. H. Winterrowd. He presented an excellent appearance, was intelligent, enthusiastic, handled his assignment on the CP brief in an exemplary fashion, exhibited initiative and used excellent judgment in handling the many problems which arose in connection with this brief, he was considered to be outstanding in every respect and his prospects for further advancement in the Bureau appeared to be excellent. He was considered to be both SAC and ASAC material.

The Director saw him on 5/14/48, and advised that Agent Yeagley stated it was necessary for him to acquire a larger income and had decided to submit his resignation. The Director told him he would be sorry to lose his services and if there were anything he could do to assist him, to feel free to refer any inquiries to the Bureau.

By letter dated 5/15/48, he submitted his resignation to be effective 6/11/48. On his cease-duty efficiency report, Mr. Ladd rated him EXCELLENT and stated he had developed a very excellent knowledge of Communism and had demonstrated his capabilities as a supervisor in that field. He had recently been assigned to the Research Desk in the Internal Security Section and the caliber of his work on that desk had been eminently satisfactory. He presented an excellent appearance, was an intelligent, enthusiastic, industrious and loyal Bureau employee, during his tenure in the Internal Security Section as a supervisor he had exhibited considerable initiative and used excellent judgment in handling the many problems which arose, he was well grounded in Bureau policy and had demonstrated on many occasions his ability to apply this policy to his every day work. He was very definitely an above average supervisor and was considered as outstanding in every respect.

By memorandum dated 6/11/48 Mr. Nease advised that Yeagley had dropped by his office that morning, advising that it was his last day of work and stating that the Director might be interested in knowing that he had made application with the Economic Cooperation Administration for the position of Security Officer, which was the position recently turned down by Pat Coyne. He stated he had been interviewed by them and it was probable that they would make some inquiry at the Bureau. He further indicated that he had been asked by a Senator and a Representative of Congress to hold off accepting any position immediately since a new committee might be set up in Congress and they were desirous of securing his services as Counsel. He did not indicate what type of committee it might be.

The Director saw former Agent Yeagley on 6/28/48 and advised that Mr. Yeagley had stated he planned to gradually increase his investigative personnel, in the Economic Cooperation Administration, and would like to be able to check with the Bureau in cases of former employees. The Director advised him that he would be very glad to accede to his request. The Director stated that Mr. Yeagley's requests were to be promptly acted upon.

By memorandum dated 7/20/48 Mr. Ladd reported he had interviewed Mr. Yeagley and that he had inquired concerning the discontinuance of name checks and was fearful that it might have been due to some personal failing on his part. He was advised that it was the Bureau's policy to discontinue such name checks and only do that which was required by law, namely, conduct the investigations Yeagley referred to forms that had previously been submitted on which the word "clearance" had been printed and advised that he was arranging to have that eliminated from all forms used by the Economic Cooperation Administration inasmuch as he recognized it was ECA's job to clear and such could not be passed on to some other agency.

In view of the fact that the Director's name was listed as a reference by Mr. Yeagley in connection with his position with the Economic Cooperation Administration his service record was furnished to Mr. Paul G. Hoffman of the Economic Cooperation Administration by letter dated 7/29/48. (Mr. Hoffman was advised Yeagley was an outstanding employee who exhibited considerable initiative and excellent judgment, was alert, businesslike, conscientious, above average in intelligence, and made a favorable impression upon those with whom he came in contact and it was a pleasure to recommend him.)

By letter dated 3/14/49 he was thanked for his thoughtfulness and commendatory remarks concerning the efforts of the Bureau in connection with the investigation regarding Conlon and Gubitchev.

By letter dated 6/29/49 he was thanked for the sentiments he conveyed in his telephone call to Inspector Nease on 6/23/49 and was advised that it was most gratifying to learn of his continued interest in the Bureau. He was advised the Bureau appreciated his offer of service and that which he made on behalf of former Agent John F. Doherty.

By letter dated 10/27/49 he was thanked for his kindness and thoughtfulness

and his gracious comments in connection with the Bureau's activities in regard to the prosecution and conviction of the eleven top officials of the Communist Party.

In connection with the request of Niles Trammell for two men in the National Broadcasting Company, Mr. Yeagley's name was furnished on 3-7-50 as one to be considered in connection with the NBC's security program.

By letter dated 9-14-50 he was thanked for his thoughtfulness and interest in the Bureau which prompted him to bring to the Director's attention his observations and the public reaction to Leo Rosten's article "Is John Jones A Communist", which appeared in Look Magazine, and gave a realistic view of the FBI's true role as a fact-finding agency.

On 6-5-51 the Director saw former Special Agent Walter Yeagley who is now Director of Security of the Economic Cooperation Administration. Mr. Yeagley wanted to pay his respects and to express appreciation for the excellent cooperation which had prevailed between his office and the Bureau. His attitude seemed to be excellent.

Memorandum dated 8/25/51 reflected that he, as Director of the Security and Investigations Division of the Economic Cooperation Administration, had been placed in a "superior grade" and was now receiving grade GS-16, \$11,200 per annum.

On 11/14/51 the Director saw former Special Agent John Walter Yeagley, who had now been appointed by Mr. Stuart Symington of the RFC as Associate General Counsel of that organization. Mr. Yeagley called to thank the Director for recommending him to Mr. Symington and to express his desire to be of every assistance he could to the Bureau in his new duties. The Director thanked him for same. The Director believed he was a very earnest person and very loyal to the Bureau.

By letter dated 7/29/52 he was thanked for his letter of 7/26/52 in which he extended congratulations to the Director upon the Director's Thirty-fifth Anniversary with the Department of Justice.

On 10/16/52 the Director saw former Special Agent Yeagley. Mr. Yeagley discussed with the Director generally the matter referred to in the memorandum of 10/15/52 addressed to the Director by Mr. Holloman. The Director told Mr. Yeagley he (the Director) thought that he certainly had indicated for the record in the Reconstruction Finance Corporation his views about the assignment of Agents to a Congressional Committee and the Director felt he had been proper in so indicating in the event there should arise in the future any criticism as to this practice. It is noted by memorandum dated 10/15/52 to the Director, Mr. Holloman advised Mr. Yeagley called and stated something had come up at Reconstruction Finance Corporation, which had him greatly concerned, and he wanted the Director to know the story. Mr. Yeagley advised that shortly before 10/1/52, Mr. Harry McDonald, Administrator of RFC, received a call from Senator Hennings, the new

Chairman of the Subcommittee on Privileges and Elections. Senator Hennings advised Mr. McDonald that he was in dire need of two veteran investigators and asked whether or not it would be possible for RFC to lend Mr. Harvey Fosner, a veteran investigator with RFC, and Mr. Bill Miller, former FBI Agent and presently a top investigator for RFC, to the Subcommittee on a reimbursable basis for a period of time. At the time of this call from Senator Hennings, McDonald acceded to his request and approved the loan of these two investigators. Shortly thereafter, Yeagley learned of this matter, at which time he "hit the ceiling", and immediately recognized the political implications and the fact that this setup could seriously embarrass RFC, the Administrator, and Yeagley, especially in view of the fact that this Subcommittee apparently had its number one job to investigate Senator McCarthy. Yeagley stated that they also probably would investigate Mr. Symington, who was running for the Senate from Missouri. Yeagley, therefore, went to the Administrator, Mr. McDonald, and told him the possible implications and convinced Mr. McDonald he had made a mistake in agreeing to lend these two investigators to the Subcommittee, and McDonald thereafter recontacted Senator Hennings and withdrew his approval for this loan.

However, in the meantime, apparently Senator Hennings had talked to Senator Hayden (a member of the Rules and Administration Committee, of which committee this sub-committee was a part), who, Yeagley stated, was scheduled to be the new Chairman of the Appropriations Committee, and that Senator Hayden had interested himself in this matter. After McDonald had convinced Senator Hennings that it would not be advisable to lend the Subcommittee these two investigators, Senator Hayden, however, talked to President Truman while the President was on his trip through the West and at that time, President Truman informed Senator Hayden he would approve the loan of these two investigators from RFC to the Subcommittee. However, Yeagley stated he felt so strongly on the matter that he again urged McDonald to resist these attempts and as a result, on 10/13/52, Mr. McDonald was called to the White House, at which time he saw Mr. Feeney, Mr. Dawson, and Mr. Matthew Connelly. Allegedly McDonald was able to convince these three individuals of the mistake that would be made in the loan of these two investigators and, as a result, Connelly allegedly talked to the President concerning the matter for the stated purpose of having the President revoke his previous commitment to Senator Hayden. However, the President stated he had made this commitment and that it would stand.

As the matter now stood, the investigators were to report to the Subcommittee 10/20/52, and Yeagley stated he was uncertain what to do and that he had thought strongly of resigning in protest against this action.

He stated that he felt that if these investigators of RFC were permitted to be on loan with the Subcommittee to conduct investigations into Election Frauds and particularly to conduct investigation of Senator McCarthy, that it would not only precipitate a possible political mess, but would also be very embarrassing to RFC.

On 10/29/52 Mr. William C. Fisher, Director, Office of Personnel, Reconstruction Finance Corporation, was forwarded the Official Personnel Folder of Mr. J. Walter Yeagley, a former employee of the Bureau.

On 12/3/52 the Director saw former Agent Yeagley, who was now employed at the Reconstruction Finance Corporation. Mr. Yeagley informed the Director that he was endeavoring to obtain the position as Deputy Under Secretary of State in view of his background and knowledge of security matters and he wanted the Director to know of it in case any inquiries were made about it. The Director told him the Bureau would be very happy to recommend him if any inquiry was made of the Bureau.

By memorandum dated 1/24/53 Mr. Holloman advised that former Special Agent Yeagley called on 1/23/53 and referred to his previous conversation with the Director regarding his desire to obtain a position as an Under Secretary of the State Department. Mr. Yeagley said he had been interviewed by Thruston Morton, a new appointee in State (Assistant Secretary for Congressional Relations). Morton told Yeagley that Don Lourie, newly appointed Under Secretary for Administration had not been able to talk to anyone and Morton was handling the interview for Lourie. Morton had talked to three others regarding various positions and intimated some of the three were ex-Agents. Yeagley was greatly encouraged over getting something worthwhile and would see Morton again next week. Yeagley asked that the Director be advised and if any inquiries were made of the Director he would appreciate what the Director could do for him.

On 2-9-53 the Director saw former Agent Yeagley, who was in the General Counsel's office at Reconstruction Finance Corporation. Yeagley wanted to advise the Director of the status of his efforts to obtain the position of Deputy Undersecretary of the State Department in Charge of Security. He outlined the number of persons whom he had contacted and the fact that a contact of his in the State Department was arranging for him, Mr. Yeagley, to have luncheon with Mr. Lourie, the new Under-secretary of State. Mr. Yeagley was quite anxious to obtain this appointment as Deputy Under-secretary of State because he thought that he could make a real contribution to the improvement of the security of the State Department.

On 2-24-53 he called Mr. Holloman in regard to his recent efforts to secure a position in the State Department. Mr. Yeagley stated that on 2-17-53, he had talked to Donald Lourie at the State Department, at which time Lourie had generally offered him a position which would be over Boykin. Yeagley called Mr. Holloman on 2-25-53 and told him Lourie had called Yeagley and said the position at the State Department had been decided upon and that the job had been offered to and accepted by an individual who was quite prominent in certain circles. Yeagley stated that Lourie did not indicate who the individual was, but from the rumors he had heard and from what Lourie told him, he felt that the position had been given to former Special Agent Scott McLeod. Yeagley wanted the Director to know how much he appreciated the Director's efforts on his behalf.

By letter dated 2-25-53 he expressed appreciation to the Director for his support in his (Yeagley) quest for the job of Deputy Under Secretary of State for Administration. When he met Mr. Laurie he said that the Director had given Yeagley a nice recommendation, and he (Yeagley) was sure that was the reason that Mr. Laurie wanted to talk to him. Yeagley stated that he was sorry that the matter did not work out as he had hoped, but had absolutely no regrets at not getting a job where his hands would be tied.

On 3-9-53 the Director advised that Senator Joseph McCarthy called about the possibility of his obtaining the name of somebody who might be good in a supervisory job on the Senator's Committee, and the Senator wondered if the Director had given the matter any thought. The Director told him he had and that he thought he might want to consider J. Walter Yeagley, a former Bureau Agent who was presently in the office of the General Counsel of the Reconstruction Finance Corporation. The Director stated he thought Mr. Yeagley had ability along that line, that his record while with the Bureau was very good, that he was an excellent lawyer, and had been considered for the security job in the State Department. The Senator asked if Yeagley was the kind of man that one would have confidence in, and the Director stated he was, that the Bureau had worked closely with him since he had been in RFC, but it was not known whether he would be interested.

By letter dated 3-10-53 Mr. Yeagley stated that he had received a telephone call from Senator McCarthy, and he wanted to thank the Director for recommending him to Senator McCarthy. He talked the matter over with Senator McCarthy but did not feel that he could accept his offer. It didn't strike him as being the kind of a job that would lead him anywhere in particular, yet, it also would have meant a reduction in pay. Nonetheless, Yeagley appreciated having had the opportunity to explore the matter with the Senator and expressed his many thanks for having the Director think of him in this connection.

On 3-18-53 the Director advised that during the course of his conversation with Senator Joseph McCarthy on another matter he mentioned that he did not believe Walter Yeagley was going to take the position which had been offered him. He stated Yeagley told him the position interested him but he did not think there was enough possibilities in view of the limitation as far as salary was concerned. The Senator asked that the Director keep in mind the possibility of suggesting some other names to him and he was told that the Director would be glad to look into this.

By letter dated 3-30-53 Assistant Attorney General Warren Olney was furnished the name of this former agent, along with others, in connection with a request received from the Assistant Attorney General for names of former agents whom could fill a position which was open in the Department.

Memorandum dated 3-31-53 reflected that in view of the number of homosexuals allegedly working in Federal Security Agency, one Mrs. Hobby asked the Bureau representative in a conference on 3-19-53, if the Bureau could detail a man to help her with her problem. She was advised that this was impossible but that the Director would be pleased to recommend some former Bureau Agents to her whom she might wish to consider as an over-all security man. By letter of 3-20-53 the name of this former agent, along with others, was submitted to Mrs. Hobby.

By memorandum to the Director of 3-31-53 Mr. Holloman advised that this former agent called and stated he had talked to Mrs. Hobby; however, because of the fact that they could not set up a position that would pay comparable to his present salary and the fact that the position he was offered would be such that he might later find himself under the control of others had made him decide not to accept the position. He stated that Mrs. Hobby needed help very badly; however, in view of the fact that Federal Security Agency would require a considerable reorganization and such drastic changes would have to be made, he did not think that he should enter into such a position without salary or title as he could expect to be the recipient of attacks by the old-timers in the Department and he felt that his job should carry at least the title of Assistant Administrator so that he could withstand such attacks. He stated he was embarrassed because the Director had recommended him and that he had not accepted the appointment but he did feel that unless they gave him more of a position he would not be able to do the drastic reorganization that was necessary and still withstand the attacks that he would necessarily have to undergo. Mr. Holloman stated it appeared that things were in pretty bad shape at FSA and that Yeagley would like to go to FSA as it would be a challenge to him but he felt he should not make a permanent move when his future would be somewhat in doubt because the position set up would be weak. He wanted the Director to know these facts and to express to the Director his appreciation for recommending him.

By memorandum dated 4-2-53 Mr. Nichols advised that Congressman Cole, Chairman, Joint Committee on Atomic Energy had advised that he wanted to get a new staff director as quickly as possible and Mr. Nichols told him the Bureau had some names we would give him. It was felt that this former agent would be suited for this position. Mr. Tolson noted "I suggest Yeagley's name not be given. He has turned down several somewhat similar offers." The Director noted "I Concur."

By memorandum dated 4-8-53 to the Director Mr. Holloman stated this former agent dropped by and stated he had been in conference with Mr. Olney of the Department concerning the position as Olney's assistant. He stated the Attorney General saw him and he accepted the job as Olney's assistant. He stated that the position of assistant at first he would work on administrative matters and reorganize the Criminal Division. After this had been done, he was to run the Criminal Division administratively in order to give Olney more time to work on specials and on projects. He indicated they had offered him the same salary that he was now making which was GS-16. He stated he hoped that by being in the Criminal Division he would be able to assist the Bureau and stated he would like for the Bureau to give him leads from time to time on things that need to be corrected. He stated that he would see to it that our interests were protected at all times and wanted the Bureau to advise him so that everything the Bureau wanted could be accomplished. He stated he would like very much to talk to the Director today, if possible. He was told the Director's schedule was very crowded but that he would be advised.

On 4-10-53 his service record was submitted to the Department of Justice.

On 4-24-53 the Attorney General announced the appointment of this former Agent as First Assistant to Assistant Attorney General Warren Olney, III, head of the Criminal Division of the Department of Justice.

By letter dated 4-27-53 the Director congratulated him on his appointment as first assistant to Assistant Attorney General Warren Olney.

By letter dated 11-18-53 he complimented the Director on his marvelous presentation to the Senate Sub-Committee on Internal Security. He stated it was his opinion the Director's statement and answers to questions were, as usual, superb. This letter was acknowledged on 11-23-53.

By memorandum dated 8-16-54 Mr. Winterrowd advised that while talking to this former agent on 8-16-54, he advised that he was leaving his position as First Assistant to Olney in the Criminal Division and would become First Assistant to Assistant Attorney General Tompkins of the new Internal Security Division in the Department. He said he thought he would be taking over his new duties sometime during the first week in September.

By memorandum dated 9-20-54 Mr. Boardman advised that this former agent, who was presently the first Assistant to Mr. Tompkins, who headed the Department's Internal Security Division, had been designated as the Department of Justice Representative on the Interdepartmental Committee on Internal Security. Information was received on 9-20-54 that he had been designated by the President as Chairman of this committee.

Memorandum of 9-23-54 reflected that since employment with the Department his attitude and actions certainly could not be described as helpful or as serving the best interests of the Bureau when consideration was given to the assistance he had received from Director and Bureau in the past.

On 9-23-54 his service record was submitted to the Atomic Energy Commission. Atomic Energy Commission's interest was from a security clearance standpoint.

On 11-5-54 his service record was submitted to the Department of Justice.

By memorandum dated 10-28-55 Mr. Nichols advised that at the meeting of the Washington Chapter of the Society of Former Agents Frank Holmes was elected Chairman for the coming year that that Holmes nosed out this former Agent by about two votes.

By memorandum of 1-31-56 Mr. Nichols advised that Tom Donegan told him on Friday that he had heard that this former agent was a candidate for appointment to the Civil Aeronautics Board. Donegan stated he happened to be talking to Yeagley and told him he understood that he (Yeagley) was a candidate for the Civil Aeronautics Board, and Yeagley stated he didn't think anyone knew of this and asked Donegan where he had heard it. Donegan stated that he had just picked it up, and Yeagley then pointed out that he thought only the "top side" knew of it. Donegan stated the information he picked up was that Yeagley was being considered for the position and that his backers claimed that he was an outstanding example of the alumni of the FBI.

By memorandum dated 3-15-56 Mr. Nease advised that former Agent Marshall J. Bell had advised him that former Agent Yeagley had been offered the position of Director of Internal Audit, Internal Revenue, but had recently turned it down.

By memorandum dated 10-31-56 Mr. Nichols advised that this former agent called on 10-10-56 and stated that Assistant Attorney General Tompkins had instructed him to give consideration to preparing a speech that Tompkins wanted to give before the Former Agents Society at its annual convention in New Orleans within the near future. Tompkins told Yeagley that he would like to discuss matters concerning the "gangland era" in the 1930's. He stated he wanted to bring out cases that would be of interest to the former Agents and specifically those cases that were solved by the Bureau during the "rough days." He wanted to know if it would be possible to send him some information concerning these cases. Mr. Nichols stated that frankly, it would be advisable to ignore Yeagley's request inasmuch as it was felt that Yeagley had put the idea in Tompkins mind rather than Tompkins' mentioning it to Yeagley. Yeagley called back on 10-29-56 and stated he was convinced more than ever that Tompkins should talk about a number of old cases. It was recommended that the Bureau turn over to him information on old cases in view of his persistence in this matter. Mr. Tolson stated "I suggest we give him nothing. T." The Director noted "I certainly concur. I am not at all concerned about Yeagley's persistence. H."

On 4-24-58 he called to see the Director to discuss his new duties. He stated he did not know how long he would be in the position of Acting Assistant Attorney General but that certainly as long as he was he wanted to work with the Bureau and have a closer and better understanding than had existed under his predecessor, former Assistant Attorney General Tompkins. The Director told him he was glad to hear him express himself to that effect as the relationship with Tompkins had been most unsatisfactory and that as a result of Tompkins' actions, the Bureau had had to adopt a policy of making no suggestions and having as few contacts as possible with the Internal Security Division except on a strictly official basis. The best results could not be had unless there were mutual understanding and respect on both sides. He assured the Director that insofar as he was concerned, and also the Internal Security Division under his administration, he would see that the fullest cooperation was extended. He informed the Director that the Department had retained Mr. Tompkins to handle the appeal in the Abel case and that Tompkins also had been made a member of what was known as the Executive Reserve of the Department. He added, however, that neither of those designations would in any way affect the work or the policies of the Internal Security Division under him.

B. 2.

The Federal Bureau of Investigation has been designated as the sole civilian Government investigative agency, having jurisdiction over the investigation of matters pertaining to the national defense, that is, espionage, sabotage, registration of agents of foreign principals and the like. Further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, the National Motor Vehicle Theft Act, and numerous others. The Federal Bureau of Investigation has also been designated by Congress as the agency officially responsible for the tabulation and dissemination of police statistics for the entire country. Under an Act of Congress these statistics are gathered and are distributed to thousands of interested police and affiliated agencies each quarter so that trends of crime, crime records, and crime control can be known to those to whom it is of most interest. Further than this, the Federal Bureau of Investigation has been designated as the agency having jurisdiction over the classification and maintenance of fingerprint records, not only on a national basis, but on an international basis. We have some thirty-one million sets of fingerprints on hand today. We are receiving the fingerprint records of all persons enlisted or being inducted into the Army and enlisted in other military services. Thousands of persons in public utility positions are fingerprinted and the prints are retained in our files. Those working in national defense industries on many occasions are fingerprinted, their prints being included in our files. Our Government employees' prints are included. We are receiving thousands of criminal fingerprints from all police agencies in the country daily and it is essential that we immediately be able to notify the arresting agency of the criminal record of the individual because he may be wanted for more serious crimes in other sections of the country and if he is to be released on a mere vagrancy or other charge, he may be set free to continue his depredations on society. This Bureau, together with many other foreign countries, participates in the international exchange of fingerprints. Hundreds of international crooks are brought to task yearly through the media of this service we have rendered.

Our Criminology Laboratory handles the scientific examination of evidence in cases investigated by the Federal and local law enforcement agencies. A great deal of their work is done in the examination of suspected sabotage cases at the present time. The scientists in that Laboratory have lectured throughout the country on bombs and explosives so that local police agencies may be adequately prepared to handle any such matters which might arise under their jurisdiction.

There are contained in our Files Section the files of hundreds of thousands of individuals whose activities are of the greatest importance to the country today. The work of the Files Section and the records of that section which have to do not only with the investigation of kidnaping, extortion, bank robbery, and like cases but also the investigation of our espionage, sabotage, foreign agent cases, and others, are of course accessible to employees working in that unit. It is most essential that only the most trusted employees be so assigned.

B. 5.

The work of the Federal Bureau of Investigation is of the utmost importance in the national defense. It is essential that thoroughly qualified personnel of the highest integrity and background be secured for every position in the Bureau. Our work is the guarding of the internal security of the country, not only in national defense matters, but in the control of those criminals who previously had terrorized the country in waves of bank robbery, kidnaping, extortion, white slavery, automobile theft, and numerous other crimes. There is no doubt whatsoever in the minds of law enforcement officials that should any group be permitted to have the assurance that their activities were being minimized during the present national emergency, we would have a tremendous country-wide wave of crime in that particular category in a very short period of time. It is, therefore, essential that from a national defense standpoint and from a public security standpoint the Bureau maintain its qualified staff at an absolute maximum in order to continue to have control of the criminal element under its jurisdiction.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Subscribed and sworn to before me this 10th day of February, 19 42

B. 7. a. b. c.

The Federal Bureau of Investigation is primarily a service agency. We serve our Government and the public. We cannot determine the amount of work which is going to be referred to us. If there is a crime wave of local or national significance at any time the work of the Bureau is increased in comparison. Our identification, laboratory, and crime statistics facilities reflect very definitely the trends in the country. We must have available personnel to properly handle the thousands of fingerprint records being received by us daily. We are at the present time receiving approximately thirty-four thousand sets of prints daily. We must have a scientific staff in the laboratory to examine scientific evidence. We must have an investigative force of sufficient size to handle the work being referred to us. We must have a technical and supervisory staff of sufficient size to render the service to our investigative, identification, laboratory, and statistical staffs so that we may have the benefit of the wealth of information in our various files. The work of the Federal Bureau of Investigation has increased so tremendously that every employee in the Bureau, regardless of his position, is performing a tremendous amount of overtime service. Our Special Agent investigators are performing no less than four hours a day overtime service. In the present emergency we have found it necessary to curtail leave because of inadequate personnel and many of our men have worked over long periods of time without having any time off for vacation.

D. 1.

The additional duties imposed upon the Bureau since the declaration of the national emergency have made it necessary that our staff be more than doubled. From the information furnished under sub-heading B, it will be seen that it is essential to carefully investigate every employee in the Bureau. All of our employees in the performance of their work at one time or the other has opportunity to observe and note the content of confidential investigative reports, the publication of which would be most detrimental to the national safety. We have had considerable difficulty in securing sufficient employees. We find that out of applicants who file application, we are successful in appointing about one out of every one hundred. It, therefore, means that if we lose an employee after he is fully investigated and is being given training or has been experienced, we must again consider on an average, one hundred persons before he can be replaced. In the accelerated program of the Government it is essential that the Federal Bureau of Investigation work at top speed to keep abreast of its duties and investigation of matters pertaining to national defense, its regular activities, and its most important and essential identification activities at this time.

D. 5.

At the present time the Federal Bureau of Investigation is employing additional qualified persons as rapidly as they can be found. The assembled Congress has in the past several months passed several bills which will increase even to a greater extent our present volume of work. The needs of the service as to employees fluctuate with the periods of stress in the country.

D. 6. a.

Special Agents of the Federal Bureau of Investigation are given twelve weeks of training which embraces five hundred and thirty-five hours of study. During that period of time they are trained not only in investigative techniques and procedures but are qualified in the handling of firearms, mechanical devices, and technical devices in use by the Bureau. After entering the field service after training, their skill, of course, increases with their length of service in the field.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Liaison Section received a letter dated October 27, 1954, from the Interdepartmental Committee on Internal Security, Department of Justice, signed by Leonard Bienvenu, Executive Secretary, which letter requests a service record write-up and available investigative reports on former SA John Walter Yeagley inasmuch as Yeagley has been designated by the Department of Justice through the President to represent the Department on the Interdepartmental Committee on Internal Security of the National Security Council. The inquirer requests that the Bureau furnish the available reports and write-up to Mr. J. Patrick Coyne, who is the National Security Council representative on Internal Security. In accordance with this request an appropriate write-up is attached for approval to be forwarded to the Liaison Section, and Liaison Section will then send the attached write-up and appropriate investigative reports concerning Yeagley by cover letter to Mr. Patrick Coyne.

Reference is made to the attached memorandum dated September 23, 1954, summarizing Yeagley's Bureau service record and pointing out factors therein reflecting the advisability of commenting on service record inquiries to the effect that Yeagley's services were satisfactory and that nothing derogatory was known concerning his character or his integrity during his period of Bureau service. The attached memorandum was prepared at a time when inquiry had been received from the Atomic Energy Commission. A similar service record summary memorandum is attached for approval and transmittal in response to the present inquiry.

RECOMMENDATION

That the attached service record summary be approved and *67* routed to SA A. B. Fipp, room 7629, Liaison Section, for referral to the Department of Justice.

Mr. Tolson:

~~Tom Donegan~~ told me on Friday that he had heard that Walt Yeagley was a candidate for appointment to the Civil Aeronautics Board. Donegan stated that he happened to be talking to Yeagley and told him he understood that Yeagley was a candidate for the CAB, and Yeagley's reply was that he didn't think anyone knew of this and asked Donegan where he had heard it. Donegan stated that he had just picked it up, and Yeagley then pointed out that he thought only the "top side" knew of it. Donegan stated that the information he picked up was that Yeagley was being considered for the position and that his backers claim that he is an outstanding example of the alumni of the FBI.

At the meeting of the Washington Chapter of the Society of Former Agents last night, Frank Holmes was elected Chairman for the coming year; John Murray, Vice Chairman; Charles Noone, Secretary; and Paul Tierney, Treasurer. I have been informed very confidentially that Holmes nosed out Walt Yeagley by about two votes, while Ed Morgan received only a very small percent of the votes. I am told that the slate last night which was put into office pretty well breaks the hold of the old crowd.

I was very confidentially informed Jim McNerney, retiring Chairman, was very friendly in his comments last evening and gave Dan O'Connor a tremendous send-off and urged the Washington Chapter to get behind and support him at the National Convention of the Society of Former Agents. There has been bad blood between O'Connor and McNerney for some time.

Harold Nathan was present and was called upon and made a very effective talk. It was in a humorous vein but, nevertheless, was directed to the responsibility of former Agents incurred upon them by their association with the Bureau.

There is attached a copy of the slate of officers, along with the advanced registration for the Detroit Convention, November 10-12, 1955. It was stated that ninety percent of the Agents are taking their wives.

FEDERAL TRAIN WRECK STATUTE CASES
LOUISVILLE DIVISION

By memo 5-8-56 Louisville referred to a number of cases wherein indictments were returned alleging violation of the Federal Train Wreck Statute (FTWS) and perjury. Cases arose from Louisville and Nashville Railroad strike in Spring of 1955. First case set for trial 5-21-56. Memo stated AUSA B. Robert Stivers had advised that some of the defendants in this matter had attempted to bring pressure on Stivers through friends and acquaintances of Stivers to induce Stivers to show consideration for some of the defendants in this case. Stivers did not indicate had been contacted by anybody on behalf of defendants. Louisville memo does not indicate Stivers requested any investigation. It does not appear that this would constitute violation of obstruction of justice statutes.

Mr. Stivers also advised Louisville on 5-7-56 that the Office of the United States Attorney, Eastern District of Kentucky, had received info that union attorneys representing subjects in these cases had "access to FBI reports in the Department of Justice." According to Stivers, J. Walter Yeagley of the Department (an ex-FBI Agent), was reported to be a close friend of [redacted] a former Agent acting on behalf of the union. Yeagley was also reported to be a close friend and associate of [redacted] in the Criminal Division of the Department who was supposedly a former Agent. [redacted] and Yeagley are former Agents. [redacted] has been previously known to be active in behalf of the defendants in this case as a representative of the Railway Labor Executives Association. The attorney who handles FTWS cases in the Criminal Division is [redacted] and this is apparently the individual referred to above. There is no record of a [redacted] or a [redacted] having been Bureau Agents.

Louisville stated that it appears that [redacted] might have had access to the files since he knew much of the information which had been furnished by various witnesses when he questioned these witnesses. They point to the fact that a key witness in one case is a Mr. [redacted] who, following his grand jury testimony, was visited by [redacted] who attempted to take a signed statement from him which would have refuted the testimony he gave before the grand jury. They also point to the fact that in one case a key witness, [redacted] was contacted by [redacted] although there had been "a definite and rather successful effort to keep secret the

fact that he was a grand jury witness." Louisville stated it is apparent that the identity of [] was learned from the grand jury testimony which had been furnished to the Department inasmuch as [] knew when he interviewed [] exactly what [] had testified to before the grand jury.

Reasoning of Louisville Office not necessarily correct since we know [] has been doing active investigation on behalf of defense in this case and could have developed much of the info independently. It does not appear difficult for him to obtain the identity of grand jury witnesses particularly when jury sat in rather small town or to obtain from the defendants themselves the essence of the info to which the witnesses could testify. It is believed, however, that additional details should be obtained to clarify this matter and Mr. Sizoo telephoned SAC Gearty, Louisville, 10:15 a.m., 5-11-56, in regard to the following points:

1. Louisville Office instructed to recontact AUSA Stivers to determine whether he wanted any investigation of the alleged attempts of the defendants to influence him and if so, under what statute. Mr. Gearty stated that Stivers had requested no investigation and he felt that Stivers was merely passing this info to the Bureau. He was told to specifically ascertain from Stivers whether investigation was desired.

2. Gearty was instructed to immediately contact Stivers for any info in support of the general statement made by Stivers to the effect that union attorneys had access to FBI reports. He was told to tell Stivers that the Bureau must furnish this information to the Department and to provide all possible details.

Gearty said Stivers did not furnish any details but on another occasion, USA Cook had expressed concern over the thoroughness of [] investigation and speculates that [] appeared to have info not normally available to him. Gearty said that he and SA Frank Staabs were going to contact the United States Attorney's Office today in connection with this case, would discuss this matter thoroughly with Cook and Stivers, and advise the Bureau by telephone of additional details.

The above former Special Agent is presently Assistant to the President and Assistant Controller of the Bowser Corporation, Chicago, Illinois, and in his present capacity apparently comes to Washington fairly regularly. I saw him yesterday, and he informed me that he is not satisfied with his present employment and is interested in getting back into the Government.

He has been dickering with Deputy Commissioner of Internal Revenue O. Gordon Delk for a position as Director of Internal Audit. He tells me that Delk appears to be satisfied that he is qualified for the position but the Commissioner has not yet acted on the appointment. Under the reorganization of the Internal Revenue Service they have set up an Assistant Commissioner's job in charge of inspections. The Director of Internal Audit (Grade 16 position) would come under the Assistant Commissioner in charge of inspections.

Bell told me that former Agent J. Walter Yeagley had been offered this latter position but had recently turned it down. Bell indicated he had learned of the opening at Internal Revenue through former Special Agent Fred G. Robinette.

FEDERAL TRAIN WRECK STATUTE CASES
ARISING FROM THE LOUISVILLE AND
NASHVILLE RAILROAD STRIKE
LOUISVILLE, KENTUCKY
FEDERAL TRAIN WRECK STATUTE

Upon my return to the city I found that Assistant Attorney General Tompkins had sent me for my information a copy of your memorandum of May 14, 1956 to the Deputy Attorney General captioned as above in which you state U. S. Attorney Henry Cook advised you that he had learned through [redacted] of the Criminal Division that I was reported to have been contacted by Attorney [redacted] regarding these cases. I thought you would be interested to know that the original source from which Mr. [redacted] obtained this information was a memorandum I wrote to the Criminal Division on February 21, 1956 regarding Mr. [redacted]'s conversation with me. I am forwarding herewith two copies of that memorandum for your files.

b6
b7C

Lest there be any misapprehension on anyone's part I would like to make it clear that Mr. [redacted] did not ask me for any information nor would I ever expect him to nor did I give him any information from Department files. Quite the contrary, his purpose was to volunteer to the Department of Justice information in his possession which he felt indicated that at least two and possibly more of the indictments were not well founded and could not be sustained. You will note that my memorandum reflects that Mr. [redacted] had already conducted his interviews of witnesses and defendants before he saw me and had even obtained affidavits of sworn statements from some of them. You will also note that my memorandum to the Criminal Division of February 21 concludes "I am merely calling this to your attention for such action as you deem appropriate. I know Mr. [redacted] would be glad to show you or Mr. Collings or whomever you may designate the affidavits in his possession".

b6
b7C

I should like to add that Mr. [redacted] has been a very good friend of mine since about nine years ago when we first met as supervisors in the Bureau. As far as I ever knew or heard he was scrupulously honest and ethical at that time and I have neither heard nor seen anything about him that would lead me to conclude that he has changed in any way.

b6
b7C

As reflected in my memorandum of February 21, 1956, Mr. [redacted] did of course explain to me on that occasion his connection with these cases

98-42564-56

269964-145

1 MP
57

contrary to Mr. Cook's statement as reported on page 2 of your memorandum b6
to the effect that Mr. [] had said he was interested only out of b7C
curiosity. Those who know Mr. [] would expect I am sure that he would
conduct a very detailed, thorough and painstaking investigation in any case
in which he might accept legal representation. I do not find it surprising,
therefore, if he has a rather thorough knowledge of the case. In reference
to the penultimate paragraph in your memorandum in this regard I assume that
Mr. [] talked to most if not all of the witnesses who testified before
the grand jury. Apparently the minutes of the grand jury are still in the
custody of the United States Attorney in Louisville and have not been
examined to my knowledge by any attorney in the Department of Justice in
Washington.

I have no knowledge of or connection with any of the other matters
mentioned in your memorandum of May 14. However, if it is felt that I do
or should have knowledge of any such matters, I would like to be specifically
informed thereof so that the facts may be produced for your records. I have
always believed that the most valuable asset that a man can build for him-
self and family is a sound reputation for honesty and integrity, and that
one of the greatest comforts is the peace of mind that can only be gained
by playing the game fair and square. Having done the best I know how to
lead such a life and with three sons following me I propose to persevere
in maintaining that reputation.

Since the statement of Mr. Cook about me is hearsay and the original b6
source was my memorandum of February 21, 1956 I would like to request that b7C
if the occasion ever arises for the use of such information, whether in a
name check upon, or an investigation of, either me or Mr. [] that both
my memorandum of February 21 and this memorandum be produced or referred to.
It may be stated that copies can also be located in Department of Justice
files 95-30-25 and 95-31-59. I have, of course, fully informed Mr. Tompkins
of this division and Mr. Olney, Assistant Attorney General in charge of the
Criminal Division as well as the Deputy Attorney General, who has approved
the forwarding of the attachment to you.

Artemus Train Wreck
U. S. v. Walter H. Hall
U. S. v. Wilson Hodge
U. S. v. Floyd Gabbard

A few days ago a local lawyer friend of mine whom I consider to be absolutely honest stated that he thought we had some "phoney perjury indictments" in the Eastern District of Kentucky growing out of the captioned train wreck investigation. The local lawyer, Mr. [] said that although he does not represent the defendants directly he has done some work on the case for one of the unions of the non-operating railroad trainmen and apparently assisted in the selection of defense counsel. Defendants Hall and Hodge apparently were indicted for falsely testifying that on the afternoon of the train wreck they saw Constable Tom Rose at Moore's Hill. Mr. [] stated that it is his understanding that Rose was not called to testify before the Grand Jury; he also said that he has an affidavit signed by Constable Rose in which he stated that he was on Moore's Hill that afternoon and that he did see both Hall and Hodge; he stated that he clearly remembers it because at the time he was on his way to serve a warrant of arrest on one [] and that after passing Hall and Hodge he subsequently encountered a State trooper whom he knew; that while he was talking to the State trooper at 3 PM they heard the announcement of the train wreck on the trooper's car radio. [] says this is confirmed by the trooper and the records of arrest showing the service of the warrant.

b6
b7C

A quick examination of our file indicates that Rose was interviewed by the FBI. Unfortunately that interview does not seem to set forth a flat denial that Rose saw Hall or Hodge but he implies that he did not see them by relating that that afternoon he was engaged in going to Park Hill in order to make an arrest and that in the course of that trip he encountered State trooper Hendrickson.

Mr. [] also said that one Floyd Gabbard was indicted on several counts of perjury. He said that one of these charged him with falsely testifying before the Grand Jury by denying that he said to one C. B. White "don't let the railroad put it back if it takes killing to stop it". Apparently he had previously instructed White to put men on a broken or damaged bridge and to arm them if necessary. The issue seems

b6
b7C

67-269764-145

to be whether or not he said anything about resorting to killing. According to Mr. [] no one else was present at the conversation. He states that he has an affidavit from White that he never mentioned the word "killing" to the FBI and that before the Grand Jury he specifically denied that there was any mention of killing. This count of the indictment does not seem to be covered by the one FBI report in this file. Neither does it appear from the foregoing how the two witness rule would be met.

b6
b7C

When I suggested to Mr. [] that it would be better for him to take this up with the United States Attorney he said that already had been done and that the U. S. Attorney is not interested in talking about the matter and he stated flatly he does not intend to dismiss the indictments. Obviously Mr. [] is of the opinion that the indictments were not brought in good faith and were brought for ulterior motives without adequate proof. We do not seem to have enough information here to form even a tentative opinion as to how strong or weak the case might be. I understand the feeling on both sides of this controversy runs rather high in the local Kentucky area and for that reason I am not too certain how accurate the information is that Mr. [] may be getting. I should think, however, that the two affidavits Mr. [] has would be most disturbing. Regardless of what the true facts might be I should observe that Mr. [] is obviously extremely confident as to the outcome of certain of these indictments to the extent that he believes the government will be put in a very bad light in the local press for some of the charges that have been brought.

b6
b7C

I am merely calling this to your attention for such action as you deem appropriate. I know Mr. [] would be glad to show you or Mr. Collings or whomever you may designate, the affidavits in his possession.

FEDERAL TRAIN WRECK STATUTE CASES
ARISING FROM THE LOUISVILLE AND
NASHVILLE RAILROAD STRIKE
LOUISVILLE, KENTUCKY
FEDERAL TRAIN WRECK STATUTE

By memo 5-14-56 we advised DAG Rogers, AAG Olney and AAG Tompkins of information received from USA, Louisville, to effect that he felt that [redacted] defense attorney and former Agent, might have received information concerning these cases through J. Walter Yeagley of Department and [redacted] of Department. As we pointed out to Department our files did not show any specific instances where it appeared certain that information had been obtained from our files and furnished to defense attorneys and it was known that [redacted] had conducted an extensive investigation and would undoubtedly be in possession of much information in this matter developed through this investigation. At the time USA Cook, Louisville, furnished this information to Bureau he said he would also furnish it to Department. b6 b7C

By memo 5-21-56 Mr. Yeagley, who is a former Bureau Agent, pointed out that [redacted] did contact him relative to certain of these cases on 2-21-56 but that [redacted] did not ask him for any information and did not receive information. Yeagley attached a copy of the memorandum which he wrote on that occasion which was to the effect that [redacted] had affidavits from certain witnesses in this case which tended to indicate that some of the perjury indictments were not strongly supported by the evidence. Yeagley stated that he furnished this Memorandum to the Bureau for record purposes and to show clearly that he had not been requested to furnish any information and had definitely not furnished any information to [redacted] b6 b7C

Since Yeagley requested no acknowledgment it does not appear that any acknowledgment is necessary and that the only necessary action insofar as Yeagley is concerned is to put copies of this memorandum in the personnel files of [redacted] and Yeagley. b6 b7C

Since the USA at Louisville advised that he was going to write to the Department in this matter and the Department was so advised, it does not appear necessary for the Bureau to furnish any information in this matter to the USA since this would appear to be a matter to be straightened out by the Department directly with the USA. Information contained in Yeagley's memo relative to the affidavits received from certain witnesses has been furnished to our Louisville Office.

The following is a brief and concise summary of Mr. Yeagley's record for the Director's use.

Mr. Yeagley entered on duty as a Special Agent on 2-2-42, and served in the Baltimore, Milwaukee, Valparaiso, Chile, Albany, and Security Divisions, until resigning on 6-11-48 when he was in Grade CAF-12, \$6144.60 per annum. His performance ratings were excellent.

On 5-14-48 the Director saw him and Yeagley stated it was necessary for him to acquire a larger income and decided to submit his resignation. The Director told him he would be sorry to lose his services and if there was anything he could do to assist him, to feel free to refer any inquiries to the Bureau. On his cease-duty efficiency report Mr. Ladd rated him EXCELLENT and commented he was considered as outstanding in every respect.

On 6-28-48 the Director saw him and noted he was in charge of the security work for the Economic Cooperation Administration and wanted to check with the Bureau cases of former Bureau employees. The Director advised him he was glad to accede to his request.

On 11-14-51 the Director saw Mr. Yeagley who had then been appointed by Mr. Stuart Symington of the Reconstruction Finance Corporation as Associate General Counsel. Mr. Yeagley called to thank the Director for recommending him to Mr. Symington and expressed his desire to be of assistance to the Bureau in his new duties.

On 3-9-53 the Director furnished his name to Senator McCarthy for a supervisory job on the Senator's Committee. On 3-10-53 Mr. Yeagley advised he did not accept the Senator's job inasmuch as this job would not lead him anywhere. On 3-20-53 his name was furnished Mrs. Hobby on her request for a man to help her with the problem of homosexuals allegedly working in Federal Security Agency. He advised he would not take this position since his future would be somewhat in doubt because the position set up would be weak.

On 4-24-53 the Attorney General announced his appointment as First Assistant to Assistant Attorney General Warren Olney, III, head of the Criminal Division of the Department of Justice. Mr. Yeagley's name had been furnished on 3-30-53, along with others, to Olney. By letter dated 4-27-53 the Director congratulated him on his appointment.

On 8-16-54 he advised he was to become First Assistant to Assistant Attorney General Tompkins of the new Internal Security Division. On 9-20-54 it was noted he was designated as the Department of Justice Representative on the Interdepartmental Committee on Internal Security. Information was received on 9-20-54 that he was designated by the President as Chairman of this committee.

Memorandum of 9-23-54 reflected that since employment with the Department his attitude and actions certainly could not be described as helpful or as serving the best interests of the Bureau, when consideration was given to the assistance he had received from the Director and the Bureau in the past.

On 10-10-56 he called and said Assistant Attorney General Tompkins wanted a speech prepared to give before the Former Agents Society at its annual convention in New Orleans within the near future. Tompkins told Yeagley he would like to discuss matters concerning the "gangland era" in the 1930's. He wanted to know if it would be possible to send him some information concerning these cases. Mr. Nichols stated that frankly, it would be advisable to ignore the request inasmuch as it was felt that Yeagley had put the idea in Tompkins mind rather than Tompkins' mentioning it to Yeagley. Yeagley called back on 10-29-56 and stated he was convinced more than ever that Tompkins should talk about a number of old cases. It was recommended that the Bureau turn over to him information on old cases in view of his persistence in this matter. Mr. Tolson stated "I suggest we give him nothing. T." The Director noted "I certainly concur. I am not at all concerned about Yeagley's persistence. H."

On numerous occasions he offered his services to the Bureau, and complimented the Director on various matters.

The Society of Former Special Agents, Membership Directory, June, 1957, reflects that he is the First Assistant in the Internal Security Division, U. S. Department of Justice, Washington, D.C.

**SOCIETY OF FORMER SPECIAL AGENTS
 ANNUAL CONVENTION, NEW ORLEANS, LA.**

William F. Tompkins
 Walt Yeagley of the Department called on 10-10-56 and stated that Assistant Attorney General Tompkins had instructed him to give consideration to preparing a speech that Tompkins wanted to give before the Former Agents Society at its annual convention in New Orleans within the near future. Tompkins told Yeagley that he would like to discuss matters concerning the "gangland era" in the 1930's. Yeagley specifically stated that Tompkins wanted to bring out cases that would be of interest to the former Agents and specifically those cases that were solved by the Bureau during the "rough days."

DeLoach, who talked with Yeagley, told him that admittedly the 1930's represented rough days of the gangland era; however, that the Bureau had always had rough cases to work on. Yeagley stated he realized this but that Tompkins felt that some of the old cases would be of more interest to Agents who had been out of the Bureau some period of time. Yeagley specifically mentioned the Dillinger case. He then wanted to know if it would be possible to send him some information concerning the above-mentioned cases. DeLoach told Yeagley that Yeagley himself had formerly been an Agent and that he undoubtedly was personally aware of FBI jurisdiction and at least some facts concerning cases which occurred in the 1930's but that the matter would be considered. Frankly, it was deemed advisable to ignore Yeagley's request inasmuch as it was felt that Yeagley had put the above-mentioned idea in Tompkins mind rather than Tompkins' mentioning it to Yeagley.

RECORDED - 148
 67-029-284

Yeagley called back on 10-29-56. He referred to his previous conversation on 10-10-56 and stated after thinking the matter over he was convinced more than ever that Tompkins should talk about a number of old cases. DeLoach told him that we would see if something could be dug up in the near future. There is attached a reprint of the Eddie Bentz case which appeared in the American Magazine, July, 1936. There are also attached interesting case write ups on John Dillinger, Pretty Boy Floyd (which includes the Kansas City Massacre and the kidnaping of Charles Urschel). Tompkins, of course, can get considerable material on these cases upon which to base any comment concerning cases in the 1930's. I recommend we turn over the attached material to Yeagley in view of his persistence in this matter.

MEMORANDUM FOR MR. TOLSON
MR. BOARDMAN
MR. BELMONT
MR. NEASE

Yesterday Acting Assistant Attorney General J. Walter Yeagley, of the Internal Security Division of the Department, called to see me. Mr. Yeagley stated that he had wanted to talk with me about his new duties as he did not know how long he would be in the position of Acting Assistant Attorney General but that certainly as long as he was he wanted to work with the Bureau and have a closer and better understanding than had existed under his predecessor, former Assistant Attorney General Tompkins.

I told Mr. Yeagley that I was glad to hear him express himself to this effect as the relationship with former Assistant Attorney General Tompkins had been most unsatisfactory and that as a result of Mr. Tompkins' actions, the Bureau had had to adopt a policy of making no suggestions and having as few contacts as possible with the Internal Security Division except on a strictly official basis. I told Mr. Yeagley that obviously the best results could not be had unless there were mutual understanding and respect on both sides and certainly this had not been accorded to the Bureau by Mr. Tompkins.

Mr. Yeagley assured me that insofar as he was concerned, and also the Internal Security Division under his administration, he would see that the fullest cooperation was extended. I told him that I would give the same assurance as to the attitude of the FBI.

Mr. Yeagley did inform me that the Department had retained Mr. Tompkins to handle the appeal in the Abel case and that Mr. Tompkins also had been made a member of what is known as the Executive Reserve of the Department. Mr. Yeagley added, however, that neither of these designations would in any way affect the work or the policies of the Internal Security Division of the Department under Mr. Yeagley.

The following is a brief and concise summary of Mr. Yeagley's record for the Director's use.

A review of his file reflects that he entered on duty as a Special Agent on 2-2-42 and resigned 6-11-48 inasmuch as it was necessary for him to acquire a larger income and he was rated EXCELLENT on his cease-duty report.

On 6-28-48 the Director saw him and noted he was in charge of the security work for the Economic Cooperation Administration. On 11-14-51 the Director saw him and advised that he had been appointed by Stuart Symington of the Reconstruction Finance Corporation as Associate General Counsel. He thanked the Director for recommending him. On 3-9-53 his name was furnished to Senator McCarthy for a supervisory job on the Senator's Committee. He did not take the job. On 3-20-53 his name was furnished to Mrs. Hobby in connection with the Federal Security Agency. He did not accept the position. On 4-24-53 he was appointed as First Assistant to Assistant Attorney General Warren Olney, III. On 8-16-54 he became First Assistant to Assistant Attorney General Tompkins of the new Internal Security Division. On 9-20-54 he was designated as the Department of Justice Representative on the Interdepartmental Committee on Internal Security. Information was received that he was designated by the President as Chairman of that committee.

Memorandum of 9-23-54 reflected that since his employment with the Department his attitude and actions certainly could not be described as helpful or as serving the best interests of the Bureau, when consideration was given to the assistance he had received from the Director and the Bureau in the past.

On 10-10-56 he called and said that Assistant Attorney General Tompkins wanted a speech prepared to give before the Former Agents Society at its annual convention in New Orleans within the near future. He wanted to know if it would be possible to send him some information concerning those cases. It was recommended that the Bureau turn over to him information on old cases in view of his persistence in that matter. Mr. Tolson noted "I suggest we give him nothing." The Director noted "I concur. I am not at all concerned about Yeagley's persistence."

Dear Mr. Hoover:

I want to express my deep appreciation for the excellent assistance and cooperation your Bureau afforded this Division and Department lawyers in regard to the recent prosecution of the Communist Party. The trial necessitated the production of nearly three thousand Jencks type statements. The staff and Special Agent supervisors in the Domestic Intelligence Division were always available to help and handle any special requests. I would single out for special commendation in this respect, Inspector Joseph A. Sizoo, Mr. Fred J. Baumgardner and Special Agent Edward B. Reddy who were always most helpful.

We are all quite mindful that only the Bureau's excellent informant coverage could have made this retrial possible and I am pleased to report that the high caliber of the witnesses produced by the Bureau obviously impressed the jurors.

REC-143

In this connection, I would like to mention particularly, Special Agent Aubrey Lewis who testified in corroboration of witness [redacted] His demeanor as a witness was superb; his answers brief and responsive. There can be no doubt that he carried great weight with the jury. Defense counsel were afraid to cross examine him.

SUBJECT: JOHN WALTER YEAGLEY
DEPARTMENTAL APPLICANT
JUDGE
D. C. COURT OF APPEALS

Investigation of John Walter Yeagley, who is being considered for Judge, D. C. Court of Appeals, completed.

Yeagley, aged 61, practiced law in South Bend, Indiana, from 1934 to 1942 after obtaining A.B. and LL.B. degrees from University of Michigan. He was a Special Agent of the FBI from 2/2/42 until 6/11/48 when he voluntarily resigned. In 1948 and 1949 he was with the Economic Cooperation Administration (ECA) and upon leaving 11/25/49 he was Director, Security and Investigations Division, ECA. Thereafter, he worked for the Reconstruction Finance Corporation becoming Associate General Counsel until joining the Department of Justice in April, 1953, as First Assistant to Warren Olney III, head of the Criminal Division. He was recommended for this position by the Director. Since April, 1958, Yeagley has been Assistant Attorney General of the Internal Security Division of the Department.

During the investigation Yeagley was recommended by all persons interviewed in the Department including Deputy Attorney General Kleindienst, Solicitor General Griswold, Assistant Attorneys General Rehnquist, Office of Legal Council, Leonard, Civil Rights Division, McK. Walters, Tax Division, and Pellerzi, Administrative Division. He was also recommended by all judges who knew him, including Chief Justice Warren Earl Burger and Justice Byron R. White. Judges E. A. Tamm, David L. Bazelon, and Edward M. Curran, among others, stated they did not know him although Judge Tamm stated Yeagley had a "top flight" reputation among lawyers as well as former and present Special Agents of the FBI.

Senator James O. Eastland (D-Miss.) stated he knows Yeagley enjoys an excellent reputation and he would interpose no objection. Senator Joseph D. Tydings (D-Md.) Chairman, Committee

on the District of Columbia, stated that he has been advised that Yeagley does not possess sufficient judicial temperament, demeanor, or experience in the law to enable him to discharge the judicial functions of a judge under the so-called "Court Reorganization Legislation" recently sponsored by Senator Tydings and enacted into law by the Congress. Senator Tydings stated that he knows of no unfavorable information concerning Yeagley but is unable to furnish any recommendation in Yeagley's behalf.

District of Columbia officials and civil rights leaders who knew Yeagley recommended him except for [redacted] of the D. C. Democratic Central Committee. [redacted] felt that Yeagley's only shortcoming was not being an excellent technical attorney. He stated, however, that because of his limited contact with Yeagley since 1958, it would be unfair to comment further but that [redacted] and [redacted] both in the Criminal Division of the Department, would be better qualified to comment (both [redacted] and [redacted] were interviewed and recommended Yeagley).

Dear Mr. [REDACTED]

Thanks for the explanation and detail in your letter of June 2nd. I have some problems with the information that was provided to you regarding my service in the executive branch of the federal government.

Although it is surprising to me that I was listed as on LWOP from 4/1/43 to 10/25/44, it becomes understandable upon recalling that this was the period in my F.B.I. employment when I was serving (full time) under cover and assigned to the Latin American operation called S.I.S. For secrecy and security reasons we were removed from the official F.B.I. payroll and carried on some sort of a separate payroll. This may explain the discrepancy in your figure for my total federal employment of 27 years, 1 month and 21 days, and the figure the Civil Service Commission provided me by letter (enclosed) of 2/9/71 of 28 years, 7 months.

My continued full time employment throughout that period is somewhat corroborated by the enclosed copy of my Employee Record Card which shows the LWOP as of 4/1/43, but also shows a promotion in the middle of that period on 6/1/44, which could only be credited by virtue of continuous service. So far I can locate no other records of my own, but there are several former F.B.I. agents who can attest to my employment during that period and the Bureau must have maintained separate records on this that should still be in existence.

The LWOP of 8/13/45 must be an error. As I recall, that was the date I was transferred from the Albany Field Office to headquarters and I took either one or two weeks leave. The Bureau never approved LWOP to my knowledge.

The listing of my employment at the bottom of page one of your letter of 6/2/77 is partly in error. During that period, 6/28/48 to 4/16/53, I was not at the Department of Justice. I was at the Economic Cooperation Administration (M.S.A.) to 11/25/51 and at RFC to 4/16/53. I believe

Dear Mr. [REDACTED]

Reference is made to your letter of October 11, 1977, concerning retirement deductions withheld from the salary of J. Walter Yeagley while he was on confidential assignment.

Due to the confidential nature of his assignment, no deductions for retirement purposes were made during the periods April 1, 1943, through October 25, 1944, and August 13, 1945, through June 30, 1946. It is noted that the Individual Retirement Record Card (SF-2806) bears the notation "no ded. 4/1/43 - 10/25/44." A similar notation should have been made for the latter period of service.

Sincerely yours,

Richard E. Long

Mr. Richard E. Long
Assistant Director
Finance and Personnel
U. S. Department of Justice
Federal Bureau of Investigation
Washington, D. C. 20535

Dear Sir:

This refers to your letter of September 1, 1977. We thank you for the information previously submitted on Judge J. Walter Yeagley's pay status while he was on special assignment.

However in order to determine credibility of the special assignment service for Judge Yeagley without cost to him, we need to know if Civil Service retirement deductions were withheld and reported to the U. S. Civil Service Commission.

The photocopies of SF-2806 "Individual Retirement Records" received from the Civil Service Commission does not indicate that deductions were made for the period April 1, 1943 through October 25, 1944. It is not clear if retirement deductions were made for the period August 13, 1945 through June 30, 1946. Please confirm if deductions were made for the above periods of service.

We would appreciate this information as soon as possible, in order that a tentative computation of retirement credit using this service may be made for Judge Yeagley.

If we can ever be of assistance to you in the future, please do not hesitate to contact this office.

Sincerely yours,

Chief, Pay and Retirement

Gentlemen:

The Socialist Workers Party (SWP), its youth group, and several of its members filed suit for damages and injunctive relief in 1973. Damages were sought from three Special Agents, the FBI, and others. It is a pleasure to notify you that the individual liability of the three Special Agents - Arthur Greene, and John Malone - was resolved when the claims against them were dismissed at the beginning of the trial.

The trial began in early April and the presentation of evidence concluded at the end of June. A decision is not expected until the end of this year and you will be notified when it is received.

Judge Webster was required to remove himself from any involvement in the case as Director because he was a member of a three-judge panel which had ruled on an earlier appeal in the same case. The litigation became my responsibility, and, with necessary assistance from several Divisions, a task force was formed in September, 1980, which included one former Special Agent.

John P. Thomas, who retired from the Intelligence Division a few months before the task force was formed, became a key member of it. His knowledge of Bureau policy, practices, and personnel was invaluable to the rest of the Bureau team.

and to the other Government attorneys. Many of you recall John as a dedicated and tireless employee. Retirement did not change him. The FBI is certainly indebted to him for his efforts.

Many other former Special Agents were involved in trial preparation, including:

As the plaintiffs' case progressed into and through its second month, it became obvious that several of the FBI's witnesses were no longer required. The time and effort of those willing and prepared to serve is nevertheless appreciated.

Society of Former Special Agents of the
Federal Bureau of Investigation, Inc.

Joseph Sizoo, Norman McCabe and Arthur Greene testified primarily about surreptitious entries. On the day they testified, a veteran court observer told one of the FBI attorneys: "You should have kept them till last; they're awfully good witnesses." He was equally complimentary after the testimony of all the former Special Agents.

Ray Wannall testified as a former Assistant Director of the Intelligence Division about the Bureau's authority and use of various investigative techniques, particularly COINTELPRO. In his concluding statement, the trial judge specifically mentioned the COINTELPRO presentation as one which was: "developed in really a very sophisticated way with a great sense of the nuances, the subtleties that are involved in these very complicated legal matters." Ray Wannall spent a great deal of time on behalf of the FBI both on and off the witness stand and deserves special recognition.

[redacted] was called as a witness by the SWP. Although it was more than fifteen years since [redacted] served as Case Agent for the investigation, his memory was so keen and the reasonableness of his actions so apparent that his testimony served more to buttress our case than to weaken it, even though he was testifying as plaintiffs' witness. George agreed to return during the Government's case and was equally effective. b6 b7C

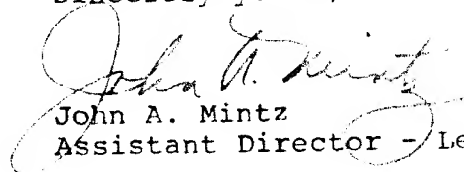

The testimony of [redacted] also went a long way toward establishing the propriety which has always characterized the manner in which we have handled informants.

This letter would be incomplete without mention of a "non-Bureau" witness. Former Attorney General Herbert Brownell testified unequivocally that officials outside the FBI were aware of surreptitious entries during his years as Attorney General and that they were authorized.

Society of Former Special Agents of the
Federal Bureau of Investigation, Inc.

The testimony of those involved in events being litigated is required for the successful defense of this type of civil action. Most of the events being questioned in the SWP and similar civil actions happened several years ago and it undoubtedly will be necessary to again call upon your membership for assistance. With your continued cooperation, the likelihood that the FBI will prevail is greatly increased. The men and women of the FBI recognize and appreciate the efforts of the members of your organization who helped in this lawsuit.

Sincerely yours,
